The voters of the Union Party are requested to meet at the usual places, the strength of their victory. An Offer-Will Robert Accept. For some weeks, Robert McDivitt, editor of the Journal & American, has been making assertions in the columns them if we were not urged to do so by many personal friends who are anxious to see Robert with his low personal abuse of us driven to the wall. We therefore, that Robert may have an opportunity to make for himself a character for truth, if he can, offer him the following proposition:

For every name of a responsible man you can secure to a certificate certifying that what you have said of us is true, we will give you fifty dollars. Now Robert, if you have been publishing the truth, you will have no difficulty making a few thousand gollars. If you cannot seeure backing to your assertions, your readers who are not prevailed amongst the members of personally acquainted with us and both clubs throughout the game. The who do not know them to be false, can come to no other conclusion than that you are one of the lowest and mounest liars in the county. Como Robert, dont back out, your christian character is at stake.

Fatal Accident. A young man named John Ritter, son of David Ritter, residing near Mill Creek, this county, met with a fatal accident at this place on Wednesday last. He got on a train going to Mill Creek, for the purpose of riding home. When but a short distance below town by some mishap or other, he fell from the car, and falling under the wheels, he was terribly bruised before being extricated. He was taken to the station, where medical assistance was immediately summoned, and the extent of his injuries made known. He had his left arm cut almost entirely off, his left leg entirely off above the knee, and the right leg crushed below the knee, the car wheels destroying the whole calf of the leg. He suffered from 4,15 P. M., the time of the accident, until 9,15 P. M., when death ensued to end his suffering.

Attend the Delegate Elections. If a Cameron man should be nominated for the Legislature on Tuosday next over a reliable friend of Andrew G. Curtin, the friend of the soldier, the widow and the orphan, it will be because Curtin's friends failed to cleet the right men as delegates to the County Convention. Men who cannot be influenced by promises of favors, should be elected in every district. What has been attempted by Cameron heretofore to carry his point will be attempted again if necessary. He has the money, honostly made of course, and he will not fail to be liberal to those who can be bought. We call upon the soldiers of the county to has stood by them from the commencement of the war.

dur National Game,

On Thursday morning last our town was graced with the presence of the Resolute Club of Bedford, which had come to play the Spartan Club, of this place, composed of boys of the same age as the Resolute. The game commenced, on the grounds of the Social, at 10 o'clock, on Thursday, and was played very well throughout. The Spartans have gained a reputation, of which they are deserving, but which very few thought they would achieve, while the Resolute boys take with them the esteem and good wishes of their skill, and we hope the Spartans will not claim the championship until they beat them two games out of three which is the rule. We can expect the Spartan to challenge the Social on

Magic and Mystery.
No person should fail to call at the Garden of Col. E. C. Summers, during Court week, and witness the performances of T. J. Lewis, the greatest Magician in the world. He will perform every evening during the week, the great eastern mystery, which has astonished thousands and held monarchs in awe, known as the Sphynx, without the flesh and blood of man, yet talking, singing, smoking, and acting as a man; whilst the spectators gaze in amazement, unable to fathom the deep There will be no clerical services next is it? He will in addition to the above perform many mysterious things belonging to his profession, which will

be enumerated on the bills. -The delogate election will be held on Saturday evening next. From all Court commences on Monday the rumors we hear there will be as next. It will continue but one week. | there should be, a full turn out,

Not the Resolutions. The Journal & American of last week published what it said was the resolutions adopted by the friends of Geary at a meeting held in the Court House on the same day of the meeting of the soldiers friendly to the election of Clymer. We refused to publish the same resolutions simply because they were not the resolutions read and adopted by the meeting. We have no idea of being made a tool of to gratify the vanity of would-be leaders of the Geary soldiers

of Huntingdon county. Not one of every twenty of Geary's soldier friends in the county belong to the League or approve its disorganizing proceedings. It is composed of and controlled by a select few who look upon Geary's interest as of secondary importance.
