For restoring Gray Hair to

ened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophicd and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted nerely for a

JOHN READ, Agent. Ayer's Cathartic Pills, For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative Pill. The obvious reason is, that it is an more reliable and far more effectual romedy than any other. Those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that It never fails through any fault or neglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel or any delectorious drug they may be taken with safety by anybody. Their sugar coating proserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity. They operate by their powerful influence on the into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as ara the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these Pulls rapidly cure:—
For Dyspepsia or Holigration, Listless—

the box; for the following complaints, which these Pills rapidly cure:—
For Dyspepsia or Indigestion, Listlessess, Languop and Loss of Appetite, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.
For Liver Complaint and its various symptoms, Billious Headache, Sick Headache, Juundice or Green. Sickiness, Billious Colic and Billious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.
For Dysentery or Diarrhoea, but one mild dose is generally required. dose is generally required.

For Rhrumarism, Gont, Gravel, Palpistation of the Reart, Pain in the Side, Back and Loins, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints diameter. For Bropsy and Bropsical Swellings they should be taken in large and frequent doses to produce the effect of a drastic purce.

For Suppression a large dose should be taken as it produces the desired effect by sympathy,

As a Minner Pill, take one or two Pills to promote digestion and telieve the stomach and lowers into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of those Pills makes him feel deckedly better, from their cleansing and renovating effect on the digestive apparatus. DR. J. C.
