THE BODIES OF THE CONDEMNED

As some may be curious to know what disposition has been made of the bodies of Bohner and Bodenberg, we relate. On Wednesday Sheriff Neely had appointed two colored men to bury them. They took the bodies to an open lot in the northeast portion of the town in the evening; but both the gravediggers got drunk and left the job before it was completed, and neither of the bodies were buried. On Thursday morning the Sheriff appointed another party to finish it, but while doing so the borough authorities interfered and would not allow them to be buried within the borough limits. The bodies were then taken to a field a short distance from town where they were interred, with nothing but the mound to mark the spot.

ANOTHER THIEF

On last Saturday a colored citizen of the female persuasion, visited a girl living at Mr. M. S. Lytle's. In taking her leave a pair of gum shoes, lying in the hall, stuck to her fingers and followed her home. On Sunday night she went to the colored church, when the girl living at Mr. L's discovered the shoes upon her feet. After church she demanded the shoes, when the thief took flight and was pursued by the cook and another girl. She was overtaken near the Lutheran church, and obliged to surrender the shoes. Her pursuers then inflicted some blows on her head with the gums, when she frightened the girls by some wicked threats and eluded them home.

DR. GLEASON'S LECTURES

Dr. Gleason has been delivering a course of lectures on the human system, in the Court House, since Wednesday last. We have attended those lectures, embracing those on the Heart, Lungs, Brain and Senses, and derived from each a fund of knowledge that is useful and important. The Doctor makes no friend of quacks or quack medicines; the foolish maidens who wear tight corsets and smoke cigars; have no sympathy for them; and every class that entertains false notions or indulges in wrong practices receives a word of reprimand and caution that it would be well for everybody to hear and heed.

THE BEDFORD GAZETTE

The Bedford Gazette makes us say that every family in Huntingdon has a log in it. We said so some time ago, and we say so now. We have seen the paper in every family in our town, and we are sure that it is a great benefit to the people. It is a paper that is well written and well edited, and it is a paper that is well read. It is a paper that is well known and well loved.

THE COMMISSIONER OF INTERNAL REVENUE

The Commissioner of Internal Revenue has decided that deeds given for the purpose of transferring the title to land from husband to wife, through the intervention of a trustee, with a merely nominal consideration, require only a five cent stamp each, as agreements or contracts not specially designated, in stamp schedule "B." They do not require a conveyance stamp, as really it is not sold. Our Legislature has passed a bill making it a penal offense for persons who sell milk to adulterate the same with water. A person that does so, shall be barred from any right to recover pay for the same. Any person convicted of selling impure, adulterated or wholesome milk shall pay a fine of not less than fifty dollars or imprisonment of not less than thirty days, or both.

A SCHOOLBOY ON THE EDITOR.—The editor is one of the most happiest animals in the world, especially if some of his subscribers won't pay. He can go to the circus, afternoon and evening, without paying a cent—that is, if he will do a great deal of printing for a few tickets; he can also go to hangings and inquests. He has free tickets to picnics and to strawberry-festivals, if he is troubled with the "big head," and has more brass than brains. Get wedding cakes sent to him, and sometimes gets a licking, but not often, for he can take things back in the next issue, which he generally does. I never knew but one editor to get licked. His paper busted that day and he couldn't get anything back. While others have to go to bed early, the editor can sit up late every night and see what is going on. The boys think it is a grand thing to bang on tin ten o'clock; that is, if they are once tight. When I am a man I mean to be an editor, so I can stay out late of nights. Then that will be bully. The editor don't have to saw wood or do any chipping, except with his scissors. Railroads got up excursions for him, knowing if they didn't he'd make them get up and join. In politics he don't care much which he goes for, if they're on his side. If they ain't, he goes for them anyway, so it amounts to nearly the same thing, even if some "soft-heads" stop talking the paper. There is a great many people trying to be editors who can't, and some of them have been in the profession for years. If I was asked if I had rather have an education to be a circus rider, I should say, let me be an editor. It is fun to be swindled by a seignepoint subscriber.

BUY A HOME.—Every laboring poor man should buy himself a town lot, get that paid for, and then work to make the necessary improvement. A little here and a little there will in due time procure you a home of your own, and place you out of the landlord's grasp; remember that fifty dollars a year saved in rent, will in a very few years pay for your home, and the money it costs you to move and shift about, without any loss of furniture and time, pay the interest of a five hundred dollar judgment against your property, until you can gradually reduce it to nothing. You can all buy that way—why do you not risk it? If you fail you are no worse off—if you succeed, as any careful man is sure to do, you have made a home and established a business equal to another, which will start you in business.

BREAD, CAKES, CANDIES, &c.—Mr. Luke Reilly, having become sole proprietor of the Union Steam Bakery and Candy Manufactory, in the rear of the Castilian Garden, in this place, announces to his friends and the public generally that he is prepared to make all kinds of Bread and Cakes in a satisfactory manner, and will furnish them at low rates to suit both rich and poor. He intends making Milk Bread, which has become so popular wherever introduced, and many new varieties of Bread and Cakes. He will also supply wholesale and retail dealers with the choicest Plain and Fancy Confectionaries, at a cent a pound cheaper than can be had in Philadelphia. We recommend Mr. Reilly as a first class baker, and advise all to give him a call.

SAID AFFAIR.—A had affair, says the Lewistown Gazette, occurred at Greenwood Furnace on Thursday, March 3, by the son of J. Gregg, aged about three years, killing his sister, a babe only five months old, with a hammer. The child was lying in the cradle, and the boy struck her on the head with the hammer, no doubt in play or without intending to hurt her, killing her instantly. No one was present at the time.
