## Thanksgiving Day.

Washington, Oct. 8.—By the President of the United States of America:

A PROCLAMATION.

The year which is drawing to a close has been free from pestilence; health has prevailed throughout the land; abundant crops reward the labors of the husbandman; commerce and manufactures have successfully prosecuted their peaceful paths; the mines and forests have yielded liberally; the nation has increased in wealth, and in strength; peace has prevailed and its blessings have advanced every interest of the people in every part of the Union; harmony and fraternal interest restored are obliterating the marks of past conflict and estrangement, burdens have been lightened, means have been increased, civil and religious liberty are secured to every inhabitant of this land, whose soil is trod by none but freemen. It becomes a people thus favored to make acknowledgment to the Supreme Author from whom such blessings flow, of their gratitude and their dependence, to render praise and thanksgiving for the same, and devoutly to implore a continuance of God's mercies.

Therefore, I, Ulysses S. Grant, President of the United States, do recommend that Thursday, the 18th of November next, be observed as a day of thanksgiving and of praise and prayer to Almighty God, the Creator and Ruler of the universe. And I do further recommend to all the people of the United States to assemble on that day in their accustomed places of public worship, and to unite in the homage and praise due to the bountiful Father of all mercies, and in fervent prayer for the continuance of the manifold blessings He has vouchsafed to us as a people.

In testimony whereof I have hereunto set my hand and caused the seal of the United States to be affixed, this 5th day of October, A. D. 1869, and of the independence of the United States of America the ninety-fourth.

By the President: U. S. GRANT.

HAMILTON FISH, Secretary of State.

## HURRYGRAPHS.

The latest accounts about the financial condition of Turkey are deplorable. The employees of the Government have not been paid for the last nine months. Failures are every day occurrences, and the merchants are in despair. The soldiery in the interior are starving, and in the midst of all this desolation the Porte has appropriated fifteen million francs for the entertainment of Eugenie.

Until very recently all the ice used in San Francisco and the towns of the Sacramento Valley was supplied at high prices by the Sitka Ice Company, which obtained its supplies in Alaska. A company has however, been formed in Sacramento to obtain ice from a locality about three quarters of a mile South of the Pacific Railroad, and a fall in the old prices is confidently looked for.

The destruction of oysters at Providence, by the late gale was very great. Of one bed of twelve thousand bushels, it is estimated that fully half were destroyed.

An Indiana town boasts of a giant who has by his great size vanquished the ague. That embarrassing affliction attacked him recently, and worked four days to shake him all over, but failed and left in disgust.

During the past year the trade of St. Paul has exceeded half a million dollars in value. Sixteen hundred thousand muskrat skins were one item of the account. Not much need of any night-blooming cereus in that neighborhood.

The recent Georgia Editorial Convention must have been a nice party. One of the editors lost his hat, whereupon his companions laughed at him. He silenced them with the remark that they would have lost their hats too had they not been heavily weighed with bricks.

Washington Irving fell in love—this was years ago—with Rebecca Gratz, a beautiful Jewess of Philadelphia, but as Washington ate pork, she refused to marry him. This is another reason, and just published, why Washington Irving never married. Surely the resurrectionists will bring up the truth, or something else, after a while.

The South is rapidly getting its eyes open. The Richmond *Enquirer* has learned that the immediate mission of the Americans is to subdue this continent, to develop it, and to spread civilization over it; and that it was because the South, by its policy of stagnation, sought to go on in the teeth of this providential purpose that it was compelled to fall in the late war.

Thirteen States were represented in the display of hogs at the St. Louis Fair, the number entered being 1,060.

An ingenious suicide in Wisconsin bent down a sapling, hitched himself to it by a rope about his neck, and let it spring.

J. Van Horn, a farmer of Polk co., Iowa, raised a squash six feet eight inches round, and weighing one hundred and sixty-four pounds.

During the recent storm the Namaha river, in the vicinity of Seneca, Mo., is reported to have risen at the rate of ten feet an hour.

There is a woman in Bullitt co. Ky., seventy-two years old who has a child about five months old. The father of the child is about twenty years old.

A letter from Brussels announces that a M. Landuran has invented an apparatus by which he is able to extract fire damp or any other vicious air from mines.

Rev. Daniel Clark, pastor of the Plainville, Will county, Ill., Presbyterian Church, was drowned, the other day, while attempting to cross a stream in that county.

The Superintendent of Public Instruction has decided that children having a preponderance of white blood are entitled to the privileges of the common schools of Indiana.

The old building in Richmond, known all over the United States as Libby Prison, has recently been leased and is now occupied by parties engaged in grinding sumac and bones.

