The Globe.

HUNTINGDON, PA. Wednesday morning, Jan. 13, 1869. WM. LEWIS, HUGH LINDSAY,

The "Globe" has the largest number of recelers of any other paper published in the county. Advertisers should remember this. There will be no session of Court next week.

The Democrats are circulating a petition to the President, to pardon

num than men for the same amount.

PA.A dispatch from Washington says: "The question whether certain States have republican forms of government or not is dead, the committee our readers that John Scott has been being tired of the investigation." We suppose Pennsylvania will be considered as having a republican form of government, notwithstanding no provision is made for negroes voting.

When Hon. John Scott takes a seat in the United States Senate it will be a public notice to dishonest speculators hanging around Washington to leave. President Grant will want the help of just such men as Scott, and it would be something in the pockets of the people if there could be several more Scotts elected from other States.

The State Legislature met on Tuesday of last week. In the House, Hon. John Clark, of Philadelphia, was elected Speaker. In the Senate Mr. was elected yesterday.
