Ashe's are good for frozen sidewalks, but we like Old Sol's fiery countenance much better.

Charles O'Hara, a conductor on the Pennsylvania Railroad, fell from a car near Galitzin, and had both his legs broken.

Thursday, the 14th, is Valentine's day. A good assortment of the comic and sentimental Valentines for sale at Lewis' Book Store.

James Black, of Hollidaysburg, had his hand hurt, near Black Log station, a few days ago, by being caught between two cars.

A man named Morrison, who is from Juniata county, was arrested in Harrisburg last week, for the supposed murder of a man named Raup.

The Ebensburg Alleghenian complains that in that section people have to pay from 16 to 20 cents for a bushel of coal, when it ought to be had for 12 1/2 cents.

The advent of a good thaw on Friday last saved our people a heap of trouble, such as shoveling the snow off their pavements and roofs.

There is some talk, (and talk it is, perhaps,) of roving the city charter for Altoona. Those who opposed it before are now said to be in favor of it.

Punkins says: "It is just as sensible to attempt to get married without consulting as to attempt any business without consulting."

Hon. A. A. Barker has been elected President of the Ebensburg and Cresson Railroad. He's better appreciated for his ability, than Stevens, who was elected President of a firm company in Lancaster, his home.

The Altoona Tribune came to us last week enlarged to a seven column paper. It is printed with the original display of business ability, and is the nearest of our neighboring exchanges.

The "Editor's Chair" - who will get it if his friends in Porter had each a pocket full of dollars? We propose that the chair be voted to the best looking editor in the county, - we would then stand a chance.

Hollidaysburg is to have a car works, the \$40,000 water loan having been all taken, and the pipes already contracted for. Huntingdon is in need of the same, but where's the money to come from? Echo answers, where?

Saturday last was ground-hog day. His hog-ship couldn't have seen anything in the shape of his shadow here, therefore we will have an early spring. We have little faith in the prognostications of a hog shadow, or "any other man."

Thos. McCamant, Esq., of Hollidaysburg, has been appointed Chief Clerk in the office of the Secretary of the Commonwealth, at Harrisburg. - Somehow, or other, the politicians of Blair do get in luck, so when any office is to be filled after.

The Lewistown Democrat says it would vote aye to attaching a portion of Brady township, this county, to Millin county. We would undoubtedly vote nay, and don't think any consideration would lead us to vote otherwise.

Norval Hark and the three Burkhenders, who were sent to the Penitentiary for a number of years for stealing a large quantity of goods from the Pennsylvania Railroad Company, at Altoona, not long ago, were pardoned by Governor Curtin, just previous to his retirement from office.

The Quarterly Convention of the Independent Order of Good Templars of the West Juniata District, will meet in Altoona, on Wednesday, February 20th. This is expected to be one of the best Conventions held in the District. Mr. B. H. Uinic, and other able Temperance lecturers, will be present.

Oughtn't supervisors to remove snow from the roads when they become impassable? We think so, and hope the supervisors in the different townships of the county will confer a favor on the traveling community by doing so. We think there is more danger to arise from drifted roads than from muddy ones.

The Hollidaysburg papers state that about five miles from Lilly's station on the Allegheny mountain, a man named Wilt and his wife and three children were frozen to death last week. They were snowed up in the house and thus died. Wilt was a cripple and worked at shoemaking.

The good people of Blair county know how to appreciate the services and keep in memory the fallen braves. The total amount received at the late Fair at Altoona was \$4,203 18, which is to be appropriated to the erection of a Soldier's Monument in the Altoona Fairview Cemetery. It is hoped the Monument will be completed and ready to dedicate on the 4th of July next.

Wheat Flour and Corn Meal, For sale at Lewis' Family Grocery.

Terrible Explosion of an Engine. We have learned the following particulars of one of the most terrible and yet the most singular explosions that we have ever read or heard of. On Monday night, a week ago, about 11 o'clock, as the locomotive Juniata was standing on the track about a mile above McConnellstown, on the Broad Top Road, having a train of empty coal cars attached, the steam flues exploded. The fireman was thrown back by the force of the explosion to the fifth truck, while the engine was carried with the engine, about sixty feet, up the right hand bank, when the engine turned over, and for end, precipitated him some distance beyond, about forty feet, into a snow-bank. The engine was completely damaged, and although the fragments of iron, cinder, &c., were scattered for some distance around the scene, yet the tender was not injured, nor was the track torn up or blocked, and everything was as clear for travel as before, in a few minutes time. All that showed there was an explosion was the remains of the engine on the bank, totally demolished.

