ounty Temperance Union,

A call, signed by some of our promi ent citizens, has been issued, which earnestly invites all the churches, seminaries, academics, and all the tempernce organizations to meet by dolegates in convention, in Huntingdon, on the 12th of August, (Monday,) at 2 o'clock P. M , for the purpose of forming a Hantingdon County Temperance Union, and to consult and devise plans for the promotion of the cause of temperance in the said county.

We hope to see a full representation from all the institutions named, and a good turn-out of the friends of temperance generally, in order that the Union may be formed on a permanent basis, and the cause of temperance in this county may receive a new impetus, renew their subscription through the and be so organized as to overcome all opposition and demand and obtain that which is just and reasonable.

Some preliminary measures have been taken with a view of adapting the Juniata to slackwater navigation. There is certainly nothing in the road to prevent this from being carried out, as the fall of water from the Newton Hamilton dam down is quite regular, and from thence to Huntingdon but little difficulty would be encountered. Such a change would soon create steam navigation, and present a sight few ever anticipated on the "Blue Juniata." It has always appeared to us that a channel for light draught boats-such igrants from the "fader-land" stopped as are used on the Ohio-could be made at a comparatively small expense, by removing rocks and stones for a breadth of 50 or 100 feet, as although in many place is being repaired. A full set of places the river appears quite shallow window blinds are being made, which to the eye, the real depth on the riffles is never less than from one to two feet, as any one can test by an attempt at wading, and in most places much more, Many boats on the Ohio draw only burg, have purchased the office of the about 20 inches, so that navigation here is not so unfavorable as some imagine, for it is evident that if even a channel, such as we speak of, were cleaned out, a flat bottom steamer could make its way from Duncan's Island to the old Aughwick Falls at the present stage of water without difficulty.-Lewistown Gazette.

A Rascal. We understand that a man repre senting himself as a drover played the smart over Mr. Lewis Smalley on Saturday last a week. After being shown around the country and engaging cattle and sheep he picked Mr. Smalley's pocket of \$30. He had previously borrowed \$5 and travelling expenses from Mr. Smalley, amounting in all to \$48,-75. The scamp left Mill Creek on the express train on Saturday night, since which time nothing has been heard of the "drover" or Mr. Smalley's money.

The dedication of the new Methodist Church, erected on the site of what is generally known as the "Old Trough Creek Church," in Tod township, will take place on Saturday and Sunday next. Rev.
