Physiologists after patient and long inquiry have arrived at the conclusion that the power of the entire man, his vitality, is as much expended by two hours of deep mental effort as by a whole day of ordinary bodily labor. Who should pity editors?

What would our readers think if one of our ministers should open exercises in the pulpit by reading at length a full report of the prices current of flour, butter, meat, lard, etc., and of cost of clothing, shoes, etc? And yet the papers state that a minister in Union, Ill., did this very thing, and no doubt accomplished what he intended, for the congregation responded with a liberal donation.

The Cambria Freeman says:—Mr. John O. Jones, a farmer residing in Cambria township, a short distance from this place, recently lost no less than eight valuable cows by death within a period of two weeks. We learned nothing as to the probable cause of the mortality, but it is said that the animals first became blind, and then frothed at the mouth, and manifested other symptoms of a hydrophobic character.

Present Status of the Washington & Buffalo Railroad.

At length our citizens are permitted to begin the work preparatory to opening up a direct, short, cheap and rapid communication between the National Capital—the Southern Atlantic sea board States, the interior counties of Pennsylvania and the States and provinces adjacent to the great Lakes.

During the past week, the Legislature of Pennsylvania passed two acts of Assembly, under either of which the proposed connections may be made.

First, an act to incorporate the Huntingdon, Fulton and Franklin R. R. Company, and secondly, a Free Railroad Law which has received the approval of Governor Geary. Of the 325 miles from Buffalo to Washington, two links of about 80 miles in length are unprovided for, to organize a company to build these 80 miles, and a lateral road of 20 miles to East Broad Top Coal basin, \$800,000 must first be subscribed and \$80,000 in money paid into the treasury of the Company previous to receiving letters of incorporation.

Under the special act when \$100,000 shall be subscribed to the capital stock, and 10,000 paid thereon letters Patent will be issued, and if 10 miles is built within five years the Charter will be perpetual. Hence these two Railroad laws may be made to work together.

Under the special charter, the division between Cumberland Valley and the Juniata River may be commenced and merged in the Washington and Buffalo through railway. As this subject is deserving of immediate consideration it is respectfully suggested that a preparatory meeting of all those interested, who may find it convenient to attend, be held at Huntingdon on Wednesday evening, April 15th, '68 (of which notice will be given) when further proceedings will be considered, and notice given of time and place, where the Commissioners named in the special act of incorporation will be requested to meet for the purpose of naming times and places for opening books of subscription to the Capital stock of the Huntingdon, Fulton & Franklin Division of the Buffalo and Washington Railroad.

By order of the Committee.

Bankrupt Law.

The Scranton Republican says: There has been a question as to the time the Bankrupt Law remained in force, before the additional 50 per cent. clause took effect. It was supposed by E. N. Williams, Esq., Register, that it expired on the 1st of March, and with this understanding he ceased making out applications under the act at that time, until the question was decided. The following definitely settles the question:—

Circular.

Office of the Clerk of the District Court of the United States for the Western District of Pennsylvania.

Pittsburg, March 4th, 1868.

Sir: I am directed by the Judge to inform you that upon the questions raised before him as to when the year mentioned in 35th section of the act expired, he has decided that it expires on the first day of June next. After that date the 50 per cent. clause becomes operative.

Very respectfully,
S. McCaskey, Clerk.
To E. N. Willard, Register.

The Crops.

A correspondent of the Pittsburgh Commercial, signing himself H. G. C., writes from Shilohsburg, this county, under date of April 9th, as follows:—I have this spring traveled through Indiana, Illinois, Kentucky and Missouri, and throughout all that country the wheat crop promises a heavy yield. But it is generally conceded that the wheat crop in Northern Missouri, Indiana, Ohio and Pennsylvania is already fatally injured. It is a question of much uncertainty whether any of your readers are aware of the existence of such a county as Huntingdon, much less of its being of any importance in the political and agricultural world. Nevertheless it has a population of 30,000, and much good wheat land. The winter grain in this and adjoining counties presents a very flattering prospect, and farmers are looking forward to a heavier harvest than has been gathered for several years.

Never Too Late.

The Cambria Freeman tells the following: It is rumored that a wedding came off in this vicinity at the unpropitious hour of midnight, a few days since, and it is further alleged that that late hour was chosen in order to avoid a "little unpleasantness," as Josh Billings would say. The young man, so report says, had promised to marry two confiding fair ones, and fixed the same day for both ceremonies, but as that arrangement could not be carried out with regard to the personal safety he concluded to compromise matters by marrying one of them "between two days," and hence the wedding we have noted. If the one he did marry should precede by force of promise our readers shall hear of it.

Public Meeting.

There will be a public meeting in the Presbyterian Church of this place, on Friday evening next, 17th inst., at 7 o'clock, under the auspices of the Young Men's Christian Association. Able addresses will be delivered by Ministers of the Gospel, and Hon. John Scott and R. Milton Speer, Esq. The exercises will be interspersed with appropriate music. A cordial invitation is extended to the public to attend. Users will be present to accommodate all with seats.

G. A. H.

A meeting of Post No. 83, Grand Army of the Republic will be held at the Court House, on Friday evening next, the 17th inst., at 7 o'clock, for the purpose of reorganization. The attendance of all the members is requested. Persons wishing to become members can make application at this meeting.

The Normal School.

A second meeting of the subscribers to the fund was held in the Court House on Saturday evening. Articles of association to be presented to Court were adopted. The committee on location was continued. It is not yet certain where the building will be located. The meeting adjourned to meet again on next Saturday evening.

Notice to Teachers.

The undersigned has made an arrangement with Prof. Kuhn of Millwood Academy, Shado Gap, to teach during the months of May and June, in that Institution. The object is to give instruction in the branches required by law to be taught in our common schools. A number of young persons desirous of teaching have signified their willingness to attend, and if there are others who desire to attend this School they can be accommodated.

I have no pecuniary interest whatever in this arrangement, and my only object is to afford all the assistance in my power to increase the number of better qualified teachers. Teachers who received a low grade of certificate this year must improve or by another year their services will be dispensed with. The State Superintendent has earnestly urged the importance of raising the standard of teacher's qualifications, and the best interests of our schools imperatively demand that this should be done.

The School opens on the first Wednesday in May, and continues five months. Terms \$16 per month for Board, Tuition and Room Rent.—Those who wish to study the Languages or the Higher Mathematics can do so in the regular classes of that Institution.

Prof. Kuhn brings high testimonials as an accomplished teacher, and has I believe given general satisfaction during the time he has taught our county.

Speer's Wines

Are the pure juice of the grape, and are unexcelled by any native vintage. They contain valuable medicinal properties, and are of intrinsic worth to the invalid and the convalescent, strengthening the weak, and restoring the system to tone and vigor. Sickly persons and females should try them.

SPECIAL NOTICES.

THE REASON WHY MEN HAVE HEADACHES is many different diseases. It is the best remedy for a deranged stomach, or dyspepsia, and because it invigorates the entire system, strengthens the nervous force, elevates the standard of all the vital forces, and ensures a most beautiful tone of the human organism. Medicine that will do this, will cure any disease, for the simple reason, that nature will do the rest.

We guarantee that no woman or child, however pale or emaciated, can use these bottles regularly for ten days, without the loss of the ruddy cheeks and fair complexion characteristic of good health.
