Meeting of the Soldiers' Union League.

Meeting called to order. Mr. Lytle in the chair. County Committee announced as far as appointed; seven members to be supplied. Mr. Lytle addressed the League at some length, explaining the object of and plan on which it was organized, the purpose being the election of General Geary, and urging the soldiers to organize for the coming campaign; he also gave a short account of the persons connected with the Administration at Washington who are opposed to the equalization of bounties.

At a suggestion from one of the members of the League the soldiers from the different parts of the County were called on to report the feeling among the soldiers. Dr. Kay of Warriorsburg, Mr. Isett of Penn and Dr. Devor of West, reported the feeling among the soldiers for Geary as almost unanimous. Reports from six townships show nearly five hundred members have signed the Constitution in less than one week.

On motion of J. R. Simpson Art. 1, Sec. 3, of the Constitution was amended as follows: "Any person who has been in the actual military service, or performed duty in any of the staff departments of the United States Army, or been a member of Congress or of the Cabinet, during the late war, may, on being proposed by a member of this League, be elected an honorary member, and upon proposal shall have the privilege of participating in the proceedings of the League. The number of persons who may thus be elected shall be limited to one hundred."

Mr. Isott of Penn offered the following resolutions, which passed: Resolved, That we, the returned soldiers of Huntingdon county, in forming a Campaign League, recognize the principle that the Union men of the county are our friends, that this League is designed to be subordinate to the great Union party, and that we declare our intention to co-operate with it for the success of its principles and election of its candidates.

Resolved, That we have confidence in the integrity and patriotism of all men who were true to the nation when it was convulsed by civil war, in what ever capacity they may have been called upon to act, whether by their physical aid or moral influence, and that for our enemies North and South we have unbounded and eternal contempt.

Resolved, That in Major General John W. Geary has been presented to the people the soldiers' candidate, that we will vote for him, but perpetuate with our ballots what we won with our bullets, and to sustain that which every soldier perilled his life to achieve, and that he who fought at the head of our columns is entitled to our votes in preference to the vile Northern copper head, who says that soldiers of the Union Army are entitled to the right of suffrage.

Resolved, That the soldiers of Huntingdon county favor the equalization of bounties, each honorably discharged soldier may receive the additional sum of one hundred dollars for each year of actual service, and that we will favor the favorable action in this measure has been presented by members of the present national administration, and that we will support our Congress to employ any means that may be expedient and necessary to overcome such opposition.

The following resolutions were offered from Petersburg and passed: Resolved, That we deem it wise and proper at this time to follow the example of our gallant standard bearer General Geary, in regard to candidates for office. We will therefore submit our names to the decision of the Republican Union Convention, pledging to the candidates nominated, be they citizens or soldiers, our hearty and unwavering support.

Resolved, That believing that "Treason is a crime and ought to be punished," we hereby express our unqualified disapproval of any attempt to restore leading rebels to power, and that we regard every effort to admit to the halls of Legislation men whose hands are yet red with the blood of our comrades, as an insult to every Union soldier.

Resolved, That the Reconstruction policy of President Johnson, which is now eliciting the approbation of every rebel in the land, meets with our decided condemnation, and we hereby declare ourselves to oppose on all occasions, and by every possible means, any attempt to mislead the people with such an insane and dangerous policy.

On motion the delegates elected at the last meeting to the Pittsburgh convention be set aside, as under the call our county is entitled to four instead of two delegates. Captain Bruce X. Blair, Major H. K. McK. Captain T. Stanton, Rev. and M. S. Lytle were elected to represent the County at the State Convention, June 5, 1866. The delegates were granted authority to substitute persons in their stead should they be unable to go.

On motion the delegates elected were called on to give the League their sentiments. Captain Blair stated that having fought the rebels at the expense of a month's pay, still opposed to them and stood by Congress. Captain Read, Major Noll and Mr. Lytle endorsed the remarks made by Captain Blair, when on motion the sentiments expressed by the gentlemen were unanimously endorsed as the sentiments of soldiers of the county.

The county committee were urged to be active in having their comrades to join the League. Mr. Gregg of Finance Committee reported no receipts, no expenditures, when he was severely censured by the chair for making such report. A motion was made to have Mr. Gregg stricken off the Finance committee. Not carried.

Committees on organization and notifying the soldiers of the meeting were discharged, having discharged the duties assigned them. Captain Blair made a few remarks in regard to the presentation of the battle flags of Penna. regiments carried during the late war, to take place in Philadelphia on July 4th, and asked for the names of all color bearers and guards, stating that they were to be carried to and from Philadelphia free.

A committee of three was appointed to ascertain how many of the soldiers of the county contemplate going to the presentation of the flags and confer with the Pa. R. to have them furnish the cars necessary. The Co.

MARRIED.
