County Committee Meeting.

A meeting of the County Committee of the Union Party of Huntingdon county, will be held in the borough of Huntingdon.

On Saturday, the 1st of July, 1865, For the purpose of appointing Delegates to the State Convention, and transacting other business. A full attendance is requested.

Table with 2 columns: Name and Address. Includes names like Alexander, J. H. Kenely, Morris, Abraham Harsh, etc.

We suggest Huntingdon as the place, and July the 5th as the time for the meeting of the Conference.

Scratchings.

—Preaching in the German Reformed Church on next Sabbath evening.

—Our young friend John Stratton has our thanks for a liberal share of picnic cake.

—Mrs. Amos Koplin, of Porter township, will please accept our thanks for a handsome bouquet of choice flowers.

—Cherries, sweet, sour, black and ruby, are now brought to town and sold at eight and ten cents a quart.

—The Commissioner of Internal Revenue decides that money received by life insurance policies is not by law either legacy or income, consequently not subject to tax.

—Mr. Read, the new Postmaster at this place has fitted up in his drug store a neat and convenient depository for letters. The store is situated in a convenient locality.

—The hardware firm of Messrs. Wharton & Maguire have occupied their store on Railroad street. It is a tastefully decorated, commodious and convenient establishment.

—Wm. Hamilton and James Hight will accept our thanks for copies of the Chattanooga Daily Gazette, of June 10th, giving a graphic description of the destructive fire at that place on the 9th.

—The sum of \$1000 was unintentionally thrown out of the cars of a westward train last week, at some point between Mount Union and Petersburg. The finder will be rewarded with \$150.

—The Masons connected with the lodge at this place, and their families, will hold a grand picnic at Barree Forge on Saturday next, the 24th inst. A special train of cars has been secured for the occasion.

—The coming Fourth of July is to be celebrated at Coalport on the B. T. Railroad, by the dedication of the new Old Fellows Hall. Preparations are being made for a large gathering, and a good time is expected.

—The sermon upon Temperance preached by Rev. G. W. Zahnizer on Sunday evening last, was listened to with an appreciative audience, as the remarks were edifying. We look for its publication.

—Those desiring to insure their lives in the North American Transit Insurance Company, of Philadelphia, will call upon our obliging friend Wm. H. DeArmit, agent, at the Railroad station. We recommend the company.

—Michael Hason has retired from the Democrat & Sentinel of Ebensburg, and Clark Wilson has succeeded him. We have received a copy of the paper, and are glad to see the appearance of this exchange improved, but dislike the spongy sentiments.

—A fence has been erected around a lot in West Huntingdon, which to us indicates that something in the way of building is soon to be commenced there. Subscribers were collected last week to assist in the erection of the Baptist parsonage on that lot.

—We need buildings badly, and there is the place to build.

—The notice published and widely circulated that there would be a sale of serviceable Government mules at this place on Thursday last, had the desired effect of bringing a large number of people; but the day passed and no mules arrived. The inquiry was, who "sold" the people? Uncle Sam or the printer? Reference to another item in to-day's column which states it was impossible to get the mules here in time will clear the difficulty.

We hope, however, to see the mules here at an early day. They will sell.

New Musical Instruments. A new stock of musical instruments have just been received at Lewis' Book Store. Violins from \$3 to \$50.

Guitars from \$12 to \$35; Banjos \$8 to \$9; Accordions \$6 to \$15; Pipes, Bows, Strings, Rosin, Tail Boards, Bridges, Mouth Organs, and Jews Harps.

Turned Up.

Two uncouth individuals came into town on Thursday last, one on a large bay horse, the other on a grey mule. While riding through town the mule ridden by the youngest was discovered to be the one belonging to Mr. Robert Cunningham of this place, and which had strayed or been stolen some months ago.

Mr. C. immediately upon seeing the animal claimed it, and had it taken to the stable attached to the Jackson House. Here the man came after it, and demanding admission to the mule, his request was granted, and he and the animal were locked in together.

He made earnest requests to be let out, but these entreaties were not as readily granted as the one to get in. Finally his determination actuated him to burst open the stable door, and out he came, pulling the mule by the bridle.

