Internal and External Medicine, WILL CURE: Diarrheea, Bloody Flux in one day, AS Headache and Earache in three minutes

And Toothacho in one minute.

And Neuralgia in five minutes, Cor Sprains in twenty minutes, EF Sore Throat in ten minutes, 65 Cholic and Cramp in five minutes, 65 Rheumatism in one day, 10 Pain in the Back or Side in ten minutes, RD. Bad Coughs or Colds in one day, 122_ Cures Deafness, Asthma, Piles, 13. Bronchitis Affections, Dyspepsia, 13. Inflammation of the Kidneys, Erysipelas, 13. Liver Complaint and Palpitation of the Heart. Kcep it in your Families-Sickness omes when least expected.

Comes when least expected.

I propose to check, and effectually dissipate mere ache and pain, and to accomplish more perfect equilibrium of all the circulating fluids in the human system, than can be effected by any other, or all other methods of medical aid in the same space of time.

THIS POPULAR REMEDY is fast coming into use, for the fact that I cure, free of charge, all these complaints whenever there is an opportunity to do so. As soon as it is applied it almest miraculously kills the pain. I do not ask you to buy before you are certain of its efficiency. If you have an acheor pain, it is warranted to do all it purports on the label.

I do not propose to cure every disease—only a class named by my directions. My liniment operates on chemical and electric principles, and is, therefore, appliable, to the cure or natural restorative of all organic derangement arising from an improper circulation of the nerve vital fluids.

Prof. J. H. McEntyro's INDIAN COMPOUND acts directly on the absorbents, reducing glandular and other swellings in incredible short time, without any possible danger from its use under any possible circumstances.

This is an internal and external medicine—composed of roots, herbs and barks, such as our forefuthers used—There is a bountiful supply on earth to cure all complaints if we only know what they were.

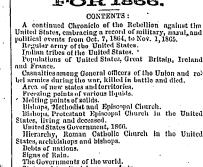

This has been a great study with the Medical Faculty for many years, to find out the kinds best adapted to the above complaints—how to put them together, and what proportions to use.
