The Globe.

The Housekeeper.

About Tomatoes-If very ripe, they will skin easily, if not pour scalding water on them, and let them remain in it for four or five minutes. Peel and put them into a stew pan, with a tablespoonful of water, if not very juicy; if so no water will be required. Put in a little salt, and stew them for half an hour, then turn them into a deep dish with buttered toast. Another way of cooking them, which is considered very nice by epicures, is to put them in a deep disb, with fine bread crumbs, crackers pounded fine, a layer of each alternately; put small bits of butter, a little nutmeg and sugar. Have a layer of bread crumbs on top. Bake it three-quarters of an hour.

Scalloped Tomatoes-Scalp rips to-Scaupea Tomatoes—Scalp ripe to in this line of business, embracing a general assortment matoes and put them in a dish with of TOOLS and MATERIALS used by CARPENTERS, bread crumbs, layer over layer seasoning with salt and red pepper. Have the bread crumbs on the top and bake three hours.

Tomatoes to Stuff-Take some fine tomatoes and scoop the inside out, which should be set aside until required. Chop or mince fine some beef, mutton, or other fresh under done meat; mix with a little pe and little sweet herbs; or make a force meat and mix with the scooping of the tomatoes; form into a good consistency and stuff the inside of the vegetable with the mixture. Set the prepared vegetables in a dish with a little lard in a slow oven, and bake until BRITTANIA & SILVER PLATED WARE. tender; then serve with the liquor that exudes during the process; but if not brown enough, coler by means of a salamander held over the top of each.

A good rich gravey poured over all improves the flavor very much. This is the best way to dress these vegeta bles, and serves also to make cold meat palatable, in addition to forming a pretty and economical side dish.

To Keep Tomatoes-Peel the tomatoes, and keep them in a kettle over the fire till they boil for ten or fifteen minutes. They are then ready for sealing. The half gallon sized cans are the best for the purpose. Fill one with hot tomatoes, wipe off from the coment any juice, and put on the cover. The contents of the can will so heat the cover that it is only necessary to press it firmly into place. When first closed, as the confined steam is elastic. it will rise up, and a weight, say five pounds, must be used to keep it down; or a piece of ice may be laid on it, which will condense the steam within If the can is larger than the weight put a board on first. When the can is and bottom will concave; if the cement of the cover should not be sufficiently melted, hold on the top a heated flat-iron till the cover goes down in-

to its place. . Tomata Vinegar-No great skill is required to make the article. Express | SASH-CORDS, &C., &C. the juice, and put in any clean vessel and it will soon become vinegar. It will make a stronger vinegar if molasses is added to the juice.

Sweet Green Tomato Pickles-Peel and slice two gallons green to matoes, five tablespoonsful of ground mustard, three gills of mustard seed, two tablespoonsful of ground pepper, two tablespoors ful of ground cinnamon, one tablespoonful of cloves, one pound of brown sugar, three quarts of vinegar. Boil altogether until quite done. If one choose, they may use one spoonful ground and and a portion of cinnamon bark. A little celery tops give a fine flavor. These are excellent.

Superior Corn Bread or Cakes-Made without eggs or milk. Take three cups of corn meal, one and a half cup wheat flour, three-fourths cup lard, three-fourths cup brown sugar, four teaspoons baking powder, one teaspoon salt and water enough to mix a batter that will pour. Bake with a quick fire in a pound cake dish, three-fourths of an bour, or in a bread pan one or two inches deep, or as griddle cakes. It makes a good pudding with dip.

A Receipt Worth One Thousand Dollars .- The Ohio Cultivator says : Take one pound of sal soda and a half a pound of unslacked lime, put then in a gallon of water and boil twenty minutes; let it stand till cool, then drain off and put in a strong jug or jar, soak your dirty clothes over night, or until they are wet through, then wring them out and rub on plenty of soap, and in one boiler of clothes well covered with water add one teacupful of washing fluid; boil half an hour briskly, then wash them thoroughly through one suds, rins, and your clothes will look better than the old way of washing twice before boiling. This is an invaluable receipt, and I want every poor, tired woman to try it. I think with a patent washtub to do the little rubbing the washerwoman might take the old Bible and compose herself on a lounge and let the washing do itself.

CARE OF SHEEP .- Regularity of feed. ing makes better wool, than a feast one day and a famine the next. Be not content with small sheep and light fleeces. With all our improvements in this department, there is still great room for more. A Spanish proverb says,"The eye of the master fattens the horse.' Washington tells us that when he enperintended his sheep, the average weight of fleece was over five pounds, but after he had been absent from home, a few years it was less than three - Working Farmer

SPECIAL NOTICE.

TO THE LADIES.—Do you really intend to cease wearing the beautiful styles now so prevalent, or dress less elegantly, because the rebel Joff. Davis, was captured in Fashionable Female attire? One moment's calm reflection will surely serve to chang your rash resolve. The angels had too much good sense to lay aside their pure chaste robes of white, because they had for a time served to hide the deformities of that They had for a time served to hide the deformatios of that Prince of Rebels, the Devil. Can you ere in following the example of Angels? Then having made up your minds that you will continue to dress tastefully regardless of rebelacts, do not forget to call at the store of the subscribers, who will be happy at all times to furnish you with such articles of dress as you may desire. PROF. . H. M'ENTYRE'S GREAT REMEDY.

THE - WILL CURE:

43 Diarrhea; Bloody Flux in one day, 53 Headache and Earacho in three minutes. 53 Toothache in one minute. 53 Neuralgia in five minutes, Sor Sprains in twenty minutes,
Soro Throat in ten minutes,
Co-Cholic and Cramp in five minutes, 23. Routenate and cramp in live minutes,
25. Routenatism in one day,
25. Pain in the Back or Side in ten minutes,
19. Bad Coughs or Colds in one day,
25. Fever and Ague in one day,
25. Cures Deafness, Asthma, Files,

Bronchitis Affections, Dyspopsis, 13 Liver Complaint and Palpitation of the Heart Keep it in your Families-Sickness comes when least expected.

I propose to check, and effectually dissipate more ache and pain, and to accomplish more perfect equilibrium of all the circulating fluids in the human system, than can be effected by any other, or all other methods of medical aid in the same space of time.

THIS POPULAR REMEDY is fast coming into use, for the fact that I cure, tree of charge, all these complaints whenever there is an opportunity to do so. As soon as it is applied it almest miraculously kills the pain. I do not ask you to buy before you are certain of its efficiency. If you have an ache or pain, it is warranted to do all it purports on the latel.

I do not propose to cure every disease—only a class named by my directions. My linimont operates on chemical and electric principles, and is, therefore appliable, to the cure or natural restonative of all organic derangement arising from an improper circulation of the nerve vital fluids.

Prof. J. H. McEntyre's INDIAN COMPOUND acts directly on the absorbents, reducing glandular and other swallings in incredible short time, without any possible danger from its use under any possible circumstances.

This is un internal and external medicine—composed of roots, herbs and barks, such as our forofathers used.—There is a bountiful sapply on earth to cure all complaints if we only know what they were.

This has been a great study with the Medical Paculty for many years, to find out the kinds best adapted to the above complaints—how to put them together, and what proportions to use.
