The Fair, The Huntingdon County Fair came off last week. Wednesday was a bad day and we were afraid the institution would be a failure. But Thursday and Friday were fair days and the exhibition was very creditable, much better than last year. The political meetings kept hundreds of people from the fair grounds, still the receipts amounted to about a thousand dollars.

The Railroad Candidate. Why are certain Pennsylvania railroad men in town urging the election bill that may be asked for by new companies. Mr. Wharton has always been a Pennsylvania Railroad men, and he is Harrisburg next winter to help keep down opposition to the monopoly.

It is now a fixed fact, sworn to by a reliable man, that Henry S. Wharton, the Radical candidate for the Legislature, said he hated Johnson men and those who supported his poliicy worse than the devil. Johnson men, can you vote for such a man? Is he a fit man to go to our Legislature, to there reiterate such sentiments? It evinces less respect for his fellow men than he does for his "satanic majesty," and if you vote for him, you only encourage him to say worse.

A Free Railroad Law.

A law of this kind was asked for last winter, but it was defeated by members who were friends of the Pennsylvania Railroad Company. Harry Wharton, for several years connected with the Road, is just the man the Company wants elected to the Legislature. With such men as Harry Wharton in the Legislature, the Pennsylvania Railroad Company can have any kind of Legislation it may ask for.

Everybody Noticed It. Wharton made a handsome display of flags, etc., on the day of the Radical did not feel the same interest in the success of the candidate for the Legislature he does now. Now he is the candidate and he works for himself, by their ballots. and has the impudence to ask voters to do for him what he was unwilling to do for others last fall. Self-self only-sticks out in every political ac-

tion of Mr. Wharton.

To secure the votes of their party men it was virtually at an end, and where he was necessary to deceive them. Their gave those States the liberty to form votes secured, negro suffrage was also secured. Congress will fix up the pa-

Last fall the Wharton faction were opposed to nominating Ephraim Baker because as they then said they were in favor of "two terms." After Mr. Baker was nominated the same faction opposed his election to the bittor end. This fall they turned round and opposed "two terms," and by the sed much more closely upon our attenfree use of Simon Cameron's money deteated Mr. Baker for the re-nomination. Already the Wharton guerrillas are promising how they will control the party hereafter should they succeed in electing Wharton. The iron heel of the faction would most surely be felt by the timid-and they would be deserving punishment for permitting such unprincipled men to make their point.

CHANGE IN THE MANNER OF VOTING. -At the last session of the Legislature voting will be done in the following manner : One ticket shall embrace the names of all Judges of the courts voted for, and to be labeled, "judiciary;" one ticket shall embrace the names of all State officers to be voted for, and labeled, 'State ;" one ticket shall embrace the names of all county officers voted for, including office of Senator, members of Assembly, if voted for, and members of Congress, if voted for and be labeled, "county;" one ticket shall embrace the names of all township officers voted for, and be labeled, "township;" one ticket shall embrace the names of borough officers voted for and labeled, 'borough ;' and each class shall be deposited in separate ballot-
