Republican County Convention.

A Convention of the Union Republicans of Huntingdon county, will be held in the borough of Huntingdon, on TUESDAY, AUGUST 9TH, 1870, at 1 o'clock, p. m.

This Convention will be composed of two delegates from each township, borough, ward and district.

The Republican voters of the county are requested to meet at their respective places of holding elections (except those of the West ward of the borough of Huntingdon, who will hold their election at the new Engine House,) on Saturday, the 6th day of August—in the Townships, between the hours of 3 and 7 o'clock, p. m., and in the Boroughs between the hours of 6 and 9 o'clock, p. m., for the purpose of electing delegates to this Convention.

Nominations will be made at the Convention for Congress, State Senate, Assembly, Associate Judge, County Commissioner, Director of the Poor, Jury Commissioners and County Auditor.

WM. LEWIS,
Chairman Republican County Committee.

Give us a Ticket that can be Elected.

Because Mr. Morrell has worked in harmony with Mr. Scott in the distribution of all the patronage at their disposal, the disorganizers say he must be elected again to help Mr. Scott to continue his persecution of all true men who would not help him defeat the party last fall. They have taken good care thus far to see that disorganizers and men willing to obey their disorganizing commands were the *only* persons receiving their favors. To have a united, successful party in the contest with the Democracy this fall, *the whole ticket*, from top to bottom, without a single exception, must be *new men* with clean hands, free from the charge of having assisted in any way in the defeat of the ticket last fall. Will the Convention give the party such a ticket and make its election certain, or will it still further disorganize the party and make *defeat* certain by forcing men upon the ticket not worthy to receive the support of true party men?

ZUNDNADELGEWEHR is the to us unpronouncable name of the needle gun soon to be used by the Prussians.

WE have never yet supported a ticket at the head of our paper that we did not vote for on the day of the election. Robert, can you say as much?

THE Chinese government is making efforts to prevent the exportation of coolies under contract. If John Chinaman comes at all, let him come on the same footing as "any other man."

IF we are only "*professedly*" Republican" as some of the disorganizers say, and vote the Republican ticket, are we not giving the Republican party a better support than our neighbors who claim to be deep-*dark* dyed Republicans and vote to defeat Republican candidates?

WHAT OUR NEIGHBORS THINK.—The Hollidaysburg *Register* says:

"With a union of the party in Huntingdon, and a new man not connected with the troubles there, as is Mr. Morrell, the congressional district will be safe, but should that gentleman force himself upon the people for the third term, defeat will become quite probable, and upon him and his friends will rest the responsibility of that disaster."

The *Journal & American* is hanging off for another bid—it has not yet promised to do anything this fall further than it will *not* support under any circumstances a man who was a guerrilla last fall. We *will* support the ticket whatever it may be, and will try to whip the "organ" into the harness again.

BY appointment of President Grant, Captain C. F. Hall has been chosen commander of an expedition to the Arctic Sea. Captain Hall has had 10 years experience in those regions, and has the necessary frigidity of purpose so to speak, to carry it through. Congress appropriated $50,000 for the expedition, which will move in May next.

A FUNNY POLITICAL "POSISH."—The Johnstown *Tribune*, Mr. Morrell's organ, supports Mr. Morrell for Congress on one page, and on another it supports James Potts, a Democrat, for the Legislature. That's a convenient politics Mr. Morrell's friends have in Johnstown. His friends mixed things up "just so" in this county last fall, and elected several Democrats.

IT has been suggested that a committee be appointed to wait on "Dad" Lewis to ascertain to *what part* (if any) of the Republican party he belongs.—*Cremer's Republican.*

A question easily answered. We belong to that part of the Republican party that includes all Republicans who support party nominations, and you belong to that part of a party known as the guerilla and disorganizing faction, and supporters of Democrats when disappointed in getting control of nominating conventions.

Success.

The success of the Republican ticket in this county and districts next fall, depends greatly upon the choice to be made by the conferees as to who shall be at the head. We have no State officers to elect, but we have a Congressman, two Senators, two Legislators, and county officers. Now, shall we have a man at the head of the ticket who is objectionable to a large number of the Republican voters, or shall we have a man against whom there are no charges, and about whom there are no suspicions? Let Mr. D. J. Morrell be nominated, and we believe, and firmly believe, that the prejudice which exists against him in this, his own and the other counties, will result in his defeat, and secure the election of a Democrat. His appointments and affiliations (of and with the "guerrillas") in this county, and his course on a local question in his own county, lead us to entertain this belief. He is objectionable here and he is objectionable at *his own home, and we can not* see why any Republican who desires to see his party successful will persist in presenting his claims as a candidate, when he knows there is such opposition against him.