The injuries to the engineer were but slight although he was carried such a great distance, but the fireman, whose name is Asabel Brown, sustained severe injuries about the face, caused, it is supposed, by the red hot coal and cinder blowing through the door of the engine full into his face. His right leg was also crushed and sprained in several places. He is now at Jacob's hotel in this place, and is rapidly recovering under the treatment of Dr. Brumbaugh. We learn he is a resident of the lower end of the county. About two weeks ago he lost \$700, which he was carrying in his pocket, while he was running along the top of the cars.

Don't Forget the Festival. The festival to come off at Alexandria on Wednesday and Thursday evenings this week, for the benefit of the Union Cemetery at that place, promises to be a grand and interesting affair. We neglected to notice in our last that two chairs were to be voted for - a "Clergyman's Chair" and an "Editor's Chair" - the Clergyman's Chair to go to the clergyman in Alexandria receiving the highest number of votes at ten cents each, and the "Editor's Chair" to go to the office in the county receiving the highest number of votes at ten cents each. We hope the chairs may be well paid for, as the Cemetery association needs funds for improvements, &c.

A Drove Killed. On Wednesday morning last, as the stock train east was laying over at the siding near Mill Creek, a few miles below here, a drover got out of the car for the purpose of punching the cattle that were lying down in order to make them stand, to save them from being tramped upon. While he was thus engaged, the Philadelphia Express suddenly approached, and he fearing that he would be run over, attempted to run across the track, but was caught by the engine and immediately killed. His head was struck and both legs terribly mangled. He was taken by the train to his home in Indiana county. His name is Moorehead.

Notice to Postmasters. Frequent complaints come to us from our subscribers in the country that their Globes are loaned by Postmasters to persons not subscribers and very frequently they are lost, damaged or intentionally "appropriated." Now this is to give Postmasters notice that the Globes we send to subscribers are not to be loaned to any other persons. If the practice is continued we shall take the liberty of making the Department acquainted with the facts, and try to have a change of Postmasters. The Globe is only \$2 a year, and those who wish to read it and are able pay for it, should subscribe for it, and not wrong their neighbors.

"WORLD MUTUAL LIFE INSURANCE COMPANY OF NEW YORK," J. F. Fruoanoff, Hollidaysburg, General Agent for Pennsylvania, to whom applications for Insurance, further information, and persons desiring Local Agencies, should be addressed. The special features of this Company appear to offer strong inducements to persons wishing to have their lives insured. The Company invites particular attention to its non-participating rates of premium, which are lower than those of any other company in the world. By this method the Insurer secures at once the largest possible amount of insurance for a stated sum, which is never increased nor decreased during the continuance of the policy. Send for Circulars. 1*

County Statements. It will be of gratifying interest to our county readers to read the statement of the receipts and expenditures of the county during the past year, which we publish to day, together with the Poor House affairs. There is a balance this year in the hands of the Treasurer of \$779,709, while last year the same was only \$1678,73. The debt of the county to the State has been liquidated, \$3020,68 having been paid in 1865, and \$2308,36 last year.

A Sister Good Templar's Decision on Cider. The following item which we clip from an exchange may furnish some light to the "sisters" in the different Good Templar Lodges in this county, upon the much mooted question of drinking cider. All those in favor of drinking that restricted beverage may profit by the young lady's enthusiastic yet well-timed remarks: In a Good Templar's lodge, the subject was being discussed as to whether it was allowable for members of that fraternity to drink cider. The pros and cons of the question were being discussed with much warmth - some of the members speaking twice on the subject. At last a young lady who had spoken once before, and in favor of cider, got up, thoroughly warmed in spirit of the affirmative. After a fervid prologo, giving a glowing description of the goodness of cider, and its usefulness, she closed with "and, brethren, cider is a necessity to me, and I must have it. I shall have it, and I do not care if you are not to drink it. I shall eat apples, and get some fine young man to 'squeeze' me; for I tell you, I can't live without that delightful nectar, the juice of an apple!" Notwithstanding this glowing peroration, the question was decided in the negative and the poor girl is out on cider.

Religion in Schools. Chapters 3 and 4 of "The Lawyer in the School Room" contain the first successful attempt that has been made to collect the laws of the several States on the subject of "Religion in Schools," and put them in such close juxtaposition that they may be easily compared and understood. This valuable little book also gives a curious legal history (made up wholly from law books and court records) of the origin and progress of "Religious Liberty" in the country. "The Lawyer in the School Room" is for sale at Lewis' Book Store, price \$1.