Jumping upon it, he was about to leave, when he and the animal were backed into the stable, where a scuffle ensued between the accused party and another man, in which the former was roughly handled and dragged out of the stable. The man left the mule to his fate, but declared positively he had bought the mule for \$200, and plead that he was an honest man.

All that saw the mule and knew it declared it was the property of Mr. Cunningham and were prepared to prove it. The last we saw of the two individuals they were going out of town in the direction of Walker township, both seated on the back of the bay horse above referred to, the younger holding tight to the body of the older, and each talking earnestly about their mishap.

General Grant in Town.

The fact of the railroad passing through our town gives us advantages that other towns not so situated do not possess. On Wednesday last a despatch was received stating that Gen. Grant was passing through. This had the effect of collecting a large crowd at the depot, and upon the arrival of the train the General was saluted by a large crowd of eager spectators.

The General was, as usual, not in the least anxious to make himself conspicuous, and it was not until requested that he stood up and showed his proportions to the people. Three rousing cheers were given to which the General responded with a bow; a speech was not generally expected from him, as his disposition in that particular is well known.

The appearance and manner of the General made a favorable impression upon our people, and the information often repeated that there was no affectation about him was fully confirmed. He was dressed in plain civilian's clothes, smoking a cigar, as usual, and it was not until he rose that many of our people could recognize him.

The company traveling with the Lieut. General, consists of the following: Mrs. Grant, Col. Parker, (a famous Indian warrior, chief of seven Western tribes of Indians, and chief, also, of scouts on Gen. Grant's staff), Col. Bowers, Col. Babcock and Mr. Beckwith.

The General received a grand ovation at Altoona and Harrisburg, and he will receive the honors of the people wherever he goes.

The Boys are Home.

We had the pleasure of taking by the hand last week the following gallant troopers, who have been honorably discharged from service: George H. Nash, George Zeigler, Charles Campbell, Wm. Keister, Wm. Westbrook, Bennett Willoughby and Robt. Rahm.

These boys have been attached to the 19th Penna. Cavalry for some months past, and were discharged the 1st of June at New Orleans. Sixty-three others belonging to the same regiment, and one year men whose term of service would expire before October next, were also discharged. The above named soldiers are all residents of this place. They look gay and hearty, and though they experienced none of the hardships of fighting, other hardships were just as trying.

One of the number, Henry Willoughby, who was a resident of the same place, and who enlisted with them fell a victim to disease at New Orleans. He was the only one of their number who died. The "boys" give a favorable report of the condition of the Mississippi territory through which they passed, but state that the climate is very hot.

Sale of Horses Postponed.

We have received notice from the Quartermaster General's Office that the sale of mules which was advertised to be held in this place on Thursday last has been postponed indefinitely. It was impossible to get the mules here in time, therefore the postponement.

The Grand Lodge of Good Templars, of Pennsylvania, held its annual session at Lewistown, on Wednesday last in pursuance of notice. The session closed on Friday evening. There was a good attendance of delegates and visitors from subordinate lodges. The next meeting is to be held in Philadelphia.

A public county meeting was held in Lewistown on Monday evening last for the purpose of making arrangements to celebrate the coming anniversary of independence and to honor the returned soldiers in such manner as may be deemed most appropriate. The call was made by the Chief Burgess of the borough.

All honor give to our returning braves.

Destructive Fire in Newton Hamilton.

About half past 11 o'clock on Friday night last, the slumbering citizens of Newton Hamilton, were aroused by the cry of fire, when it was discovered that Heister's Steam Mill was in flames. Before any check could be given the fire communicated to the buildings on either side of the Mill, and before long the large warehouse and store room belonging to the heirs of Jefferson Decker were in ashes. On the west stood a long building known as the Arcade, which also fell a prey to the devouring element, in which five families resided above, and containing four or five stories and shops below. The dwelling house between the arcade and the mammoth store was pulled down, which formed a gap, thereby checking the flames. The store, owned by Samuel W. Norton was somewhat damaged; and the dwellings on the opposite side of the street were scorched. Heister's Mill contained about 1500 bushels of grain and a large amount of flour, all of which was consumed.

