Brief Items. -Mrs. Lefford has our thanks for a very large mess of very large and excellent potatoes.

-Thomas N. Colder has succeeded E. O. & G. W. Colder in the Alexandria Brewery. This is a famous brewery noted for the genuine article.

-Rev. Mr. Barrow will preach in

evening, at seven o'clock. Rev. Dr. Speer, will also preach on next Sabbath morning and afternoon. -Liester's new brick building, on the corner of the diamond is nearly

completed. It is just the kind of a building we like to see. We hope the spirit of improvement now prevailing will not be permitted to die out. -The weather during a portion of last week was, it is feared, a little too

good for grain that was sown early, and may have the effect of making that which has grown too high somewhat rank and poor. -We are again hearing of frightful

explosions of kerosene oil lamps, attended with loss of life. Those who use kerosene in this neighborhood should use it carefully, as it is something that cannot be trifled with without getting on a "bust."

-The gossiping inquiry is already made, who is going to get married this winter? It don't do to disappoint the gossiping fraternity, but we would advise them to wait and see the announcements as they oppear in the Globe.

-Mr. Erk Miles of this place broke his arm on Saturday last while playing base ball. He endeavored to throw the ball too great a distance. Our young men are apt to play this game too violently, as it requires caution in every particular.

Temporance Meeting, The friends of the temperance cause

in the upper end of the county, met in Mooresville on Thursday last. There were about seven hundred people present, representing all classes, old men old women and young mon and young women, the latter of whom to a great extent sustaining well the reputation of Shaver's Creek for girls of grace and beauty. The preponderance of ladies cause, and may have accounted for the gratifying number of young lads whom we saw wearing the ribbons. Another gratifying spectacle was the large number of old and middle-aged men and women who have come out on the side of temperance, showing their readiness to assist much by their wisdom and, perhaps, experience.

After participating in a huge dinner, which we can only stop here to commend the good people of that section for preparing, the crowd assembled in front of the speaker's stand and listenthe Episcopal Church, on Wednesday ed to some remarks by the Rev. Mr. Cromlish of Lancaster. We have not much to say for the speaker, as we fully concur in his own statement that John Henry, farmer, West he spoke in a very sketchy way, and we are not sure whether he knew what he did say five minutes after he John F. Miller, tanner, Huntingdon was done, unless it was when he was reminded by the next speaker Mrs. Frances Gage. We think the cause did not lose any by his rambling, illtimed remarks. Mrs. Gage was received with much attention, as it was the first opportunity afforded to many of hearing a lady speak. She showed that some things could be done as well as others, and evinced that a lady's oratory was far preferable to some gen-

tleman's. The largeness of the meeting and the enthusiasm manifested gave us the assurance that the temperance cause is rapidly progressing in the upper end, all of which is all right. There were four lodges represented-one at McAlevy's Fort called the McClean Lodge, another at Saulsburg called the Smithsonian Lodge, and another at Thomas Hooper, farmer, Cromwell Ennisville called the Stratford Lodge, and a fourth at Petersburg called Mt. Hope Lodge. These lodges are all in a flourishing condition, and we hope William B. Johnston, farmer, Franklin the meeting will have the effect of M. G. The Huntingdon String Band was present, as usual on such occasions, and discoursed music to suit. We Elias Mussor, mill wright, Jackson think they struck a chord in the hearts Andrew Myton, farmer, West of some of the bystanders, which mayhap is still vibrating. That is a tender chord.

Mrs. Frances Gage spoke to a large John Rorer, farmer, Springfield it notice the change. Will not some audience last evening in the basement Levi Ridenour, farmer, Juniata others do likewise and receive the thanks of the traveling public?

That suffrage was a conventional right; that some negroes now voted in this State, and whenever never entertained a fear that one of them would marry a negro. If others had such fears, it was a poor compli-ment to the education or morals of their daughters; and that it was base and infamous to assert or insinuate that the white women of the North do what the history of the past had

The Latest Fashions. Since the invention and successful introduction of the Celebrated Duplex Elliptic (or double) Spring Hoop Skirt by Mr. J. W. Bradloy of New York, the ladies throughout the country have given up the idea of discarding the tashion of wearing hoop skirts on account of the peculiar and graceful man-ner in which the Duplex Skirts adapt themselves to every exigency and em ergency. So generally acceptable have these Skirts become that the ladies regard them as a special favorite in view of the superior flexibility, lightness and durability combined in their man-nfacture. They also consider them a far more economical and comfortable Hoop Skirt that ever has or can be made for all crowded assemblages, for the promenade or house dress. lady after wearing one of these Skirts will never afterwards willingly dispense with their use. Long experience in the manufacture of Hoop Skirts has proven to the proprietors of this in vention, that single-springs will always retain that stiff, unyielding and bungling style which has over characterized them, whereas the double spring hoop or the Duplex Elliptic, will be found free from these objections. Notwithstanding the ability of the manufacturers, Messrs. Wests, Bradley & Cary, to turn out over six thousand Skirts per day from their large manufactories in New York, they feel obliged to request all merchants ordering the Daplex Elliptic Skirts, to
