Railroad Project. A correspondent of the Bloody Run Press thus refers to a railroad project that is now being talked of:

"The people of Perry are very sanguine of the early construction of a railroad through their county. It is the old Sherman's Valley and Broad Top road. The citizens of Bed-ford should feel interested in this road as it will be of untold benefit to them. It is to be built by a Reading Co., and will start at Harrisburg, will connect with the Huntingdon and Broad Top road at or near Hunting-don, and will there connect with the Pitts-burg and Connellsville Road at Bridgeport, thus opening a new thorough route from Pittsburg and West Philadelphia and New York, shortening the route about 40 miles.— This route was surveyed in 1856."
