Union County Committee.

SEPTEMBER 25, 1865. The Committee met in the Court House, A. H. Bauman, Chairman, called the Committee to order. S. T. Brown, D. S. Baker, and John F. Ramey were appointed Secretaries. A communication prepared by the Chairman was then read by Mr. Brown, stating the object of the meeting and reviewing the proceedings of the Committee since the meeting of the County Convention.

Joseph Johnston, Esq., moved that the Committee proceed to nominate candidates for Associate Judge and

Considerable discussion followed, when an amendment was offered by J. W. Mattern that the Committee en, ted Sept. 15, and issued from the Jour. dorso the action of the Committee & American office to the members of meeting held on the 8th, nominating Anthony J. Beaver as candidate for Associate Judge. The vote stood, for the amendment 23, against it 34, so the amendment was lost and the orig- Monday. Had the members of the inal motion was adopted.

After some further discussion, the Convention proceeded to nominate candidates. The following gentlemen were put in nomination :-- Anthony J. Beaver, Samuel McVitty, Maj. Wm. Cooper and David Clarkson.

On motion Milton H. Sangree was nominated by acclamation for County Auditor.

The Committee balloted for Associate Judge with the following result. ed by the Chairman of the County A. J. Benver, 35 Maj. W. Cooper, 4 Sam'l McVitty, 8 D. Clarkson. 11 Mr. Beaver having received a ma-

jority of all the votes was declared tion was made unanimous.

The Committee then adjourned.

Union Men, Stand by Your Flag.

Two weeks from to-day the voters will go to the polls to deposite their votes for or against the party that during the past four years stood bravely up for the country against the rebels and the robellion. Every intelligent voter knows that if the so called Demceratic organization could have controlled the war power of our Government, the rebels to-day, instead of seeking for pardon at the feet of Andrew Johnson, would be rejoicing over the defeat of our arms and the success of the Southern Confederacy. The leaders of the organization who during the war had no other words than words

of abuse for the good men at the head of our Government, are still the leaders of that party, and now that the war is professing to be the friends of the soldier. We are not willing to trust such men in any public position; neither are we willing to give them strength by supporting any man for office who is under their influence .-The so called Democratic organization is controlled by the vilest traitors in the land, and we call upon every truly honest Union man to walk bravely up to the polls on next Tuesday a week and deposite his vote against that organization. The masses of the so callo ed Democratic party are honest men, ered ther equionly have nut into prac-

honest Union candidates. union Tickets for the election will be printed at this office this week. They should be distributed over the county as early as possible.

Union Voters, perhaps you have heard of charges against our candidates for County Commissioner and Director of the Poor, We know them to be false.

Two weeks ago we promised to take no further notice of the malicious conduct of the Journal & American until after the election. So far as anything the editors of that sheet may say of us. we shall treat with silent contempt; but we would not be worthy the confidence of the Union party if we should permit them week after week, without exposure, to deceive the Union voters by falsehood and by making use of the names of honorable gentlemen without their permission, for the purpose of disorganizing the party and defeating its ticket. We will expose them, and not only them, but every man claiming to belong to the Union party, who attempts to disorganize the party for the purpose of giving success to the Opposition.

The Journal & American claims to be the organ of the Union party of the county. We will see how the editors of that paper have been acting this fall-and whether they have not refused to act with the organization:-On Tuesday morning the 5th inst., at 6 o'clock, A. H. Bauman, Chairman, furnished them with a call for a meeting of the County Committee for the purpose of nominating a candidate for Associate Judge to fill the vacancy occasioned by the resignation of Mr. Fisher. They received the call the same time it was handed to us, but they did not publish it. They were furnished with a copy of the proceedings of the Committee meeting held on the 8th, nominating Mr. Beaver, but they have not published them. On Monday, the 18th, at 3 o'clock, P. M., they were furnished with a call for the Committee meeting on Monday the 25th,-they did not publish the call. Thus showing a determination from the commencement of this fall campaign, to treat with contempt the Union Courty Committee and its chairman. Not satisfied that they had gone far enough with their disorganizing conduct, in refusing to publish calls issued by the Chairman of the Committee, they have issued calls for meetings of the County Committee without any authority whatever from the Chairman or members of the Committee thus deceiving and putting to considerable expense several gentlemen who came to town on Wednesday of last week in answer to the bogus call in the Journal & American. Those who came to town to attend the bogus meeting, after learning how shamefully they had been deceived by the editors of the Journal & American re-

