"The Guerrilla Organ," for several weeks printed at Chicago and Mount Union, has been moved to this place...

Gen. J. Bowman-Sweitzer has been appointed to the office of Supervisor of Internal Revenue for Western Pennsylvania...

Who are the Guerrillas in West?—H. D. Who? Why the men who opposed the regularly nominated candidates of their party, of course.

There is no denying the fact that the contest of the local ticket centered on the vote for Treasurer—Guerrilla Organ.

And why did it center there? Was it the money that goes into the hands of the Treasurer that the guerrillas were after...

Dr. H. Orsley says he did clean this time. He selected the choice few and sacrificed those not of his choice.

The last move of the gold diggers of New York is to create the impression that President Grant was a party to their conspiracy.

"THE SITUATION—AGAIN."—Somebody is feeling uneasy. We recollect that some years ago a friend of ours down street went to jail "for the fun of the thing."

The fanatical fobs of the Harriburg Patriot are prating about contesting the election of Gov. Geary. If you can't find anything better than that to growl about, why don't you pitch into the XVth Amendment...

Party organization, and success—disorganization, and defeat. As long as the world stands there will be two parties. Men will belong to one or the other.

What are Bakers doing? Have your delegates from Tall and Dublin, if possible, to go the candidates from top to the bottom of the list.

And we intend to do the same thing over again.—Guerrilla Organ.

That's just what the Democrats expect of you, to the extent of your influence. If you and your clan could succeed in disorganizing the Republican party next fall to the extent you did in the late campaign...

WHAT HAVE THEY GAINED?—What has the guerrilla band gained by the election of Democrats to the Legislature from this district and Democrats to three important county offices?

\$118,081 81 conscience money had been received at the Treasury Department up to the 28th ult. The Treasurer will recommend that it be placed to the credit of the general sinking fund.

Many distinguished men have died this year. One politically.

Go the Candidates from Top to the Bottom of the List.

We publish before another interesting letter from the "Guerrilla Chief," to show who have been guilty of backing and trying to back County Candidates, and nominating "ring" candidates. "Orsley's" programme was worked throughout the county previous to the last Convention...

Read the letter, and wait patiently for another. Good things should not be had all at one time. Some of the gentlemen named in the letters will excuse me for making free with their names—our object being to expose the manner-conventions have been packed by the leader of the Guerrilla band...

STRICTLY PRIVATE.—BURN. PETERSBURG, June 23d, 1866. FRIEND SHERAR: DEAR SIR:—I again drop you a confidential letter which you will note contents and then consign to the flames. I have heard from a number of our friends, and seen several leading men since I last wrote you.

Write to J. C. Walker, Petersburgh, and Andrew Myron, Manor Hill. Say to them that the relationship existing between you induces you to drop them a confidential letter; and ask their aid which if conferred will be gratefully remembered.

You are a candidate for Register and Recorder and will receive a large support from the lower end of the county, and should be pleased to have some delegates to aid you from the upper end. Request them to speak favorably to those likely to be elected delegates in your behalf...

Write to Samuel Lightfoot, Capt. J. O. Weaver, McConnellstown, Perry Moore, N. Taylor, Dr. S. Thompson, Spruce Creek, James Thompson, Birmingham, Elias Messer, Samuel Steffy, McAlvay's Port, Henry Holtzapple, Wm. McClure, Shavers Creek, P. O., Jacob Stailey, Jr., Capt. Joseph Johnson, Shavers Creek, P. O., Henry Neff, Neffs Mills, Col. John Harvey, H. S. Wharton, Geo. W. Johnston, Esq., Horatio Fisher, Huntingdon. Say to them that you are a candidate for Reg. and Rec. and will receive a large support from the lower end of the county...

What are Bakers doing? Have your delegates from Tall and Dublin, if possible, to go the candidates from top to the bottom of the list. Don't use my name with any one.

Yours truly, H. ORSLEY.

And we intend to do the same thing over again.—Guerrilla Organ.

That's just what the Democrats expect of you, to the extent of your influence. If you and your clan could succeed in disorganizing the Republican party next fall to the extent you did in the late campaign...

What Does it Show?

The guerrilla organ, Cromer's Republican, of last week, gives a long column article to show who did and who did not vote for Williamson, and who did and who did not vote for Cloyd, for County Treasurer. Now we cannot see any other point to be arrived at than that some Democrats voted for Cloyd and that some Democrats who would not vote for a guerrilla, and the Republicans who were true to their party nominee, voted for Williamson.

The annual report of Gen. Spinner will show an increase of revenue for the six months ending Sept. 30, of over \$50,000.

The Vermont Legislature has ratified the Fifteenth Amendment by a unanimous vote in the House. Two Democrats voted aye.

At the municipal election in Baltimore, on the 28th ult., the Democracy carried everything before them. That's nothing. The rebels have controlled that city since 1861.

A few weeks ago the shock of a veritable earthquake was felt throughout New England, which very naturally produced considerable consternation among all the people.

The New York State election takes place to day, Tuesday. The Republican ticket is headed by Gen. Franz Sigel for Secretary of State and Horace Greeley for Comptroller. Our friends have strong hopes of electing it.

Gen. Daniel Butterfield, sub-Treasurer of the United States at New York, and who, it is alleged, took a "pool" in the late gold-gambling speculation in New York, last week sent in his resignation to the President, which was promptly accepted.

