Things not to be mixed-love, li

when applied to human beings. The Queen of Madagascar and sev eral of her ministers were recently publicly baptised in the English Mis sionary Church.

The emigrant tide is setting strongly this way from across the water.-Lately, in one week, eight thousand persons left Liverpool for these shores. The Presbytery of Old School, in Boston, was the first to unanimously adopt the basis of re-union of the Old and New Schools agreed upon at New

The Republican Convention of Rich mond City and Henrico County, Virginia, nominated for the Senate one colored and two white men, and for the House one white and seven color-

Don't expect to be considered wise and good simply by wearing a long face and a solemn countenance. It is a trick that half the humbugs and hypocrites in the world regularly prac-

The enormous growth of our intercourse with Europe is well evinced by the increased number of letters sent abroad. The excess this year over the figures of 1868 is upwards of half a million: Judging from the crowded state of all outward bound steamers, the number bids fair to increase in a still greater ratio.

Much domestic unhappiness comes from the fact that people do not know, or do not enough recognize, the peculiarities of each other's natures.— They expect impossible things of each other. If a flaming, demonstrative nature, and a cool undemonstrative nature come together, neither of them understanding or making allowance for the peculiarities of the other, there can scarcely fail of being unhappiness. The latter demands that the former shall keep still, and the former demands that the latter shall wake up. They are all the time actuated by cross purposes, and are at disagreement with each other.

RIDICULOUS CUSTOM .- Why is it that when we meet acquaintances on the street, or in houses, we almost invariably pass some remark about the Was there ever anything so ridiculous? Suppose it is raining your friend has just entered with a dripping umbrella and soaked clothdamp day." If the sun shines, the lady whom you meet upon the street is aware of the fact. She came abroad because it was "a fine day," and you convey no information when you tell her of it. Such remarks are almost universal, and yet, the only use they are of seems to be to supply the lack of something to say.

FIFTY YEARS AGO.

In what a wondrous ago we live,
Not many seem to know;
But few the mighty change perceive,
Since filty years ago;
Our ancestors did never dream,
When things moved very slow,
Of what we're doing now by steam,
Say fifty years ago.
Gentlemen's and Boys Boots and Shoss then
Were made with little show,
But LEWIS RICHTER makes the "styles"
At prices very low.

Ayer's

Hair Vigor For restoring Gray Hair to

ened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted

merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.

Prepared by Dr. J. C. Ayer & Co., PRACTICAL AND ANALYTICAL CHEMISTS, LOWELL, MASS.

PRICE \$1.00. JOHN READ, Agent. Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption. and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their extunation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for inciplent consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of Croup, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidore for them. Although settled Consumption is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the Cherry Pectoral. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the Cherry Pectoral to Strangers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly curred by it.

Singas are 1 to be present and often wholly cured by it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the Chorry Pectoral in small and frequent doses. So generally are its virtues known that we need not publish the certificates of them here, or do more than assure the public that its qualities are fully maintained. Ayer's Ague Cure,

As its name implies, it does Cure, and does not fail. Containing neither Arsenic, Quinine, Dismuth, Zinc, nor any other mineral or poisonous substance whatever, it in nowise injures any patient. The number and importance of its cures in the agne districts, are literally beyond account, and we believe without a parallel in the history of Ague medicine. Our pride is gratified by the acknowledgments we ceive of the radical cures effected in obstinate ses, and where other remedies had wholly failed cases, and where other remedies had wholly failed. Unacclimated persons, either resident in, or travelling through miasmatic localities, will be protected by taking the AGUE OURE daily. For Liner Complaints, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.
For Bilious Disorders and Liver Complaints, it is an excellent remedy, producing many truly remarkable cures, where other medicines had failed. Prepared by Dr. J. C. Aver & Co., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world.