bumbugged by them again. - Since writing the above we have had placed in our hands a circular dathe County Committee, denouncing as bogus the call issued by the Chairman on the 14th for the meeting of the Co. Committee which took place here on County Committee believed the false hoods contained in the circular there would not have been a committee meeting here on Monday, but the committee men could not be deceived by the forgery issued by the editors of the Jour. & Am., and they came here as requested by the Chairman of the Committee. The circular reads as follows: Sin:-We understand that a circular

has been issued, purporting to be signor, 4 Committee, requesting you not to at-tend the meeting of the County Com-mittee to be held at this place on the 20th inst.

MagBoumaria not yet aware of the his nameto it. On the contrary, it was issued by Wm. Lewis, the editor of the Globe, on his own responsibility, and without consultation with any one. The without consultation with any one. call which was issued in last week's Journal and American, was made after polled in opposition were neither few consultation with many of the best friends of the party, and the business which will be brought before that meeting is of vital importance to all of those who desire the success of our regularly nominated ticket. You are therefore earnestly requested to be present on Wednesday next.

No attention whatever should be paid to the circular sent you by Wm. Lewis, for the reason that he has no right to speak for the Committee or

its Chairman. We omit the eight names signed to the circular, for the reason that the gentlemen requested us not to make public use of them. Five of the genlemen whose names are attached to the circular informed us on Monday that they never signed such a circular, Mr. Lowry offered the following resoluover they expect to get into power by three would say the same thing,—thus and we have no doubt the remaining placing the forgery at the door of the editors of the Journal & American .-They must be desperate indeed, when they will resort to base forgery for the nurpose of defeating a call of the Chairman of the Committee. They have failed in their attempt to deceive the Committee, and they have failed in their attempt to disorganize the party. Poor devils, they are now despised by every honest Union party

> man. The Monitor calls upon Major Porter to organize his forces, draw up whole column forward. They say be will find his troops anxious for the contest, but their leader must be in the

What is wrong? Does the Major reluctantly draw his sword to fight on the side he knows to be wrong, or is he such a leader that will take repeated promptings to spur him on to the charge? We very much believe he don't like the company that has shown him an extinguishing favor.

Plain and the Right Talk.

The Union party of Fayette county have put in nomination an entire Soldier ticket-Assembly, Sheriff, District Attorney, Treasurer, Commissioner, Auditors, County Surveyor and Director of the Poor. The Brownsville Clipper edited by Seth T. Hurd, Esq., one of the oldest Republican editors in the State, speaks as follows of the ticket, and we recommend our neighbors of the Journal & American to read his remarks carefully as they apply with equal force to the Union nominations in this county.

Mr. Hurd says: "We do not advocate the election of the 'Soldiers' ticket,' this fall, merely because the candidates have been sol diers, and fought long and well for their country. We know the poor fellows have suffered everything but death, and encountered all the dangers and hardships of war; long and weary marches; storms, dangers, hunger and heartaches; all for their country, and that, too, while we—home civilians were taking our case, and enjoying all the sweets and comforts of domestic life. And yet it is not alone for that reason that we support them; though certainly, that is no drawback; but we advocate the ticket, because, aside from their military services, they are all good, intelligent and capable men, and abundantly qualified to discharge the duties of the respective offices to which they have been nominated; and we don't care a tenpenny nail, whether they have been Ropublicans or Democrats. They have fought our battles, -saved our government, are honest, true, and capable, and if we had a thousand votes they should have them

THE COPPERHEAD CANDIDATE FOR AUDITOR GENERAL is not popular at home. Referring to this fact the ediof returned soldiers who served under him, and found that with but very him at the coming election. So much for Col. Davis' popularity as a military man. And there is nothing strange that the soldiers should thus refuse to vote for men who supported the doctrine that a soldier was unfit to exercise the privilege of the elective fran-

Under no circumstances, in the words of General Cox, would it be safe for us, "in the present unsettled condition of the country, to risk the transfer of the power of the Government infused to hold a committee meeting, and to the hands of those who have been returned home determined not to be directly or indirectly disloyal" during the last four years of cruel war.

