

LOCAL & PERSONAL

Meetings. Mt. Zion Lodge, No. 25, P. M. meets second Monday evening of each month, in Brown's building.

Every man's interest is consulted by encouraging his home trade.

Mr. Stein of Bellefonte was killed the other day by a tree falling upon him.

He who wastes his youth beggars himself for life. Young man, take warning.

Petroleum V. Nasby lectures in Hollidaysburg on Saturday next.

Lewisburg is looking up in the building line. Not so in the railroad line.

There are twenty-two prisoners in the Clearfield jail. Bad place over there.

We caution our brethren of the press not to trust Dr. Witors. He is a "fraud."

The next time "Broad Top" comes to town we hope he will make himself known to us.

The upper story of a house in Lewisburg belonging to E. L. Benedict, was destroyed by fire.

A valuable white horse belonging to Mr. J. M. Hester of this place, died of colic on Saturday night last.

We hope the plan that many of our country friends pursue of smoking meat in their dwellings will be abolished.

McConnellburg boasts of a man who is father of twenty-eight children, and has been four times married.

There is a proposition at headquarters to extend the borough limits to include Oneida township.

Hollidaysburg has 55 adult negroes that the Radical says will soon be free. P. ps. Hollidaysburg has 150, more or less, fit.

A train of cars passed through Bedford the other week. It will be a long time, we think, before it will have a train of cars.

Easter will fall on the 28th inst. This is owing to the remarkable phenomenon that, about that time March makes his eggs hit.

The Temperance Indicator of last week published the list of signers to a license of a Mapleton liquor dealer. Scanned's crew.

Mon. Charles R. Coburn, at one time State Superintendent of Common Schools, died at his residence in Bradford county, on the 8th inst.

The Bellefonte Watchman says, Guess all the glass-works we want is a larger, bigger glass. Perhaps one might be made to suit your taste, Bro. Furey.

A high mass of requiem for the Penian martyrs, Alan, Larkin and O'Brien, was celebrated at the Catholic church in Dudley, on St. Patrick's day.

Joseph Dizgins of Carbon township, this county, who was the judge of both the elections last fall a year, which were pronounced illegal, has again been re-elected.

We referred a few weeks ago to the murder of J. C. Clark's son, "Grant" and "Collis" by some malicious individual. On the same night somebody poisoned Mr. Jas. Terry's dog named "Grant."

A showman tried to create a furor in Lewisburg the other day by announcing his coming with a revolution. He didn't need a revolution. He had the blessing of the printer, without which who ought to prosper?

Mon. A. Barker, of Ebensburg, and Dr. J. H. Witmore, of Markleburg, are announced to address a temperance convention at Williamsburg, Blair county, on the first Monday in April.

For all the interest that is manifested at a spring election in this borough we think it ought to be abolished. When we see so many deep voters don't care to put themselves to much trouble to vote for anybody.

A number of our citizens went to Hollidaysburg to hear Gough. They didn't go off with the usual "Yesss" and "Nooos" and "Oooohs." They were glad to hear Gough and an opportunity to return the compliment by hearing Talma on Monday evening next.

The daily noon-day prayer meetings held in the room of the Y. M. C. A. of this place, were suspended for a week, on account of a tendency last week being about twenty-five, including both sexes.

Our young friend Mr. Thomas Shirrer, formerly of McConnellstown, paid us a visit on Saturday last. He has just graduated in Jefferson College in Philadelphia, and is now an "M. D." Success wherever you go.

The common schools of Tyrone have been discontinued for want of funds to carry them out. It would be sorry to see that place more neglected than it is at present. How about the "whiskey-speak" Are they supported? We speak advisedly.

Blake & McNeil have purchased the interest in the Huntington Foundry owned by J. M. Cunningham & Son, and will be happy to receive orders, which we have no doubt will be executed promptly and in a workmanlike manner. Advertisement next week.

A fellow in Lewisburg, a Democrat we suppose, had the self-denial to resign as clerk in one of the Departments at Washington, and resignation to take effect March 4th. He resigned at that time he would have to say hello. Such sacrifice!

Johnny Srop, the pushing merchant, is determined to keep the ball rolling, and will accommodate his customers with anything in his stock of candies and notions at reasonable figures. Young America should be encouraged, and we are glad to add that he is.

A rich treat is promised us on Monday evening next, and we have no doubt we will receive it, and not an alone, but all who go and hear Rev. Talma's lecture, "Our New House." Come and hear it. It will probably be the last and best of the season.

