Agricultural Society.

The Huntingdon county Agricultural Society met, pursuant to previous announcement, in the Court House on Tuesday evening last. President G. Miller in the chair.

A resolution to the effect that the association hold an agricultural exhibition during the coming fall, was offered and unanimously adopted.

On motion it was resolved that said Fair be held on the 4th, 5th and 6th days of October next.

On motion a committee of five be appointed by the chair for the purpose of selecting the place of holding the fair, and making necessary arrangements.

The Society then proceeded to select three delegates as electors of trustees, at the annual meeting for this purpose to be held at the Penna. Agricultural College on the first Wednesday and 6th day of September next.

Delegates. Alternates. Gen S Miles Green, Dr. H Orlandy, J Sewell Stewart, John Scott, Joshua Greenland, George Jackson.

The following gentlemen were appointed Committee of Arrangements, as above: Jacob Miller, Wm Dorris, John Flenner, Alex Port, and Wm Williams.

G. MILLER, Pres't. R. McDIVITT, Sec'y.

The Wrong Name.

The article we copied from the Altoona Tribune in last week's paper, gave the wrong name of the girl referred to, and unintentionally caused grief. It should have been Rachel instead of Mary Lee.

Agricultural Fair.

It was decided at the meeting of the Agricultural Society on Tuesday last, that a fair be held for this county on Wednesday, Thursday and Friday, the 4th, 5th and 6th of October next. We are glad that our farmers, manufacturers, and others, will have another opportunity to exhibit their productions, manufacturers, &c., at one of those time honored institutions. The last Fair in this county was held in the fall of 1860, thus making a lapse of five years.

An inducement for townships and boroughs to subscribe liberally in money to this laudable object is, that the one which raises the largest amount of money shall have the privilege of selecting the place where the fair shall be held. Let there be no hesitation in commencing this work, but begin forthwith.

Good Templars.

The representatives of the different lodges of this order throughout this district met, in pursuance of announcement, in this place on Thursday last. The convention was held in the Methodist Church, morning and afternoon. There were a goodly number present at both sessions, and the business was conducted harmoniously and satisfactorily.

In the evening a public temperance meeting was held in the M. R. Church, which was addressed by Mr. Stratford, of Lewistown, in some lengthy but forcible remarks.

The next District convention of the order will be held in Lock Haven, on the second Thursday of November next.

For the Children.

We were highly pleased to receive from the West a collection that we know would also please the children. It is a collection of the brightest and most attractive gems and ornaments that we have ever seen gathered together for the amusement and instruction of the children. All who wish to receive a monthly collection of such jewels should subscribe for "The Little Corporal," printed at Chicago, Illinois, by Alfred L. Sewell. Terms, One Dollar a year, in advance. Besides a beautiful engraving, entitled the "Child's Portrait of Abraham Lincoln," will be given as a premium to each subscriber. Parents, get your children something useful and entertaining.

Receives Notoriety.

A correspondent of the New York Herald, speaking of the Pennsylvania Equal Rights State Convention of colored men, held at Harrisburg, August 9th, gives the names of some of the distinguished men there present. We find the following, concerning John G. Chaplin, of this place, and well known as an artist-barber:

"John G. Chaplin, the artist, of Huntingdon, who has travelled extensively in European countries to perfect his profession, is here. His eccentricities, coupled with his exquisite elegance of manner, have rendered him an object of much speculation among his mystified brethren. He has executed several handsome paintings, to the credit of himself and race. He is one of those who attract but little attention in the convention, but is a worker who casts his bread upon the waters, which is seen and gathered after many days."

Bugs.

Housekeepers who are not desirous of being carried off by the world by bugs, will be glad to learn that they can not stand hot alum water. Take two pounds of alum, bruise it, reduce it to powder; dissolve it in three quarts of water, let it remain in a warm place till the alum is dissolved. The alum water is to be applied by means of a brush to every joint and crevice in the floor. Whitewash the ceiling, putting in plenty of alum, and there will be an end to their dropping down.

