The Recent Election.

We are highly encouraged and gratified with the result of the recent election in this State. From almost every large Union gains even upon the Presidential election last year. THE STATE RETURNS .- The complete official vote in the recent election has motyet been ascertained the returns of the northern frontier counties still being wanted. As far as heard from, the Union majority stands at 21,679, remaining counties, the most of which are Union, will swell the majority to over 24,000. This is an increase upon the vote for President, and shows conclusively that the principles of the line we get news from England in Union party are the people's choice.— Euch a majority as 24,000 is one that the opposition will find very hard to beat, and we have not the least doubt Union ranks will be so increased as to you and your readers, I remain, that by next year the numbers in the swell the majority to 30,000. All we want is good men to head the ticket, and the people will support them, no matter what false issues the opposition will present. Their "nigger" issue has been killed, and they can find nothing