In York the other day a man named Thos. Crouwell, well up in his sixties, married a Mrs. Esther Oliver, over one hundred years of age. They were both of the colored persuasion, and singular to relate they never saw each other but once before their marriage. Love works darkly sometimes.

Rev. Thomas Barnhart moves to Tyrone this week where he has been stationed by the M. E. Conference, his term as presiding elder having expired. He has a large congregation in his new charge, and has made many friends in this place, who regret his departure.

We have received the first number of a beautiful magazine, entitled "Our Own," edited by Annie Warner, and published by Gillet, McGuigan & Griffin, No. 701 Chestnut street, Philadelphia. It has a good crowd of writers, and is in every respect a first-class magazine.

Our young friend W. O. Cunningham, son of Mr. Robert Cunningham, of this place, is in Europe and Domestic Dry Goods, 529 Market street, Philadelphia. Will be an accommodating and correct young man, and we have no doubt he will be satisfied with our bargain.

FIRE IN JUNIATA TOWNSHIP. A GIRL BURNED TO DEATH.

The citizens of our town were considerably alarmed on Wednesday last by hearing of a fire that had occurred that morning between two and three o'clock at the residence of Mr. William Dean, a farmer, in Juniata township.

It was ascertained that the fire originated from smoking meat in the fire place in one end of the house and soon communicated to the dwelling, in which the inmates, consisting of Mr. and Mrs. Dean, and their two daughters, Kate and Martha, were soundly asleep.

The fire made rapid progress, and with difficulty Mr. Dean and his wife, who slept below, escaped, while Kate and Martha, who slept up stairs, run through the flames to the door—Kate escaping in her night clothes, and being badly burned about the face, shoulders and hands in the attempt, while Martha succeeded but in getting to the door when it is supposed she was swathed with smoke and fell, and was consumed in the flames.

Mr. Dean looks up now aching, and by Mr. Harrison Speck, the nearest neighbor. The injuries which Kate received, though painful in the extreme, will not be fatal, but it is thought she will lose the use of her hands.

Mr. Talma is regarded as one of the most fascinating and popular lecturers in the United States, and his lectures have now come to our county, as that of the Young Men's Christian Association, the very name of which is sufficient to commend it to the earnest consideration of the moralist, the philanthropist, and the Christian.

We copy the following item from the last Mount Union News: Through tickets for sale.—Through tickets via Penn. R. R., can henceforth be bought at Mount Union.

Mount Union is increasing in population and trade, and should have a telegraph office at the town, and it is the duty of the State to take on and leave off passengers at Mount Union. If we go to Church at Huntington, we must stay over night. Evil communication corrupts morals and hence is the story of the man out of whom the evil one was cast is renewed every time we go to Church in that unhealthy locality.

We always like to see our neighbors prosper, but we can't see the justice of the fact that "through tickets" can be bought at Mt. Union, and the cause for so much malice in regard to Huntington as the above item contains. If Mt. Union has such a station as to afford its people a chance to buy through tickets, we think it ought to have churches to afford our contemporary a proper channel for his "good morals," and not have them corrupted by coming all they way to this "unhealthy locality."

On Friday last the 19th inst., Representative Conferences from Huntingdon, Millin and Juniata, met at this place and organized by calling Solomon Books to the chair and appointing D. R. P. Neely, Secretary.

The Conference then proceeded to elect delegates to the State Convention. The following delegates were elected: W. H. Woods, had 9 votes. J. D. Patterson, " 8 " D. D. Motherbaugh, " 7 " W. W. Woods and John J. Patterson having a majority of votes were declared elected, and the Conference adjourned.

Notice.—Persons holding the following tickets are entitled to prizes in our Gift distribution of March 18th. 74295, 60299, 30447, 11423, 2629, 92385, 62470, 24444, 90900, 18406, 62633, 38950, 60817, 46451, 9001, 80027, 63807, 407, 2835, 76476, 18225, 68886, 49823, 467, 48906, 70909, 78996, 20031, 90287, 90873, 52771, 38950, 54492, 44248, 73880, 2852, 70659, 12206, 42850, 74008, 64837, 46238, 54238, 36411, 72403, 62, 50, 54842, 64473, 48654, 26443, 46645, 72047, 18092, 70823, 52004, 22005, 58814, 60275, 46849, 52002, 6023, 24039, 90673, 52771, 38950, 54492, 44248, 73880, 2852, 40851, 80039, 64083, 44201, 6078, 68805, 46405, 80032, 70197, 2470, 444, 64672, 72803, 28482, 22011, 74608.

