Lewis & Lindsay.

The shoe is on 'tother foot now. Somebody must feel bad—we know—we were there once.

The "Monitor" is "licked to kill," because it fancies it sees a big hole in the Republican organization.

Soldiers sometimes can be questioned by their enemies—it is a question whether such soldiers are soldiers.

How much of his wealth did Asa Packer give during the war to the Christian and Sanitary Commissions?

If Gen. Grant is anxious for the success of the Republican party in this county, he should be looking after those who are holding office under him.

Senator Scott and Gov. Geary are announced by the State Central Committee to speak in Troy, Bradford County on the 4th inst., and at Towanda on the 6th. They open the campaign, which promises to be short, sharp and decisive.

Mr. Asa Packer, of Mauch Chunk, now the Democratic twenty millionaire candidate for Governor is the master spirit of all the monopolies in the Lehigh Valley. Poor men, remember this when you go to the polls in October.

Alex. H. Stephens is out in another long-winded letter, in which he attempts to prove that the South had a right to secede, and that secession is not unconstitutional. The old rebel had better quit writing about such foolish things and attend to his dying, of which we have heard so much about.

As long as the Monitor associates us with Republicans who are true to the Republican organization and its ticket we will not complain. We intend to be with all who will fight square up "on principle" for the county ticket and the success of the party in the State.

We are sorry to know that a few of our good personal friends who two years ago fought us because we were "out," are now trying to go "out" themselves, and are fighting us because we are "in," and permanently "fixed," and can't see it to go "out" again. We must be excused from playing the fool a second time.

If disorganizers in every other county in the State work as the disorganizers in this county feel like working, Geary's majority may be slightly cut down. It is only when and where our party works harmoniously with a bold and solid front in the face of the Democracy that the great Union Republican party can expect to win.

If the Republican organization of the county should permit a disorganizer to be Chairman of its County Committee, of what service would such committee be to the party? The party would be more harmonious and more successful without a Committee than to have a packed Committee with such a Chairman.

The Democrats of Centre County have laid P. Gray Meek on the shelf to dry, and nominated Jacob G. Meyer. He misrepresented that County in the Legislature two winters, and still he was not satisfied. Meek is a "red-hot" Democrat of the "Bribe" Pomroy School, and after after the fashion of the La Crose Democrat, through the columns of the Watchman, it won't win even in Centre County.

Meeting of Mr. Logan's Packed Committee.

M. M. Logan, chairman of what he would like to force upon the Republican organization as the Republican County Committee, offered us for publication a call for us to meet in his packed Committee, but as we intend to oppose anything like disorganization we refuse to publish it, and shall resort to recognize any action of the Committee as speaking for the Republican party. Mr. Logan must understand that he cannot expect to lead in an organization he appears to be a willing help to try to destroy. He cannot oppose the ticket of the party and at the same time expect to be recognized as chairman of an important committee of the party. The committee he calls together was appointed contrary to the expressed direction of the County Convention, and whilst we may be correct in admitting the loyalty of a large majority of the members of the Committee to the ticket, we must deny that they were appointed in accordance with the instructions of the Convention. The following motion made in the Convention by H. C. Weaver, and which we find in the proceedings of the Convention as handed over to us by Mr. Shafter one of the Secretaries, and the same is to be found in the "full report of the proceedings" as published in the Journal and American, reported by Robt. McDivitt, editor of that paper, and adopted without opposition: "On motion, the delegates to this Convention were authorized to name the members of the County Committee."

In the face of the above facts, Robt. McDivitt, editor of the Journal and American, will deny in that paper of this week that any motion of the kind was offered or adopted in the Convention. We know, as others do, that the above motion was made and put to the Convention by the president, and declared by him adopted.

The Committee has been packed by the Chairman and the disorganizers acting with him for the purpose of creating dissensions in the organization of the Republican party of the county. He has refused positively to put on the Committee many whose names were handed to him in accordance with the motion adopted by the Convention, asserting that he would select the Committee himself.

The true party men on the packed Logan Committee should not respect his call until he is willing to obey the instructions of the Convention that unfortunately for the harmony of the party elected him. The action of the Logan packed Committee will not be respected by the Republican party.

The purpose of Mr. Logan and his advisers is disorganization and the defeat of a portion of the Republican ticket, and Republicans who do not wish to be recognized as unfaithful to their party organization should be very careful what company they get into.

As the Journal and American is under the control of the disorganizers we will keep the true men of the party advised of their movements. It is the duty of a party paper to support the party ticket and the party organization, and to oppose anything and everything and anybody opposed to either.

