HUNTINGDON, Sept. 11, 1865. Mr. A. H Bauman, Chairman of Un ion County Committee:

Sin :- I see by the published report of the proceedings of the Union County Convention, that I was nominated as the candidate of the Union party for County Auditor. It is scarcely necessary for me to say that this flattoring compliment was unsolicited by long enough in the Union party to mo, inasmuch as I have no idea of presenting my name for the suffrages in making its nominations. Until then they have a free license from us to still further expose their true characters.

Mr. D. M. Martin has handed us the following letter from General Sherman to himself, which we beg our readticket and no party contest in the ers to read carefully. It shows county. the little grandchild you love so well bless us who fought that the United States of America should not sink into infamy and worse than Moxican anarchy by the act of Southern politicians, who care no more for you, or such as you, than they care for Hottentots. I have never underrated the magnitude of this war, for I know the size of the South; and the difficulty of operating in it. But I also know that the war began had more patience and best calf, berseaffy not the market of the control of the co perseverance than the Southern races. And so will it be now-we will presevere to the end. All mankind shall recognize in us a brave and stubborn race, not to be deferred by the magnitude of the danger. Only three years have passed, and that is but a minute in a nation's life, and see where we are. Where are the haughty planters of Louisiana who compared our hardworking, intelligent whites of the North with their negroes?

The defeats we have sustained have hardly made a phase in our course, and the vaunted braves of Tennessee, Mississippi, Louisiana, Missouri, etc., instead of walking roughshod over the freemen of the North, are engaged in stealing horses and robbing poor old people for a living, while our armies now tread in every Southern State, and the biggest armies in Virginia and Georgia lay behind forts and dare not come out and fight us cowards of the North, who have some five hundred miles into their country to accept the

challenge. But, my dear old friend, I have bored you too much: My handwriting is not plain, but you have time to study it out, and, as you can understand, I have a great deal of writing to do, and it must be in a hurry. Think of what I have written. Talk it over with your neighbors, and ask yourselves if, in your trials and tribulations, you have suffered more from the Union soldiers than you would had you built your barn where lightning was sure to burn and tear it down. Did you not all invoke the punishment of an indignant God and Government? I care not a straw for niggers. The moment the master rebels the negro is free of course, for he is a slave only by law, and the law broken, he is free.

I command in all Tennessee, Kentucky, Mississippi, Alabama and Georgia. The paper I enclose will be of best bread, service to you. Love to Mrs. Martin. W. The Sherman, Maj. Gon.

The locality of the "last ditch," n which the rebels boasted they intended to perish rather than yield to the accursed Yankees, has been discovered to be situated at the foot of the stair case leading to the President's business room in the White House.
