Lengthening-The days. The balmy days of Spring are rapidly approaching.

-A protracted meeting began in the Methodist E. Church in Shirleysburg on Thursday evening the 5th, in charge of Rev. C. Graham.

-The demand for substitutes in this place is on the increase, as the period for the draft draws closer. High pri ces are paid to the gentlemen who touder their services.

-During the past week, the pedestrians of this place walked on "slip pery places." We heard, however, of no bones being broken by the fall.

Consting-The lads of this borough enjoyed to the utmost the use of their sleds in coasting the bill-sides, and ma king sidewalks still more slippery.

-The quota of this Congressional District, is 2,319. For this District to raise over two regiments of able bodied men these times is a very "big thing." At least so it appears, from the way the quota is being filled. We have not and patriotism of the Sanitary Comascertained how many of the "precious | mission and Christian Commission, in few" have volunteered from this county, their united efforts to benefit the arbut we expect to have the onerous my in their temporal and spiritual duty of publishing who are drafted.

Returned .- The two youthful individuals, who thought journeying together was something grand, have return ed, we are pleased to state, under, the roof of their respective homes. Their short lived. Perhaps they have learn ed through experience what common sense would have dictated.

-The season for shooting deer expired on the first inst. Any person guilty of killing deer after that date is subject to a heavy penalty. The unusual number in this region may be a temptation few will resist. We would cantion huntamen to beware.

-We again take pleasure in referring our lady readers to the article headed "Local Correspondence," in to-day's issue. Such a subject as discussed by the writer merits the attention and interest of our people. -Our ice-dealers took advantage of

the recent cold weather, and have stowed away for summer use a goodly quantity of ice, somewhat to the disclaimed liberty to the people." The comfiture of the skaters. -The long line of "devil's pickets," as they are called, who form from the Methodist Church door, of this place, appears to make no diminution in strongth or numbers. We would advise the young men who have formed this impolite habit, if they cannot resist the temptation of standing about the church-door, to quickly take unto themselves wives. We think this would, to a great extent, remedy the augmenting evil.

FIRE.-Saturday night, Dec. 24th, about 8 o'clock, a fire occurred in the village of Marklesburg, this county, in the public house occupied by Wm Johnston. It is thought that the fire was communicated to a bed in a room on the second story, from a stove-pipe, which was red hot at the time. After a time of almost fruitless effort, it was extinguished without very serious damage to the building. The bed and a lot of clothing hanging on the wall, were consumed, however.

Now Musical Instruments. A new stock of musical instruments have just been received at Lewis' Book Store. Violins from \$3 to \$50,-Guitars from \$12 to \$35; Banjos \$8 and \$9 50; Accordeons \$6 to \$15; Fifes, Bows, Strings, Rosin, Tail Boards, Bridges, Mouth Organs, and Jews Harps.

Thanks to those of our friends who promptly responded to our call during the past two weeks. There is still room for more to call. Very unexpectedly we entered upon our list during last week quite a large number of new subscribers at \$2 in advance. more of the same kind.

For The best thing for a burn is the following, and every family ought to know it . "As soon as possible after the burn, throw a little green tea into hot water; let it steep. Stir up an leaves on the poultice, put it on the burn or scald, whichever it may be .-If burnt with powder, it will take it out and the skin will be as clear as ever."

Mill Burned. A correspondent informs us that on Tuesday, the 3d inst., the grist mill belonging to Henry Lightner, near Mooresville, in West Township, this County, was totally destroyed by fire, together with about one thousand bushels of wheat and a large quantity of floar, which were in the mill. The fireoriginated in the room, while the millers were at dinner. There was a lot of cooper's stuff pilled around the stove. The mill was a very large one, and its destruction is a great loss to the community.—Shirleysburg Herald.

Rev. Mr. Parko's Address. We have been very much edified and instructed by the lucid expose of the benefits arising from the action interests. The Rev. Mr. Parke has been for a long time in the front and knows well the benefits that have been conterred by the action of these several commissions. And if all who heard him at the Court House on Monday romantic dreams, so far realized, were evening, the 9th, were actuated by true patriotism, his address was calculated to stimulate further action for this laudable and patriotic enterprise On motion of John Williamson a vote of thanks was unanimously tendered to the Rev. Mr. Parke for his address.

A Notable Violin. Relies of bygone importance are still highly valued by the people of the present day, and these relies are frequently sought after, and obtained at the highest price. At Lewis' Book Store has just been received a violin from the store of Mr. John Marsh, Philadelphia, which is made of very old and uncomely wood, the top be ing a piece of spruce pine which supported the "old bell" which was in Independence Hall, and first "proprice of the violin is only fifty dollars, which is exceedingly cheap, consid-Flitting-The Board of Enrollment | from it. We give Mr. Marsh's own place entire faith in it.

A Desperate Man. A Prussian named Gustav Ferdinand, or Gustav Adolph Voigtman, of Berlin Hamburg Railroad company The biggest and best thing on ice is for 14,648 thalers (equal to about 10,-000 dollars in our gold) was arrested in Chicago last Friday after having lived in this country about two years. While on his way to New York in custody of Government officers, he jumped from the four o'clock fast train about three miles below this place on Sunday morning, while it was under full headway. He was re-arrested here on Sunday, and placed in charge of Sheriff Johnston, and on Monday was taken on to New York. In his leap from the train he was severely injured on one side of the head and one foot was badly cut, he having left his

L Queer Case.

In our own town and vicinity, a vory commendable spirit of this kind was showed. All of our churches, we believe, romembered their Pastors .--The Methodist people paid a visit to their Parsonage, and left a very flattering token of their regard. The Pastor of the Baptist congregation received a similar call. The Presbyterian Pastor and family shared in a ike handsome manner. And the Rev. Mr. Reid of the German Reformed Church informs us that his people and friends, both in town and country, very kindly sent him liberal Christmas and New Year gifts Some friends in this place, unknown to him, showed their liberality in the shape of a number of "Greenbacks,' while others did the same in gifts well suited to the uses of his family. His congregation of McConnelstown brought him a large donation of all such things as the taste can relish, and the person wear We shall try to make room for a few | He would hereby not only acknowledge these acts of kindness, but also express his sincero thanks for the

Spread the tea and has been noticed in a few of our exchanges, but being unable to obtain satisfaction as to the reality of the case we refrained from publishing anything in relation to it. Having recently, however, received a history of the case, with the names of the parties, from a reliable source, we give it a place. It appears that with one of the companies organized in this place, (for the nine months service,) in the summer of 1862, went a man who left a wife and small family. On the bloody field of Antietam he fell, was buried, and his wife afterwards had his body disinterred; brought-lumn and re-interred in the soldiers' lot in the Cometery. A year afterwards she married again, and in due time a child was born, the fruit of the second marriage. When the call for 500,000 was being filled up, last fall, the second husband enlisted and is now in the army. A short time since, the first husband returned, alive and well, havng been taken prisoner at Antietam nstead of being killed He has been held by the Robels until the late exchange at Savannah. Or course the parties are in a queer fix; but all will agree that the soldier who was once killed, twice buried, starved two years in Rebel prisons, and yet came home alive, is certainly entitled to his wife.