Since the above was in type we learn from a letter from Wm. Brothers to Col. Wm. Butler of this place the following particulars: 'The mill and fixtures were worth about \$6,000, and the grain consumed about \$2,000, \$4,500 of which was covered by insurance. Mr. Brothers had in the building about 1600 bushels of grain.—Most of the goods in the saddle shop of Mr. Cummings were saved, but \$135 in money lost. Several houses on the opposite side of the street were on fire, but the flames were subdued through the exertion of the citizens. We suppose the whole loss to be \$16,000, more or less.—Lewistown Gazette.

Items about Home.

A sale of condemned Government horses is to take place at Millin, Pa. on Thursday, June 22d, 1865.

Three entertainments were given by the Howard Dramatic Troupe at Ebensburg. The Alleghanian pronounced it a humbug.

A fine Bay Horse was stolen from the pasture field of Robert C. Gallagher at Millin on the night of the 8th. A Reward of \$100 is offered for the recovery of the horse and capture of the thief.

A little daughter of Thomas Dodson, of Altoona, aged about five or six years, was burned to death last week by her clothes taken fire from a match which she lighted.

Every town is determined to have some demonstration on the 4th, and preparations for a "grand time" are already being made. Look out, old Huntingdon, or you may be in the lurch! It is high time we were doing something.

An accident occurred on the Pennsylvania Railroad, near Summerhill, Cambria county, on Friday morning last, by which considerable injury was done to life and limb. In consequence of a rubber bar loosening and falling under a wheel, four cars of a troop train were thrown from the track and dashed to pieces. One man was killed outright, and nine or ten others more or less injured. They were all members of the 30th Iowa regiment.

Wendell Meyers, a farmer in Croyle township, Cambria county, was almost instantly killed on Monday the 20th ult., while engaged in hauling lumber to the village of Summerhill. His horse took fright from the noise of a locomotive, and he was precipitated under the wheels of the wagon, which so cut and mangled his head as to cause his death the same day.

Says the Juniata Sentinel of last week,—"A sad accident" occurred last Saturday near "Stein's Mill" in Fernmanagh Township resulting in the death of a child of David Diven of Walker township, aged 8 months and 6 days. Mrs. Diven and child, and Mrs. Fronk were on the way to a religious meeting being held, near by, by the "River Brethren." They were driving a quiet, trusty horse, that was never known to scare, but as they were at the place above named, a terrible crash of thunder, striking a tree near by, frightened the horse and so confounded them that they are unconscious of what followed. They were next found on the road, the carriage was found having run against a tree and was found very much broken and being upside down, the horse run some distance beyond. Both the women were somewhat injured, but not seriously. The child it is supposed struck a stone and died in a short time. It was buried on Monday and owing to the peculiar circumstances of its death, was attended by a large concourse of people.

Lots in Great Demand.

The valuable building lots in West Huntingdon are eagerly sought for and readily purchased—twenty-five having been sold within the last two weeks. Yesterday morning three were sold before breakfast by Wm. Dorris, jr., agent for the sale of the lands. We have no doubt that the enterprising purchasers intend building on the lots as soon as practicable. Mr. Dorris will continue to sell lots in West Huntingdon. Those desiring to purchase should call immediately.

REVENUE DEBTORS.—The Commissioner of Internal Revenue has made a decision that "where a person engaged in the purchase and sale of stocks, and a company, the stock of which he has purchased, becomes insolvent, so that the stock is worthless, the amount of the purchase money may be allowed as a deduction: But it must be shown to the satisfaction of the assessor that such stock is not and never will be of any value. The loss may be deducted from profits derived from stocks, but not from gains in business, salaries, rents, interest, &c.

IMPORTANT TO SOLDIERS.—All the honorably discharged soldiers have been granted the privilege of retaining their arms at the following low rates: Muskets of all kinds, with or without accoutrements, \$8; Spencer carbines, with or without accoutrements, \$10; all other carbines and revolvers \$8; sabres and swords, with or without belts, \$3.

