-A merchant in Mifflin is out in a loafers that frequent his store. The men in this place have no excuse now that we have a Christian Association in which they can be benefitted.

-Warm your bridle bits before put ting them into the mouths of your horses during the cold weather. If you want to know why, you can tell by painful experience by putting a piece of cold iron to your own tongue.

-Business being dull this season, a firm in one of our principal cities commenced advertising as a last resort, and devoted ten thousand dollars to the purpose. Result, a business of over one million of dollars-larger than they ever transacted before. Let our business men take the hint.

-Mr. William Nicholson, Resident Secretary of the State Temperance Union delivered an interesting lecture on Temperance in the Court House, on Tuesday evening last. We regret to state that there was a very slim attendance, owing, however, to the revivals in the different churches.

-The demand for buildings and houses to rent is increasing with the approach of Spring. So long as the demand exists there is no probability of rents decreasing; and under the cir-cumstances it is better for a person who intends to reside for some time in our borough, to build for himself.

-Huntingdon county was formed from a part of Bedford, September 20, 1787. The population in 1860 was 28,100; number of square miles 840; number of acres 537,600. The latitude of Huntingdon, the county seat, is 40° 26'. N., and longitude from Washing-

ton 1° 5' W. -William Harvey, of Newton Ham ilton, Mifflin county, who was employed as a fireman on engine 89, on the Northern Central R. R., was knocked from his engine by an iron bridge, a short distance below the springs. His skull was fractured and he was otherwise injured. His remains were sent to his friends, at Newton Hamilton.

-A Town Hall and Market House Company has been organized in Altoona. It is the intention of the company to proceed at once to sell the amount of stock necessary to be sold in order to erect the building, and to some sold in experience its erection research as the commence its erection as early as the season will permit. All we can say is that Altoona is farther abend with their Town Hall than we are, and yet Altoona is only about twenty years old, and Huntingdon is about a hun-

dred. Shame! -The Hollidaysburg Standard pub lishes the following: A rather genteel looking woman, giving her name as Ohio, whilst laboring under the effects of an overdose of laudanum, made a raid on the Court House windows, on Wednesday afternoon last, a number ELIZABETH STINSON, both of Broad Top of which she succeeded in smashing in City. the most approved style. She was arrested and locked up till Thursday afternoon, when she was shipped to Huntingdon, near which place she alleged she had friends residing.

We take pleasure in directing the attention of the public to Speer's celebrated Port Grape Wine, a pure and of Springfield twp, and Miss Jane Wilunadulterated grape wine, upon which every one having occasion to use wine may most implicitly rely.

The wine is made at Speer's vine-yards, Passaic, N. J. It has a rich fla-vor, mellow juiciness, and brilliant color, and is not only an agreeable beverage, but highly beneficial in its properties. We know this to be the fact, having tried the article thoroughly. Use Speer's Bottled Wines with his signature on the cork, and you are sure of getting a pare article.-Daven-