The Jackson House.

This popular House has undergone another change in proprietors. Col. Morrison has disposed of it to Mr. Henry Smith, whose card will be found in today's number. The ex-proprietor has done much to establish the reputation of this Hotel, and we wish the incoming landlord as much success in making it exceedingly popular.

Squatter Law.

As there appears to be some misapprehension in regard to the time when grey squirrels are legally "shootable," we would state, for the benefit of all concerned, that the act of April 2, 1862, fixes this time from the 1st of September to the last day of December. The law inflicts a penalty of five dollars for killing them at any other time.

Disgraceful.

A friend wishes us to notice the nightly disorderly conduct that takes place on Railroad street. Disturbers of the peace and quiet rest under the double danger of losing their reputation and being locked within the confines of the jail. A word to the wise is sufficient.

Grand Affair.

The harvest home which came off at McConnellstown on Friday last is represented as having been a grand affair, never surpassed, if ever equalled. The gathering was addressed by Rev. Snyder, of Harrisburg, Gessford, Bratton, and Reid of this place.

A Bouquet.

Miss Kluhana Koplin, of Alexandria, has our thanks for a mammoth and splendid bouquet. This is a bouquet that is a bouquet.

Camp Meeting.

Cassville and Saxton Circuit will hold a Union camp meeting, near Marklesburg station, Huntingdon & Broad Top Railroad, commencing on Friday, August 25th. Boards for tents can be rented from D. G. Cantor, agent at Marklesburg station. Goods for tent holders will be transported free of charge. An excursion train will run on the 27th. A good boarding tent will be on the ground. Preachers and members of surrounding churches, with people generally, are cordially invited to unite with us in worship at this, Nature's own sanctuary.

JOHN GUSS, JAS. C. CLARKE, Preachers in charge.

Many persons of smart business qualities, enter into business, but do not meet with success, simply because they do not publish to the world their locality, stock of goods, and facilities for doing business. Goods once bought must be sold, and the only way to dispose of them is to advertise—informing the people where they can find the best and cheapest articles. Get ahead of your neighbors, if you can, through the press, and there will be no lack of sale. Common sense and observation of large business establishments, dictate this. Many establishments acknowledge their entire success in business to have been sustained through the public prints. A word to the wise is sufficient.

Long Been Needed.

A want has always been felt in this country of some system by which a record of families can be kept and handed down to coming generations. This want, it seems to us, is completely filled by the Photograph Family Record now being sold by Capt. A S Harrison agent for this county.

The "Democratic" convention

was held on Wednesday, and resulted, as was expected, in the nomination of no ticket. Legislative conferences were appointed, and we expect a full ticket will be put in nomination before the day of election. The Convention adjourned to meet again at the call of the chairman.

Accident.—On Thursday morning a freight train coming east on the Pennsylvania Railroad, met with an accident near Anderson's station, by the breaking of an axle. Seventeen cars were thrown from the track and piled up promiscuously. Three persons were injured—one of them seriously.

Killed.—A man named Hugh Hardy was struck by the fast line east, while going to work, at McVeytown. An arm and leg were broken, and he lost his life.

Snake bite.—Miss Maggie Rosenburg, of McVeytown, was bitten by a copperhead on the 14th of July, and still suffers from the effects of the poison.

Corn Crop.—The Hollidaysburg Standard says the corn crop never looked better than it does this year. We can say ditto for this county.

Political.—The Democrats of Blair county have nominated the following ticket: Assembly, Major M. B. Morrow; Associate Judges, James D. Roa, W. C. McCormick; Commissioner, Capt. Frank Cassidy; Poor House Director, John H. Roberts; Auditor, Joseph Leighty.

At the Show.—It is estimated that 3,500 people were to see the hippopotamus at Mifflin. We think we boast that by a couple of thousand.

Died.—William Speer, Esq., died at Williamsburg at the residence of Wm. G. Huyett, Esq. Mr. Speer was for many years a prominent man in what was then Huntingdon county, and for one term was Sheriff of the county.

