a great many years, to find out the kinds best adapted to the above complaints—how to put them together, and what portions to use.

This wonderful remedy needs no recommendation save the results which invariably follow its application.

APThis popular remedy is fast coming into use from the fact that it gives good satisfaction of the Spinal Column, and all Diseases of the Skin, Muscles and Glands. It has been used in thousands of instances under the personal supervision of the Inventors, and has never disappeinted their expectations. All we ask for it is a trial—experimental proof—not the testimony of the men of straw, are the vonchers we desire to present to the public.

It would be well for many now lying in beds often tree, it these facts could reach their sick chambers. It is more important to them than to the inventors that this should be the case. "Truth is mighty and must prevail."
