Send for one of our Illustrated Pamphlets. [apl0-ly COMMUTATION FOR RATIONS.

After more than fire years experience and experiment ing in the manufacture of STRICTLY FIRST QUALITY HOOP SKIRTS, we ofte our justly relebrated goods to merchants and the public in full confidence of their superiority over all others in the American market, and they are so acknowledged by all who wear or deal in them, as they give more satisfaction than any other Skirt and recommend themselves in every respect. Dealers in Hoop Skirts should make a note of this fact. Every lady who has not given them a tital should do so without further delay.

Our assortment embaces every style, length and size or Ladies, Misses and Childien. Also, Skirts made to order, altered and required.

Ask for "Hopking them Make," and be not deceived.— See that the lotter 'Hy is weven on the Tapes between each Hoop, and that they are stamped 'W. T. HOPKINS, MANUFACTURER, 623 ARCH STREET, PHILAD'A," upon each tape. No others are genuine. DISCHARGED SOLDIERS. The act of March 2, 1867, also makes provisions for tayment of the

Warranted to keep True Time for every Day of the Year

This valuable instrument, which is warranted by us to
give the true time of day throughout the year, is constructed on strictly scientific principles, being based on
astronomical tables and calcutations, and affording the
truest measure of time which human inganuity and skill
can devise exceeding in accuracy and reliability the most
perfect chronometers, whilst the low price at which we
offer it to the public places it within the reach of all. Its
portability makes it cornenient for travelors, and to overy
farmer or householder it must prove invaluable to regulate their clocks and watches by the most infulible tost
recognized by science.

The mode of using the "Solar Watch" is the simplest
that can be devised. After screwing the Style or Gamon in its place in the moveaulo beas head and setting it
directly over the straight line corresponding to the date,
or that nearest to it on the cylinder, the instrument is
placed upright in the sunshine in such a position as will
throw the shadow of the Style directly upon the line under it. After placing the plumb-line, by means of its
phase attachment, at a right angle with and to the left of
the Style, in order to set the cylinder perfectly lavel, the
point where the extremity of the shadow falls, and its
distance from any of the wary or coss lines exhibiting

int where the extremity of the shadow falls, and it is tance from any of the way or cross lines exhibiting a morning and corresponding afternoon hours, will in each the true lime of day.

The whole apparatus, consisting of a Cylinder and Dia an, moveable Brass Head, Style, Plumb line, and Bras and move and the chement for the same, neatly put up in compact boxes sold by us at the incredibly low price of ONE DOLLAR Manufacture and each act. tured and sold, wholesale and retail, by BRYENS, FABRE & CO., 34 North Ninth Steet, Philada. sale, wholesale and retail, at Wm. Lewis' Bool

comes when least expected.

I propose to chock, and effectually dissipate more ache and pain, and to accomplish more perfect equilibrium of all the circulating finids in the human system, than can be effected by any other, or all other methods of medical aid in the same space of time.

THIS POPULIAR REMEDY is fast coming into use, for the fact that I cure, froe of charge, all these complaints whenever there is an opportunity to do so. As soon as it is applied it almost marculously kills the pain. I do not ask you to buy before you are certain of its efficiency. If you have an acheor pain, it is warranted to do all it purports on the label.

I do not propose to cure every disease—only a class named by my directions. My limiment operates on chemical and electric principles, and is, therefore, appliable, to the cure or maintail restorative of all organic derangement arising from an improper circulation of the nervo vital fluids. otor, Huntingdon, Pa.