Another Fire. We learn that the residence of Mrs. Chaney of Barre township, was totally destroyed by fire on Sunday 7th inst. She was at church at the time, and it is not known how the fire originated. She lost about \$400 in property.

Henry Ward Beecher says, "Early marriages are permanent marriages, and deferred marriages are temptations to wickedness."

Politics in Democratic Carbon. A correspondent relates the following as the manner in which politics are conducted in Carbon township, at the spring elections: "The whiskey ring forms a plan by which they can get a man for constable who will take no notice of them selling liquor on Sunday. If they find such a man they next select a number of rough, devil-may-care sort of fellows to go to the nomination, and 'cooled and primed' they vote unanimously for the proposed candidate.

Now, having achieved their victory they wait the day of election, when the like turns in another direction. As none but qualified voters will be allowed to vote, the whiskey ring has to vote a new stratagem. Now the fun commences. There is no fun at a fall election or excitement either, when compared with a spring election.

The whiskey ring works admirably well. With pockets full of money they pick out every ignorant duff that they can seduce by whiskey, and if he would get it so as to obtain his vote."

Local Legislation. Mr. Brown read in bill and presented to the chair, a bill entitled "An act to provide for the enlargement of burial grounds in the county of Huntington."

Also, a bill entitled "An act to authorize a tax upon dogs in the county of Huntington, for school purposes."

Also, a bill entitled "An act to extend to Huntington county an act entitled 'An act for the relief of the citizens of Adams, Franklin, Fulton, Bedford, York, Perry and Cumberland counties, whose property was destroyed, damaged or appropriated for the public service and in the common defence, in the war to suppress the rebellion, approved the 9th day of April, 1868.'

Also, bill entitled "An act to provide for the payment of damages awarded to the executors of John McCahan, deceased."

The New York Tribune says the reason why Plantation Bitters are so generally used is owing to the fact that they are always made up to the original standard, and of pure material, let the price be what it will. The Tribune just hit the nail on the head, for Plantation Bitters are not only made of pure material, but the people are told what they are made of, as the recipe is wrapped around each bottle. Don't go home without a bottle.

MAGNOLIA WATER.—Superior to the best imported German Cologne, and sold at half the price.

Ticket Elected. The following is the ticket elected on Friday last in this borough: East Ward.—Judge—John W. Matney; Inspectors—Thomas Carmon, Mordcau Massey. West Ward.—Judge—James Port; Inspectors—W. F. Cunningham, Nathaniel Williams.

School Directors—Theo. H. Cremer, H. O. Warner, Assessor—A. S. Harrison; Constable—Geo. W. Glazier.

Mean Robbery. Mrs. Drayton, a widow, residing on Millin street, in this borough, has for some weeks past been staying with a friend in the country, and during her absence she left her house unoccupied. Upon her return home she found that her bed clothes, and other articles, had been stolen. No clue has been found to the thief. We learn that some of the stolen goods were found under the Jail stable on Monday morning last.

Business promises to be brisk in town this spring. It could not have been much better at Enterprise Headquarters than it has been for three months—reason why, the people have discovered how to save money and yet live better than they could under the old foggy way of doing business.

Those of our subscribers who intend changing their residence on the coming first of April will oblige us by sending us timely notice where they want their papers directed to, so that we may move with them as well as present misapprehension and save trouble.

Parents are informed that those requiring teachers to instruct children where to buy their books, at higher prices than they can be had at Enterprise Headquarters.

J. S. CAMPBELL, WARREN BUCKLEY, Committee on Resolutions. Williamsport, March 22, 1869.

What Makes a City Grow? The Philadelphia Bulletin has a very suggestive article on the causes which make a city grow, and as most of its remarks are equally applicable to a town like Huntingdon, we deem it proper to call the attention of our citizens to the consideration of our citizens:

There are many causes that are beyond the control of the citizens, such as natural increase, advantages of situation, communication and production; but its many opportunities for its growth, which its inhabitants give to a city has vastly more to do with its growth than all other causes put together.

In other words, the public spirit of the citizens determines the growth of the city. A city attracts population when formed in a favorable position, where rational amusements and healthful recreation, it becomes a desirable place to live in. The more public improvements a city has the more certainly will it draw an increase of permanent residents.