THE SOLDIER TICKET .- A correspondent from the northern section of the county informs us that the soldier ticket will suit all parties there, and of course will be triumphantly elected. This is the feeling of the true men all through the county.

Be Assessed.-Union votors, see that you are assessed before the 30th 11th, 12, and 18th days of October. of this month; and not only assess yourselves but assess immediately all the soldiers and civilians in your neighborhood that need to be assessed.

Union Men, can you Vote with the Opposition.

In the spring of 1865 the question of army prevented their presence on election day at their various homes, came up for decision before the Legislature of our State. Where did we find the Democratic party standing then?measure came from the lips of an old, well drilled party man, whose life had been spent within the ranks of the Democrats; and the number of votes nor uninfluential. And when six months later the question was submited to the people, it was an acknowledged issue between the two parties and all the power of the opposition was brought to bear to secure the defeat of the measure Yet this party to day have nominated as its candidates two soldiers, and ask the support of the men whose disenfranchisement it so strenuously endeavored to secure! Can greater audacity and greater inconsistency he conceived in the political world? Such is one item from the re-

cord of the Democratic party. Again, on the 6th of January, 1864 another link in the chain was added

tion in our State Senate:--Resolved, By the Senate, that the thanks of the loyal people of Pennsyl vania are due and are hereby tendered to General U.S. Grant and the officers and soldiers serving under him, for the series of gallant services and glorious victories resulting in the liberation of the faithful Union people of East Tennessee from a military despot ism more galling than ever was that

of Great Britain, On question, will the Senate proceed to a second reading of the resolutions? the yeas and nays were required by Mr. Donovan and Mr. Wallace, and were as follows, viz :-

YEAS-Messrs. Champneys, Connell, Householder, Johnson, Lowry, McCand less, Nichols, Ridgway, Turrell, Wilson, Worthington, and Penny, Speaker—

NAYS-Messes. Beardsdale, Bucher. Clymer, Donovan, Glatz, Hopkins, Kinsley, Lamberton, Latta, McSherry, Montgomery, Reily, Smith, Stark, Stein, and Wallace-16.

So the question was determined in the negative. Here stands the name of every Democratic Senator recorded

against a vote of thanks to General Grant, who brought the war to a successful close. Among the opposition

we find the name of William A. Wallace, the present Chairman of the Democra tic State Central Committee, who is to-day professing such love for the sol. diers.

At the time the Hon. Andrew Johnon was Military Governor of Tennessee he passed through Harrisburg on a visit to Washington. A resolution tendering him the freedom of the Hall of Representatives for the purpose of addressing the citizens of the capital was adopted by the Senate. But when it came before the House, where the Democrats had a majority, the entire party voted solid against the resolution, and by their votes defeated it. In the Senate William A. Wallace characterized President Johnson as a 'usurper." This man and this party to day adopted a resolution commendatory of the usurper's course. Consistency, thou art a jewel!

We will not amplify on the record; we will leave it to the free, intelligent soldiers of the republic to decide whether or not they will be willing to cast their suffrages in favor of the men who have always opposed, abused, and cursed them while they were away from their homes and battling for their country. Are they willing to become dumb driven cattle, to be led by the men who have encouraged their encmies, and who laughed with scorn when they were exposed to death, and who hated the Union and the cause which they were fighting to maintain? What if that party has succeeded in securing two ex soldiers to act as their candidates? Have not we men who tor of the Lehigh Register says that he have not only fought for the Union, traveled through a considerable portion but are still ready to battle for its of Bucks county, in which Col. Davis principles now that the need for maresides, and conversed with a number | terial energy is past? We are ready to submit to them the answer of the question. Will men who have insulfew exceptions they will not support ted and slighted your gallant General Grant receive the votes of the soldiers whom he has so often and so gloriously led to victory.
