THE PEARL WEAVER.
Within the midnight of her life,
That hidden in its deepest depth,
A single gem of truth and love,

How Peobles Asked the Old Man.

Peobles had just asked Mr. Merriweather's daughter if she would give him a lift out of bachelorhood, and she had said "yes." It therefore became absolutely necessary to get the old man's permission, so, as Peobles said, that arrangements might be made for hopping the conjugal twig.

The Artificial Propagation of Fish.

WHAT HAS BEEN AND CAN BE DONE.

The States of Maine, New Hampshire, Vermont, Massachusetts and Connecticut have appointed fish commissioners and have made appropriations for improving the rivers running through these States, so that salmon, brook trout, and shad may ascend again to their sources and descend again to the ocean, by means of fishways built over and around all falls and dams that now impede their passage.

TO SUBSCRIBERS.

Those subscribing for three, six or twelve months with the understanding that the paper be discontinued unless subscription is renewed, receiving a paper marked with a + before the name will understand that the time for which they subscribed is up.

A Wedding Night Shift.

It wasn't hardly the fair thing the boys did to Joe Thompson the night he was married, but the temptation was too irresistible. They couldn't have helped it to have saved their lives. I'll tell you how it was.
