Democratic Greenback Counterfeits

The Washington correspondent o the Philadelphia Inquirer, under date of September 23d, thus exposes one of the Democratic election eering dodges A few days ago a citizen of Blair county, Ponnsylvania, forwarded to General Spinner, United States Treasurer, one of the bogus dollar greenbacks, got up by the Democrats as a burlesque upon the national currency. themselves they will be admitted This specimen is printed on commo coarse paper, with green ink front and back, and the engraving is from a wood cut, roughly done, but at a little distance off it might readily be mistaken for a genuine note, and could easily be passed at night, or upon near-sighted persons, as a genuine bill. Instead of Chase's likeness on the left hand cor ner, which the genuine dollar green-back contains, this imitation bears the likeness of Seymour, and has a facsimile signature of Treasurer Spinner held in this place on the 7th of Octoin its usual place at the bottom, right hand side. On the back it contains a promise to pay the bondholders in greenbacks, including 5-20 bonds, which is the Democratic doctrine.
