To Our Friends.

We propose to make considerable improvement in the appearance of the GLOBE early in the spring, if our friends will do their part by giving us the necessary encouragement. All arrearages can be paid up-and every good subscriber and friend can procure for the GLOBE an additional advance paying subscriber, which would give us support sufficient to enable us to give our patrons a much better paper than we can afford to give now. All our patrons would be gainers by merely using their influence to secure for us the necessary additional help. We cannot complain of the support we now was more liberal we could give a better paper for the same money each subscriber now pays. Will our friends and patrons go to work immediately, that we may be able to make arrangements for the improvement at an early day.
