There is not a single Company now in operation with helr own machinery in Nevada, as far as we have learn id, that is not a complete success. All are returning not their own machinery ju Newida, is far as wo have learn-ed, that is not a complete success. All are returning not only large, but ENDEMOUS Dividerda, and the prices of their alarest have correspondingly advanced. For instance, on March 2d, the stocks of the older Companies were quoted in the eify appears as follows: "Gould & Curry, 5960; Savaze, S915; Chollar Potosi, S305; Imperial, S117; Crown Point, \$1,010; Alpha, S200, Pellow Jacket, \$430." The original price of these stocks was less than \$50-some of them ould \$10. Aut the Companies more recently or-ganized are not a whit less prosperous, but as far as pro-gressed give every promiss of an ultimate success acea greater than that achieved by the Could & Curry, For example, the stock of the Iale & Norrees Company of Nevada, which a few months new way worth early \$10, is now quoted at \$1,150. Se, also, the Deston and Reese River Misling Company, which commenced work only has thi? its states, though originally sold at \$10, con went up to \$105, and on the 1st of March and advanced to \$330 **The Natural Conclusion**.