It is proposed to cut a canal from the five lakes in South Carolina, forming the head waters of the Ashley river, to the navigable portion of the river, in order to secure easy transportation for the phosphates recently discovered there.

Alex. T. Stewart & Co., Arnold, Constable & Co., and other large New York establishments, who advertise extensively, generally give the prices of the articles advertised. This is a good rule, and should be followed by all advertisers whenever practicable.

McGUIRE'S

**SPANISH HAIR DRESSER**

FOR PROMOTING THE GROWTH, BEAUTIFYING THE HAIR,

And rendering it dark and glossy. No other compound possesses the peculiar properties which so exactly suit the various conditions of the human hair. The use of this oil as a hair dresser has been universal in every section of the country in the Spanish Main for centuries.—No preparation of art could give that elegant luxuriance and abundance of hair which have so often been the admiration of travelers in Spain. This oil is highly and delicately perfumed, forming an article unrivaled in excellence and upon which the Spanish people for many years have set its seal of enduring approval.

McGUIRE'S

**Mexican Wild Flowers Shampoo Lotion**

For removing dandruff and scurf from the head, whitening and perfuming the skin. This article is entirely different from anything of the kind ever offered in this country and is warranted free from all poisonous substances. This valuable lotion was used by the Emperor Maximilian, and Empress Carlotta of Mexico, and universally used by Mexicans for three hundred years. As a wash for the head—it is cooling, cleansing and refreshing.—When thus used it at once relieves headache.

McGUIRE'S

**WILD FLOWERS FOR THE TEETH.**

All those who are in favor of white teeth and a pleasant and perfumed breath, should at once use McGuire's Wild Flowers for the Teeth. All these preparations are put up in the most elegant and ornamental manner. We make no exception in saying that they are an ornament to a lady's toilet table, and none complete without them. Warranted satisfactory or money refunded. Dealers will bear this in mind. Sold by all respectable Druggists in the United States and Canadas. Address orders to

RAW BONE

**SUPER-PHOSPHATE OF LIME.**

STANDARD WARRANTED.

We offer to Farmers, the present fall season, BAUGH'S RAW BONE SUPER PHOSPHATE OF LIME as being highly improved.

Baugh's Raw Bone Super Phosphate is, as its name indicates, prepared by dissolving Raw Bones in Oil of Vitriol—that is, bones that have not been deprived of their organic matter—the grease and glue—by burning or boiling. It, therefore, presents to the use of the farmer all the valuable properties of Raw Bones in a highly concentrated form—rendering it at once quick in action and very permanent.

☞ Farmers are recommended to purchase of the dealer located in their neighborhood. In sections where no dealer is yet established, the PHOSPHATE may be procured directly from the undersigned.

CELEBRATED

**PERFECTED SPECTACLES**

AND EYE GLASSES.

The large and increasing sales of these

SUPERIOR GLASSES

Is a sure proof of their usefulness. We were satisfied that they would be appreciated here as elsewhere, and that the reality of the advantages offered to wearers of our beautiful lenses, viz.: the ease and comfort, the accurate and truthful assistance, the correct improvement of the sight, and the brilliant assistance they give in all cases, were in themselves so apparent on trial, that the result could not be otherwise than a law in the minds of a liberal clientèle of our CELEBRATED PERFECTED SPECTACLES by the residents of the locality

With a full knowledge of the value of the assertion, we claim that they are the most perfect optical aids ever manufactured. To those needing Spectacles, we afford at all times an opportunity of procuring the best and most desirable.

**READY ROOFING.**

Suitable for all Buildings, Dwellings, Barns, Churches factories, &c., and for all climates; equally adapted to flat or steep roofs, and can be applied by any ordinary workman.

THE READY ROOFING

Is more durable than tin, and does not cost one half so much. It is cheaper than shingles, fire proof, and fire-proof. It is made of the heaviest fabric ever used for the purpose, and is put up in rolls ready for shipment to any part of the world. Sent for circular and samples (sent free.)

We also manufacture

GRANITE CEMENT,

For repairing all kinds of leaky roofs, chimneys, skylights, &c. This Roofing Cement forms a permanent elastic coating over the whole surface of all roofs, whether tin, shingle, or composition, completely closing up leakages, and being composed largely of ground granite, which sets and hardens, and soon becomes an artificial Slate or Stone covering.

ROOF PAINT,

For coating tin and all kinds of metal and composition roofs. It will not run, crack, or peel off, but forms a permanent and perfect protection, wherever placed. It is furnished at half the cost, and possesses twice the durability of the common oil paints used for such purposes.

County rights for sale.
