County Convention.

At the last meeting of the Union County Committee, the following resolution was adopted:

RESOLVED. That the Chairman of this Committee be and he is hereby instructed to call a convention of delegates from the election districts in this county, to meet in convention the first week in April court, to take late consideration and determine the question of the adoption of the Frawford county system of nominating candidates for office, in future; and that the Chairman publish in the county juggers, with the call for the Couvrention, the manner of making nominations under that system.

In nursuance of this resolution the Union voters are requested to meet at the usual places and elect delegates to county convention, to assemble a the Court House in Huntingdon, at 2 o'clock, p. m., Wednesday, the 11th day of April next.

The main features of the system above referred to are as follows:

At the usual time for holding delegate meetings the voters assemble and hold an election for candidates for the different offices to be voted for at the ensuing election-voting being confined to those known to act with the party. The officers of these elections are usually chosen by the voters present, and are organized in the same manner as at a general election, except that they are not sworn. The judges of the several districts soon after assemble in Convention at the county seat, and cast up the returns, and the persons having the highest number of votes for the several offices are declared the candidates. These return judges when thus assembled in convention, appoint the County Committee and district conferees, and transact any other business that would be proper for a county convention. Candidates are usually required to announce their names in the county papers before the primary

elections. The Convention to be held in April Notice. is simply to determine whether this system will be adopted, and should it small accounts against persons residing be adopted the convention will no in town. As we find time we wil doubt direct a further publication of make out bills and place them in th rules and regulations prior to the first election under it in August next. A. H. BAUMAN.

A Startling Story, if True.

The Philadelphia correspondent of the Chambersburg Repository endeavhas been organized at this place. Our ors to bring the assassin Booth back to life. He writes:

"A startling idea has lately been months, for the purpose of raising money to transmit to Booth, who is said to be in Canada. The Wilkes Barre Record of the Times, in a late issue, speaks of a similar organization in Lu zorne county. Those who believe in Lizzie Jackson; W R II S—James
Thompson; W LHS—Lizzie Johnston;
P W C T—Jessie P Wilson. will be remembered too, that shortly after Booth's supposed death, the pa pers stated that his head had been preserved and deposited in a Government medical institution in Washington. It is now said that this head has been

examined by a distinguished physician who knew Booth well, and who says that from the craniological developments of this skull, it cannot be that of the man on whose shoulders it is supposed to once have rested. It is known that no friends of Wilkes Booth saw the body buried for his."