Shocking Casualty.—Man Killed!—The Ebensburg Alleghean, of Aug. 17, says:—On Friday last, an accident occurred in a steam saw-mill at Mineral Point, this county, resulting in the death of one man and the severe injury of another. The particulars as related to us are as follows: The men were working in the mill at the time. Too much steam must have been generated by the engine, for suddenly the boiler burst into fragments, literally blowing to pieces the fireman, whose name was Burket, and of course killing him instantly. Another employee, named Shaffer, was badly scalded by the escaping steam. We believe no others were hurt. The remains of the man who was killed were interred on Saturday.

ACCIDENT TO A WATERFALL.—The appendages known as waterfalls are daily increasing in size and weight, by the use of a variety of articles known as padding by many of the fair sex, who wish to obtain a "fall" of magnificent proportions. Yesterday an accident occurred to a young woman in Eighth street, which should induce females to be exceedingly careful in selecting suitable articles for the "filling" of their hairy appendages, which should also be properly attached to their head gear.

Miss E., a well dressed young woman, was standing at the corner of Eighth and Spruce streets, waiting for a car, when a painter to all appearance, bearing a sash ladder on his shoulder, rapidly turned the corner, and not judging the distance right, came near striking the lady on the head with an end of the ladder he was carrying. As luck would have it, or perhaps ill luck, the ladder missed the woman's head, but struck her "waterfall," detached it from the back hair, and caused a general discharge of the contents, which combined the following articles:—Two curled hair puffs, one piece of mourning craps, two dark colored pin-cushions, and one black worsted stocking. These articles had previously been carefully covered up by the slender dress of the maiden. Amid many expressions of regret the man commenced to pick up the padding, for the purpose of returning them to the wearer, who retreated in great confusion, without waiting for her dry goods. A little boy was sent after her with the late "fall," but the lady refused to recognize them.—Phila. Telegraph.

PENSIONS FOR THE LOST OF LIMBS.

Several applications having been made to the Commissioner of Pensions, under the mistaken impression that at the last session of Congress the rate of pension for the loss of a hand had been increased, it is officially announced that no such change in the pension law has been made. For the loss of one limb, the army pensioner receives \$5 per month if he was a private, non-commissioned officer or musician; \$15 if a second lieutenant, \$17 if a first lieutenant; \$20 if a captain; \$25 if a major, and \$30 if a lieutenant colonel or of any higher grade. The same rates, according to rank, are applicable to navy pensions.

Mosquitoes love beef blood better than they do any that flows in the veins of human kind.

Just put a couple of generous pieces of beef on plates near your bed at night, and you will sleep untroubled by those pests. In the morning you will find them full and stumped with beef-blood, and the meat sucked as dry as cork.—Maine Farmer.

In these nights, the following remark, which a distinguished divine recently made, may be in season: "I don't mind so much," said he, "about the mosquitoes biting me, if they would not always say grace before meat."

The colored schools in Louisiana, established by General Banks, embrace, it is reported, one hundred and twenty six schools, two hundred and thirty teachers, fifteen thousand children in day schools, and five thousand adults in night and Sunday schools; in all, twenty thousand persons under instruction.

The rebel General Shelly has organized a corps of four thousand mounted men for the Mexican service. The corps is for special border service, and formed entirely of men of the late rebel army. It will be a species of mounted rifle or ranger force. The men are to receive fifty dollars per month, out of which they are to subsist themselves.

THE LUNGS.—The cold and changeable weather tells terribly on those who have weak and diseased lungs.

Many are suffering at this time with affections of the throat and lungs. Bronchitis is becoming a very common complaint. Those who are predisposed to Coughs, Croup, Bronchitis, &c. should avoid the night air. There are many preparations recommended for these diseases, but there is not a doubt but that Dr. Strickland's Mellowing Cough Balsam is the best remedy. We have known it to effect cures in the worst cases of Coughs, Colds, Bronchitis, Asthma, and primary cases of Consumption.
