

Subscribers to The Globe will remember that they can discontinue their subscriptions at any time, and the amount paid on the same (after deducting for the time the paper may have been sent) will be refunded.

To Our Friends. We propose to make considerable improvement in the appearance of the Globe early in the spring, if our friends will do their part by giving us the necessary encouragement.

We cannot complain of the support we now receive from a generous public, but it is more liberal we could give a better paper for the same money each subscriber now pays.

On Friday afternoon last, Mr. B. X. Blair's horse, left standing untied, ran away, but no serious damage was done.

Many a woman thinks she can do nothing without a husband, and when she gets one, finds she can do nothing with him.

The Mount Union Herald has hoisted the names of Andrew Johnson and Gen. Winfield S. Hancock for President and Vice President.

We learn that Mr. J. Simpson Africa and family will return to this place again in the spring. "There's no place like home."

Chas. H. Miller will build a new brick dwelling next summer, and John Reed will put up a new brick drug store. Who will follow them?

Prof. E. Wilke Thomas, the efficient music teacher of this place, has now four five bands under his instruction. This shows that he is appreciated.

An aged man, named McCurdy, residing near Lewistown, was bitten by a rat some time ago, and the rat died from the effects, and a fatal result is feared.

George Morgan, a workman at the Glamorgan Furnace, Lewistown, while engaged in receiving ore, on the top of the building, slipped and fell to the ground a distance of 90 feet, and sustained serious if not fatal injuries.

One hundred and three persons professed conversion at the revival meeting in the Methodist Church in Williamsburg, just closed, and ninety-four were received into the church on probation.

A few days ago, ex-Sheriff Miller received at his brewery a keg of new yeast, and when he opened it, the whole party.

Mr. Wharton read a bill in place on Friday, to authorize the trustees of the Huntingdon Academy to sell the building and lots and invest the proceeds for the establishment of a State Normal School.

From what we can hear there are to be some decided improvements in the way of building to be inaugurated in our town early in the spring, and carpenters and bricklayers will be in demand. We like to see it; it is a sign of progress.

At a fair recently held in Bellefonte, a handsome silver plated clock was voted every, the candidates being ladies. The sum cost \$200 and the voting realized over \$800. The winning lady received 517 ballots.

A three or four year old daughter of Mr. Struble, of Centre county, was so shockingly burned on Saturday week, by his clothes taking fire from the stove, while the parents were employed outside the house, that it died in about eight hours after the sad occurrence.

Edward Sims, the Englishman who repaid the kindness of old Mr. Barkley, in a railroad watch-house, was tried in the Blair county Court last week, and sentenced to four years in the Western Penitentiary.

At a book presentation in a school room in Johnstown, the room became so crowded that it was feared the floor would give way, and when the dread became universal there was a general rush to escape the fall. Nobody was injured, but all it is said were badly scared, fearing a repetition of the situation disaster.

We published last week that the dwelling house of Mr. John Evans, in Riddlesburg, Bedford county, was destroyed by fire on the 4th instant, and his two little children were burned to death. A correspondent of the Bedford Gazette says that one of the children took sick and his mother had left the sick child in the cradle to be rocked by the older one, until she would run to a neighbor's to get something for it. On returning she found the house on fire, and before she reached the door, had been completely consumed by a fire which had thus far proved to be ineradicable. Cats are becoming scarce, and rats and mice more numerous. Can't somebody give the public a cure for the cat disease?

How SHOULD JUDGMENT NOTES, TRANSFERS AND WAIVER OF EXEMPTION LAW BE STAMPED?

The following letter from Commissioner Rollins to Joseph Fichter, Esq., of Newry, Blair county, gives important information to persons giving or taking notes:

The TOLSON DEPARTMENT, Office of Internal Revenue, Washington, January 23, 1888.

Sir: I reply to your letter of the 20th inst., that a judgment note of the form enclosed should be stamped at the rate of promissory notes, being five cents for every hundred dollars or fractional part thereof. If any special agreements are added, such as a waiver of the benefit of the exemption law, &c., an additional five cent stamp is required.

The power to confess judgment is specially exempt by section 160 of the Revenue Law.

The transfer or assignment which passes the ownership of such a note, requires a five cent agreement stamp, whether endorsed or written on the note, or a separate paper.

The assignment of a negotiable promissory note by simple endorsement or writing the name of the holder on the back, is exempt. But a separate assignment requires an agreement stamp. Any written assignment of a note which is not negotiable, should be stamped as an agreement.

Very respectfully, E. A. ROLLINS, Commissioner. Joseph Fichter, Asst. Assessor, Newry, Pa.

"Somersault No. 4."

On Thursday last, on our return from Dorland's sale, when on the hill side near Elys, our horse slipped, fell over the bank, and after turning a somersault with the sleigh, was cut out of the harness safe and sound. Had we remained in the sleigh, the Monitor this week would have had our fourth somersault to record, and no doubt it would have been more damaging to us than any one of the three we have credit for.

"The Journal & American" refuses to recognize the nomination of Curtin by its party.—Globe.

"While we pity a fool we must despise a liar. The Journal & American has never refused to recognize any nomination made by the Republican party, and does not intend to do so. We present the name of Gov. Curtin as our choice."—Journal & American, February 12.

Keep your wrath bottled up, neighbors, you will need it all for the "common enemy" before the campaign closes. You will remember that Grant and Curtin were nominated by your party on the 14th of January. On the same day we nominated them as our candidates, and since then their names have been at our mast head as the nominees of the party. You published a paper on the 15th, 22d and 29th of January, and 5th of February, and your readers failed to find Curtin's nomination recognized in either edition, or referred to editorially as having been nominated by your party. In your paper of the 12th of February, four weeks after Curtin was nominated by your party, you, for the first time, recognize his nomination. Perhaps you were respectfully requested by your party friends to give that recognition. We are glad that you have finally agreed to recognize and support Curtin. Better a little late than not at all, especially as a united effort may be necessary to give him the State.

FROM WASHINGTON.

Feb. 13.—At the meeting of the Reconstruction Committee this morning, Representative Stevens, of Pennsylvania, submitted a resolution stating that it appeared from the late correspondence between the President and Grant for Grant, that the President had violated, or sought to violate, the provisions of the Tenth of Ohio Bill, and that consequently he is guilty of high crimes and misdemeanors, for which he ought to be impeached by the House. The resolution was discussed with much spirit, the point of the debate being as to whether the President had violated the bill by an effort to induce General Grant to hold the Secretary of War at the disposal of the President after the Senate, by its resolution, had restored Grant. Finally the resolution was tabled by the following vote:—Yeas, Bingham, Beckman, Payne, Hubbard, Republicans, and Brooks and Beck; Democrats; yeas, Stevens, Farnsworth and Boutwell. After the vote, which created considerable excitement, the committee adjourned, when Mr. Stevens invited Messrs. Boutwell and Farnsworth