Governor Geary last week requested the resignation of Attorney General Benjamin Harris Brewster, and appointed in his place Judge Frederick Carroll Brewster, a brother of Benjamin Harris.

Gen. Grant has declared openly in favor of Gen. Aloom, as his choice for Governor of Mississippi, as between Judge Dent, the President's brother-in-law, who is the Conservative candidate, and Gen. Aloom, the nominee of the radical Republicans.

Capital punishment has been abolished in Michigan, but as there are many citizens of the State who would like to have it restored, the Detroit Post has solicited the views of leading jurists in the State. There is a difference of opinion among them, but the most of them hold to the view that the abolition of capital punishment has led to no injurious results.

A stranger might suppose, after reading the "Guerrilla Organ," that the guerrillas are very honest in their political purposes. They propose to elect Democrats whenever they fail to have nominated by a Republican Convention, men of their "ring"—men who if nominated and elected would aid in the support of guerrilla and Democratic organs. They say they are purifiers. They purify the Republican party by electing Democrats they have denounced as worse than rebels.

A "strictly private" circular of the Lignor League, or the "whiskey ring" is said to have been extensively circulated throughout this State a few weeks prior to the election. It sets forth that Gov. Geary was pledged to the sign a prohibitory liquor law; and that the "temperance fanatics" were working to secure enough prohibitory men in the Legislature to pass such a bill; and that Governor Geary must be defeated at every hazard, and the prohibitory candidates must share the same fate, no matter to what political organization they may belong.

Father Hyacinthe, the late Superior of the Order of Barefoot Carmelites, in Paris, and the General of his Order, who arrived in this country a few weeks ago, is about to make a visit to Dr. Prime, of Boston. This distinguished priest is one of the most eloquent pulpiter orators in the Catholic Church, and all Europe is filled with his fame.

A beautiful monument has been erected in Girard College, in memory of the graduates who fell in the late war. Their names are to be engraved on marble and four faces of the column. At a quarry in Berea, Ohio, last Friday, a break of rock, measuring eighteen feet wide, five feet thick, and one hundred and sixty feet long, and containing over ten thousand cubic feet, was made.

Editorial Briefs.

Geo. H. Pendleton is President at last—the Kentucky Central Railroad. Geo. Peabody is seriously ill at London, and his recovery is considered doubtful.

Postmaster-General Creswell in his annual report will recommend the abolition of the franking privilege.

Gen. Grant and family visited Philadelphia last week to attend the wedding of a daughter of Bishop Simpson.

Gen. Belknap, the new Secretary of War, arrived in Washington on last Thursday, and assumed the duties of his office.

Another Steamboat Disaster.

Chicago, October 28, 1869. A special from Carbondale, Illinois, says that the steamer Stowell, which left St. Louis on Tuesday evening for New Orleans, heavily laden with passengers, horses, mules, hay, and other freight, generally, last night about 8 o'clock, when near Neely's landing, 10 miles from Grand Tower, took fire, and despite all efforts to save her, was burned to the water's edge.

The steamer Bells Memphis, Capt. Crane, on her way to St. Louis, reached the scene during the fire, and picked up from the water all that are known to be saved. The pilot, engineer, stoker, carpenter, and forty-four passengers are known to be saved.

There was no explosion. All of the women and children were lost, nearly if not all being burned to death. The conduct of the passengers and officers is said to have been heroic.

Thanksgiving Day.

Washington, Oct. 3.—By the President of the United States of America. A PROCLAMATION. The year which is drawing to a close has been free from pestilence; health has prevailed throughout the land; abundant crops toward the laborers of the husbandman; commerce and manufactures have successfully pursued their peaceful paths; the mines and forests have yielded liberally; the year has increased in wealth and in strength; peace has prevailed and its blessings have advanced every interest of the people in every part of the Union; harmony and fraternal interest restored are obliterating the marks of past conflict and estrangement, burdens have been lightened, passions have been increased, civil and religious liberty are secured to every inhabitant of this land, whose soil is trod by none but freemen. It becomes a people thus favored to make acknowledgment to the Supreme Author from whom such blessings flow, of their gratitude and their dependence, to render praise and thanksgiving for the same, and devoutly to implore a continuance of God's mercies.

Therefore, I, Ulysses S. Grant, President of the United States, do recommend that Thursday, the 13th of November next, be observed as a day of thanksgiving and of praise and prayer to Almighty God, the Creator, the Father and the Father of the mercies. And I do further recommend to all the people of the United States to assemble on that day in their accustomed places of public worship, and to unite in the homage and praise due to the bountiful Father of all mercies, and in fervent prayer for the continuance of the manifold blessings He has vouchsafed to us as a people.

In testimony whereof I have hereunto set my hand and caused the seal of the United States to be affixed, this 5th day of October, A. D. 1869, at the City of Washington, in the United States of America—the ninety-fourth. By the President: U. S. GRANT, HAMILTON FISH, Secretary of State.

The President of the United States having issued the foregoing proclamation, I do most earnestly advise that the people of the Commonwealth of Pennsylvania, for the reasons therein given, strictly observe its recommendations.

By the Governor. F. JORDAN, Sec. of the Commonwealth.
