THANKSGIVING DAY.

Proclamation by the President---Thursday November 26, the day appointed. A PROCLAMATION.

In the year which is now drawing to its end the art, the skill and the labor of the people of the United States have been employed with greater dili-A. R. gence and vigor, and on broader fields than ever before, and the fruits of the earth have been gathered into the gra-nary and the storehouse in marvolous abundance, our highways have been lengthened, and new and prolific regions have been occupied. We are permitted to hope that the long protracted political and sectional dis-cussions are at no distant day to give place to returning harmony and fraternal affection throughout the Repub-lic. Many foreign States have entered into liberal agreements with us, while nations which are far off, and which heretofore have been unsocial and exclusive have become our friends The annual period of rest which we have reached in health and tranquili ty, and which is crowned with many blessings, is by universal consent a convenient and suitable one for cultivating personal piety and practicing

public devotion. I, therefore, recommend that Thursday, November 26th, be set apart and observed by all the people of the United States as a day of public praise, thanksgiving and prayer to the Almighty Creator and Divine Ruler of the Universe, by whose over-watchful, mereiful and gracious Providence alone, States and nations, no less than families and individuals, men do live

and have their being.
In witness whereof, I have hereun to set my hand and caused the seal of the United States to be affixed. Done at the city of Washington, this 12th day of October, in the year of our Lord, 1868, and of the independence of the United States the nine-

STOVES,

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color freshness of youth. Thin hair is thick-

ened, falling hair checked, and bald ness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed or the glands atrophied and decayed But such as remain can be saved for usefulness by this application. Instead nent, it will keep it clean and vigorous Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted

HAIR DRESSING, othing else can be found so desirable Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.

Prepared by Dr. J. C. Ayer & Co., PRACTICAL AND ANALYTICAL CHEMISTS, LOWELL, MASS. PRICE \$1.00.

Ayer's Cherry Pectoral.

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthmo, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for inciplent consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of Croup, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them. Although settled Consumption is thought incurable, still great numbers of cases where the disease seemed settled; have been completely cured, and the patient restored to sound health by the Cherry Pectoral. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the Cherry Pectoral they subside and disappear.

ing else could reach them, under the Cherry Pectoral they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly
cured by it.

Bronchitts is generally cured by taking the
Cherry Pectoral in snall and frequent dozes.

So generally are its virtues known that we need
not publish the certificates of them here, or do more
than assure the public that its qualities are fully
maintained. which throws all others in the shade, is still Ayer's Ague Cure,

Our pride is gratified by the ecknowled meant we receive of the radical curve effected in obvious cases, and where other remedies had wholly failed. Unacclimated persons, either resident im, or travelling through minematic localities, will be protected by taking the 16UE CORE daily. For Liver Complaints, arising from torpidity of the Liver, it is an excellent remedy, slimulating the Liver into healthy activity. For Bilous Disorders and Liver complaints, it is an excellent remedy, producing many truly the markable curves, where other medicines had failed. Prepared by Dr. J. C. AYER & Co., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world. They are adapted to all kinds of Family Sewing, and to the use of Seamstresses, Dresmakers, Tailors, Manufacturers of Shirts, Collars, Skirts, Cleaks, Mantillas, Ciothing, Hats, Caps, Coreste, Linen Goods, Umbrellas, Parasols, etc. They work equally well upon silk, linen, woo'en and cotton goods, with silk, cotton or linen thread.