McClellan, Seymour, Clymer, were all defeated on their record during the rebellion. McClellan, though a good soldier, gave himself, body and breeches, to the Democrats who declared the war "a failure"; Seymour, a pleasant old gentleman, was dragged to death by his compatriot Frank Blair, who was in favor of revolution, and by his concessions to the rebels; and Clymer, the first man the Democrats put up to run against Geary, was defeated on his war record—and now we have Packer, who comes out as the gigantic millionaire, who with all his wealth refused to give the government one dollar to help it in the struggle for freedom and right, and who even steals away from the tax collector comes round. O, Asa, we envy not your wealth, we do not want your lure, but won't you let us know if you have done something to make you popular with the people. Your admirers can tell us nothing about your liberality, and we can not help but believe that you are generous, very. Why were you not the Robert Morris of the slaveholder's Rebellion, and given of your wealth to aid in crushing treason? Was it because your sympathies were all in favor of "Southern rights"?

The Journal and American of this week pitches into us about a foot or two because we did not act with the Republican party two and three years ago. Then we were honest enough to go "out" and act openly against the organization, but the Journal and American editors play the disorganizers under cover of the party they disguise. Be men—and be what you claim to be—not enemies of the party in disguise. Tell your masters to come out of the dark with you. Remember, you will succeed about as well this fall as you did in your guerrillaism against the soldier, Capt. Neely, last fall.

Robt. McDivitt says he always declined being a candidate for an office when a wounded soldier was an applicant for the same. Yes, Robert always declined after the "Bribe" Pomroy School, and after after the fashion of the La Crose Democrat, through the columns of the Watchman, it won't win even in Centre County.

Party Organization, and Success.

The Republican party can only be defeated by the disorganization of its ranks. To prevent disorganization the minority must yield to the will of the majority. A County Convention of delegates from all the election districts represents the party of the county, and its action is positive with all true friends of the party. Our late County Convention nominated a full county ticket—and that ticket can only be defeated by men professing to be friends of the Republican party. As yet there is no public, outspoken, manly opposition to the ticket, but we hear and see daily a guerrilla opposition to it—not because it is not composed of as good men as in former campaigns, but because certain men were successful in not having placed upon the ticket more of their selection.

The first step taken by the disorganizers after the adjournment of the Convention was to ignore the action of the delegates in the appointment of a County Committee. The County Committee the Convention directed should be appointed by the delegates, but the selection of Committee men made by delegates has been treated with silent contempt by the Chairman of the Committee who has not hesitated to declare that he will oppose the election of at least a portion of the ticket. The Chairman, Mr. Logan, had no authority to appoint a single member of the Committee. The Committee he and his disorganizing associates may recognize as a Committee is not the Committee authorized by the Convention and will not be recognized by the Republican party of the County as the County Committee, and we give Mr. Logan notice that unless he speedily obeys the directions of the County Convention that the Convention will reassemble and displace him and appoint a Chairman who will be true to the party, its organization and its interests. The Union Republican party cannot afford to have at the head of its county organization a man unwilling to work in harmony with the friends of a regularly nominated ticket. We say to all honest Republicans in the county, organize in your districts—stand firm to your party nomination—treat with contempt all who are trying by the disorganization of your ranks to give the sham Democracy a victory over you.

More Questions for Democrats.—Did Asa Packer do what he could to crush the rebellion? Wouldn't his \$20,000,000 have gone far to help feed and clothe soldiers? How much money did Asa Packer give to Christian and Sanitary Commissions?

Did Asa Packer, like Gov. Geary, lose a son in the army? Would it be fair or just to elect a man like Packer as Governor of this State, who never helped to obtain its credit as a loyal State?

Asa Packer, with all his money, skulks from paying his taxes. Is he a safe man to trust as Governor?

Asa Packer, a man who never did anything to support his Government, accepts the position as candidate for Governor over Gen. Hancock. Should you vote for him?

The Bogus Logan County Committee.

We wish to be distinctly understood that we are not opposed to the men as Republicans placed upon the Logan Committee by Mr. Logan. We are opposed to them acting as Committee men only because they were not appointed as directed by the County Convention, and we are pleased to hear of several appointed by the disorganizers who will refuse to act with or recognize Logan's Committee as the County Committee of the party. Mr. Logan and his few guerrilla advisers will soon learn how "unpopular and unprofitable" it is to undertake to disorganize and defeat the Republican organization of the county.

These are two things which the Journal and American has never yet been guilty of—playing guerrilla and going back on a soldier. Journal and American.

How about your guerrillaism to defeat Capt. Neely last fall. How about your denouncing Scott and Correll on the public streets for appointing Capt. Blair to the Post Office? Did you decline in favor of Captain Blair? How about it gentlemen? Are you in favor of the election of every man on the Republican County Ticket? If yes, say so, and so inform your readers.

