-A disturbance amongst the miners been caused by a fow dissatisfied individuals. The disturbance arose to such a pitch that a police force had to be established, and now all is quiet.

-A burglar was found secreted in a closet at the toll house at the bridge in Mifflin, a fow nights since. He made his escape through a back entrance, to neighboring towns and there locaand went to Lewistown, where he was arrested. His name was Wheeler.

-We were gratified with a visit from our young friend and quondam citizen, Mr. Chas. Campbell, son of T. P. Campbell, Esq., now at Davenport, Iowa. Charley looked remarkably well. He is going into the blind manufacturing business at Altoona, with Mr. W. I. Adams, once a typo in this office. We wish both our young ac-