CURE FOR THE BITE OF A MAD DOG.—Take immediately warm vinegar or tepid water, and wash the wound very clean; then dry it, and pour upon the wound a few drops of muriatic acid, and its evil is neutralized. An exchange say the above remedy applied in time never fails.

SPECIAL NOTICE.

TO THE LADIES.—Do you really intend to cease wearing the beautiful styles now so prevalent, or dress less elegantly, because the rebel Jax is, we suppose, at Lewistown? One moment's calm reflection will surely cause you to change your mind. The angels had too much good sense to lay aside their pure chaste robes of white, because they had for a time served to hide the deformities of that Prince of Devils, the Devil. Can you see in following the example of Angels? Then having made up your minds that you will continue to dress tastefully regardless of rebuffs, do not forget to call at the store of the Ambler, who will be happy all times to furnish you with such articles of dress as you may desire. Urge your fathers, husbands, brothers, neighbors and children to visit the same store. They can here be suited in good articles of Dressing Material, Hats, Caps, Queensware and a general assortment of Groceries, on as reasonable terms as at any Town in town. Two bad cases of Piles cured by Dr. Strickland's Pile Remedy. Mr. Glass of Jamesville, Wisconsin, writes for the benefit of all who suffer with the Piles, that he has been troubled for eight years with an aggravated case of Piles, and his brother was discharged from the army as incurable, (he being quite paralyzed with the Piles.)—Both these distressing cases were cured with one bottle of Dr. Strickland's Pile Remedy. The recommendation of these gentlemen, besides the daily testimonials received by Dr. Strickland, ought to convince those suffering that the most aggravated chronic case of Piles are cured by Dr. Strickland's Pile Remedy. It is sold by Druggists everywhere.

U. S. 7-30 LOAN.

THIRD SERIES, \$230,000,000.

By authority of the Secretary of the Treasury, the undersigned, the General Subscription Agent for the sale of United States Securities, offers to the public this third series of Treasury Notes, bearing seven and three-tenths per cent. interest per annum, known as the 7-30 LOAN.

These notes are issued under date of July 15, 1865, and are payable three years from that date in currency, or are convertible at the option of the holder into U. S. 5-20 SIX PER CENT. GOLD BEARING BONDS.

These Bonds are new worth a handsome premium, and are exempt, as are all the Government Bonds, from State County, and Municipal taxation, which adds from one to three per cent. premium to their value, according to the date let on under other property. The interest is payable semi-annually by coupons attached to each note, which may be cut off and sold to any bank or banker.

The interest at 7.30 per cent. amounts to One cent per day on a \$50 note. Two cents " " 100 " Ten " " 500 " 20 " " 1000 " 81 " " 85000 "

Notes of all the denominations named will be promptly furnished upon receipt of subscriptions.

The Notes of the Third Series are precisely similar in form and privileges to the Seven-Thirties already sold, except that the Government reserves to itself the option of paying interest in gold coin at 6 per cent, instead of 7.30 in currency. Subscribers will deduct the interest in currency up to July 15th, at the time when they subscribe.

The delivery of the notes of this third series of the Seventies will commence the 1st of June, and will be made promptly and continuously after that date. The slight change made in the conditions of this THIRD SERIES affects only the matter of interest. The payment in gold, if made, will be equivalent to the currency interest of the higher rate.

The return to specie payments, in the event of which only will the option to pay interest in Gold be availed of, would reduce and equalize prices that purchases made with six per cent. in gold, would be fully equal to those made with seven and three-tenths per cent. in currency. This is

THE ONLY LOAN IN MARKET

Now offered by the Government, and its superior advantages make it the Great Popular Loan of the People

Less than \$230,000,000 of the Loan authorized by the last Congress are now on the market. This amount, at the rate at which it is being absorbed, will all be subscribed for within sixty days, when the notes will undoubtedly command a premium; and has uniformly been the case on closing the subscription to other Loans.

In order that citizens of every town and section of the country may be afforded facilities for taking the loan the National Bank, State Bank, and Private Bankers, throughout the country, have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.
