Altoona Sun gives the following particulars of the presentation of a \$25 Bible to Altoona Division, No. 44, Brotherhood of Locomotive Engineers, and as the names of those who took part in the ceremony are familiar to many of our readers, we publish it for their benefit.

Arrangements for the presentation ceremonies having been completed, the members of the Order proceeded to the lodge room, Masonic Temple building, accompanied by quite a large delegation of ladies, who in this case, as ever, were proud to assist in accomplishing successfully a good and noble work.

The organization of the meeting was effected by the election of Mr. Johnson, president, Wm. Stinson, Secretary, and a number of vice presidents. Due time having elapsed, W. A. Leonard of Huntingdon, a member of the Order, and brother-in-law of the fair donors, Miss Jennie Campbell, of Huntingdon, and Mrs. Emma J. Blanchard of Altoona, presented the Bible to Mr. Geo. W. Arthur of the Division. Mr. Leonard—for the ladies—delivered the following:

PRESENTATION ADDRESS. We, the sisters of an Engineer, have read in his journals that you have become members of a society known as the Brotherhood of Locomotive Engineers, and that you have formed a Division in this city for the purpose of elevating yourselves morally and socially, as well as for making yourselves proficient in your occupation; and having noted with pleasure, in the Journal which is published by your order, that the ladies not only contribute to its pages, but that some of our Divisions have been the recipients of marks of their favor, we have resolved that we will not be behind others in this respect.

Mr. Leonard stated that he had from these gentlemen the most friendly assurances and expressed opinion that their subscriptions would be of the most liberal character. The books were then opened and a large amount was at once raised, there being two subscriptions amounting to \$10,000.

Lewisburg, Centre and Spruce Creek Railroads.

A meeting of the friends of the Lewisburg, Centre and Spruce Creek Railroad was held at Spruce Creek on Wednesday, the 9th inst., and was organized by the election of Bucher Ayers, Esq., of Centre county, President, David Henderson and William B. McWilliams, vice Presidents and P. M. Lytle, Secretary.

The President, after stating the object of meeting introduced Hon. George F. Miller, of Lewisburg, who, in a able address, of some length, showed the importance of the road and the feasibility of the route over which it is proposed to be built.

The Penna. Railroad Company have caused to be made by persons appointed by them, a careful examination and survey of the whole route from Lewisburg to Spruce Creek, a distance of only seventy-five miles. A favorable report has been had and the company have offered to do more for the project than was asked or expected of them.

At the close of Mr. Miller's remarks R. Bruce Potkin, Esq., was called upon and he responded in favor of the construction of the road. He spoke of the richness and beauty of the country through which it will pass and showed its importance, not only to those living on or near the route but to the people of the State at large.
