THE ELECTION. The Result in the State Close.

At the time we put this edition to press the returns from the State are not full enough to determine the result. The vote has been uniformly light, and the Democratic gain, with certain marked exceptions, run nearly through the entire State.

Philadelphia, which gave Geary 5,-388 majority, gives Sharswood from 1,500 to 3,000. A loss of 1,000 in Chester'is reported, -in other counties we got a cold shoulder, while in others still the returns accord to us handsome gains. From Berks and other Democratic strongholds we have little or

nothing.
Whether we can stand these drafts against our majority of 17,178 last year is doubtful. Still we do not feel like surrendering the State. Our friends in Philadelphia are hopeful. Allegheny county has done well. William's majority will be close in the neighborhood of 6,500—a loss of about 1,200—Pittsburgh Commercial.

The election of John S. Miller, is conceded by Republicans, and Wharton's election is in doubt.

Jeff. Davis' Trial. .

RICHMOND, Va., Oct. 2.—Though the Circuit Court is in session here; and nany cases of vast importance are to be tried, and though political matters involving the gravest interests of the State are dully transpiring, still the anxious and all-pervading topic of the day is the Davis trial.

This is discussed with an eagerness LATE.—We are late issuing the and a favor that plainly indicate the Globe this week. All hands looked on feeling and sentiment here in relation to the great national trial, than which and consequently we got behind with that of Booth, the national assassin, and the other conspirators, including John H. Indeed, some go so far as to assert that arrangements have been already made and contracts entered into to place Jeff beyond the reach of lovel hands who may bring him to justice, or aspiring volunteer friends who might possibly in a strait, shield him from the rigorous demands of an indignant people.

These are all however, mere speculations, according to the feelings, passions or prejudices of the parties expressing them, and have no other foundation whatever. The question, as I telegraphed you, of his trial, has een definitely settled, and in this way at least, the nation will be satisfied. Whether this trial will be a farce, or whether it will be morely a renewa of the straw bail, or even whether the arch-traitor will be convicted and sen tenced as his crimes demand, are all questions that time and events must