The opposition of the disorganizers appears to be mainly directed at Mr. McK. Williamson, the candidate for County Treasurer. We wish every voter in the county could be personally acquainted with McK. Williamson. He is not the kind of man to be defeated by disorganizers, and Mr. Clymer will soon be to his sorrow that he made a great mistake in allowing him to be induced to run in opposition to the regularly nominated Republican candidate.

The great International Boat Race between the "Harvard" (American) crew and "Oxford" (English) took place on the 27th ult., on the Thames. The Oxford won by three boats lengths. The Harvard were only six seconds behind. The race was that of the most closely contested ever rowed in British waters.

The frost was so heavy in Wayne county the two evenings preceding the eclipse, as to kill whole fields of buckwheat.

The Lehigh Register announces its determination to fight Asa Packer with its whole strength.

"To bring facts upon facts to show that he is not fit to be Governor of Pennsylvania; that his promises are to be scorned as worse than stuff; that he acquired his wealth as other millionaires have acquired theirs, and that in trying to delude laboring men into voting for him by declaring that he was one of them and acquired his fortune by honest toil, he displays a weakness the people of Pennsylvania don't admire."

It also says: "There will be dead men arising from their tombs to give in their testimony, and the people, notwithstanding the false avowings of Democratic newspapers and the pleadings of Democratic orators, shall bring him to stay in private life, where he will have more opportunities to invent Lehigh Valley freight companies, and compel the people to pay higher freights than the railroad company could legally charge."

The Hon. Asa Packer is no doubt a rich man and he may be a great man, yet he is not above those infirmities which beset noble minds. He is much up by the Mauch Chunk Gazette for diddling Carbon County out of taxes for the support of schools, almshouses and of roads, by pretending to live in Philadelphia. He "stays" in Carbon about as much as ever, and keeps up there a handsome establishment, and when he is "at home," i. e., when taxes are to be assessed, he is, from his head to his heels, a Philadelphia Third.

Feats of statesmanship, loyal sentiments, patriotic acts, etc., particularly requested.

Though the Vermont election is but three weeks off, and that of Maine but four weeks off, there is not the slightest political animation in either State. No public meetings are being held, the local papers scarcely allude to the subject, and with the people themselves there is a general indifference to the Ohio, and Packer and Geary in Pennsylvania, are of much more interest.

Packer is an avowed free trader, and carried his free trade principles into practice by purchasing the iron for his railroad in Europe. But what difference does it make to him whether the rolling mills of Pennsylvania are in operation or suspended? He is a man who is rich and can live in affluence if the rolling mill men have to stint themselves to keep their wives and children.

The Mauch Chunk Gazette, published at the home of Mr. Packer, says he is very unpopular there, even among his own party, and "from present appearances he will not carry half his party vote in the coal mines." "His past conduct and nigardly want of liberality towards his own county and town, has alienated very many of our citizens who have known him longest and best."

There is an open rupture between the Executive managers and the Manhattan Club party. The "William M. Tweed Democratic Association," at a meeting Friday evening, adopted resolutions denouncing August Belmont, chairman of the Democratic National Committee as an inefficient, undevoted, unskillful, and unpopular chairmanship; charging him with the defeat of McClellan, and that if he remains in the position he now occupies he will "inevitably lead to the defeat of Hoffman in 1872," and suggesting that he surrender the chairmanship, which he will not probably do at the bidding of Mr. Tweed or his backers.

The New York Evening Post, speaking of the situation of the two political parties, describes that of the Democratic exactly in a few words, as follows: "Pledged to oppose China-men in California and negroes in Ohio, but affiliating with them both in Virginia and Tennessee; supporting repudiation in Ohio and Kentucky, and compelled to oppose it in New York and Pennsylvania; denouncing military usurpation in Texas, but having a Governor to uphold in New York for taking military possession of a railroad—the Democratic managers have a heavy and inharmonious load to carry."

Political Powder-Blask.

Why should the Connecticut cart-podging, pensive speculator, Asa Packer, be elevated above all our native citizens to be Governor of the great Commonwealth of Pennsylvania?

The Republican Banner (Democrat) of Nashville, is disgusted with the New York World for claiming the result in Tennessee as a victory for the Democracy as represented by the World.

The Boston Traveler says that State street highly commends Secretary Boutwell's policy, and expects that as gold and bonds are kept so near par as at present, specie payments will be resumed by July, 1870.

"Truly we live in a progressive age; but that would be a big step backward to elect Asa Packer as Governor of Pennsylvania, who is the representative of all the numerous principles of the Peace Democrats.

Asa Packer was never popular at his own home as a political aspirant. Even before the war, and his inglorious "war record" was formed, he only ran four votes in the election of 1852, as a Councilman. Where will he be as Governor?

Not a single candidate for office in Kentucky, at the late election, who has been in the Confederate army was defeated. This is the result over which the Democrats of Ohio throw up their hats, and which they claim as a great Democratic victory." And so it is.
