Josh Billings on Roosters.

There is not on the whole horizon or ov live natur a more pleasing and strengthening study than the Rooster. This remarkable package of feathers has bin for ages food for the philosofic as well as the simple curious mind .as well as the simple curious mind.—

The flesh of the rooster is very similar to the flesh of the hen; it is hard to distinguish the difference, especially in your soup. Roosters are the pugilists among the domestic burds; they wear the belt, and having no shoulder to strike, they strike from the beel.

Roosters, according to profane history, if my edukashun remembers me right, were formerly a man, who come suddenly upon one ov the heathen gods at a time when he wasn't prepared to receive company, and was for that offense rebuilt over in to the fust roose and gives her name by way of confirmation of the fust roose and gives her name by way of confirmation of the fust roose and gives her name by way of confirmation of the fust roose and gives her name by way of confirmation of the fust roose and gives her name by way of confirmation of the fust roots and gives her name by way of confirmation of the fust roots and gives her name by way of confirmation of the fust roots and gives her name by way of confirmation of the fust roots and gives her name by way of confirmation of the fust roots and gives her name by way of confirmation of the fust roots and gives her name by way of confirmation of the fust roots and gives her name by way of confirmation of the fust roots and gives her name by way of confirmation of the fust roots and gives her name by way of confirmation of the fust roots and gives her name by way of confirmation of the fust roots and gives her name by way of confirmation of the fust roots and gives her name by way of confirmation of the fust roots and gives her name by way of confirmation of the fust roots and gives her name by way of confirmation of the fust roots and gives her name by way of confirmation of the fust roots and gives her name by way of confirmation of the fust roots and gives her name by way of confirmation of the fust roots and gives her name by way of confirmation of the fust roots and gives her name by way of confirmation of the fust roots and gives her name by way of confirmation of the fust roots and gives her name by way of confirmation of the fust roots and gives her name by way of confirmation of the fust roots and gives her name by way of confirmation of the fust roots and gives her name by way of confirmation of the fust roots and gives her name by way of confirmation of the fust roots and gives her name by way of confirmation of the fust roots and gives her name by way of confirmation of the fust roots and gives her name by the fust roots and gives roo ter, and was forever afterward des- mation: tined tew crow, as a kind ov warning.

stepping on the yung goslins, and evry now and then they crow confusion.

It enybody should give me a shanghai rooster I should halter him, and keep him in a box stall, and feed him on cut feed, and if he would work in harross ellipsible for the state of the state harness, all right, if not, I would butcher him the fust wet day that cum, and

salt him down to giv to the poor. But there ain't nobody a going tew giv me one ov this breed, not if I kno it. I don't think there is a man on earth mean enough to do it. Roosters do but very little houshold work. They wont lay eggs, nor try

to hatch enny, nor see to the young ones; this satisfys me that there is sum truth in the mythological account ov the rooster's fust origin.

Yu can't git a rooster to pay enny attention to a yung one; they spend their time in crowing, strutting, and occasionally they find a worm, which they make a remarkable fuss over, calling up their wives from a distance, apparently to treat them, but jist as the hens git there, this elegant and elaborate cuss bends over and gobbles up the morsel. Just like a man for all the world!