Mr. Morrell has been long enough before the people of this district to have tested the sense of the voters, and we think he should note the "*signs of the times*" and withdraw in favor of a new man—one who has not such a load of responsibility and objection to carry. We want to see the Republican ticket overwhelmingly successful next fall, and it is for this reason we at this time object to Mr. Morrell as a candidate. If it was merely a question of ability and fitness, we would utter not a word against his nomination; but when we consider what it requires to restore the wonted Republican strength and majority in this county, and satisfy the mass of the voters, we must urge the selection of a new man—one to head the ticket that shall insure its success.

THE men in this county who are active in the support of Mr. Morrell for a third term, were, without a single exception, active *disorganizers* last year to defeat the regularly nominated Republican ticket. They are for Mr. Morrell not because he is a good *tariff man*, but because he has kept them or their friends in all the offices in the county at his disposal. The time was when nominations in the county and districts were as good as elections, but that time is not now, with leading *unrepentant disorganizers* as the nominees—disorganizers who worked (with "aid and comfort" from Mr. Morrell,) and did succeed in defeating as good Republicans as were ever nominated in the county.

With Cremer's guerrilla *Republican* as Mr. Morrell's organ, he cannot expect the party to give him a support necessary to secure his election. That paper and its friends will not support nominees this fall if they were *active* supporters of the regularly nominated ticket last year, then how can it be expected that those who were true last fall will support unrepentant disorganizers or their friends if nominated this fall.

UNTIL the nomination is made by the Republican party of the county of a candidate for Congress, we have an equal right with every other voter, to dictate who should and who should not be nominated. The guerilla organ and the disorganizers generally say Mr. Morrell *must* be nominated. We say with the men who could not be influenced last fall to oppose the regularly *nominated ticket that to nominate* Mr. Morrell for a third term would be inviting defeat, not only on the Congressional ticket, but also on the Senatorial, Legislative and County tickets.

The delegates to be elected on Saturday next should come to the convention determined not to be influenced by men who last fall deceived hundreds of honest Republican voters into the support of guerrilla and Democratic candidates for the purpose of defeating good Republican nominees. If the guerrillaism of last fall should be successful in forcing Mr. Morrell again upon the ticket, and defeat follows, the responsibility will rest with the majority of the Convention.

WHAT would Republicans think if the *Monitor* should advocate the nomination of Mr. Morrell? The support of Cremer's guerrilla *Republican* is about as damaging to Mr. Morrell as the support of the *Monitor* would be. Both papers worked together to defeat the regular Republican ticket last fall. Mr. Morrell must not expect that guerrilla influence will be strong enough to give him the party vote in this county. No man who was a disorganizer last year, or gave them "aid and comfort" can expect to receive a full party vote at the next election.—The truth, damaging as it is, may as well be made public now as hereafter. We intend to support any ticket put up, but *we* are not the voters—they, we feel sure, will retaliate if an opportunity is *forced* upon them this fall.

MR. MORRELL has written a letter to some of the Blair county politicians, informing them that he will accept a nomination for a third term. We don't think he will be troubled in that way if the Republican party of the district want to be sure of success at the polls.

Champion Guerrilla and Corruptionist—The "Organ" on the War-path.

The notorious editor of the *Journal & American* has again commenced an attack upon us and others, charging treachery to party, guerrillaism, &c. This famous organ-grinder has hardly become settled in his new position with the Republican party, and even now will not agree to support the ticket that may be nominated by the coming Convention. Only a few months ago we find him in full council and high standing with the disorganizers. He furnished Mr. Cloyd's card as an independent candidate, followed it up with an editorial, and advised him to offer the *Monitor* one hundred dollars worth of patronage for its support, and furnished names to chairman Logan for his committee who would be faithful to the work of guerrillaism. The guerrilla ball was thus and then set in motion. The organ grinder now begins to whine for *eight hundred dollars*. The price was thought exhorbitant, a parley was held, and before definite arrangements could be made, Robert, somehow or other got a new light, pounced upon his former associates, and pronounced his own work an outrage upon the Republican party. This paragon of honesty and consistency(?) should at least have the decency to keep his mouth shut in this community, and cease boasting about his organ and fidelity to party. For further particulars see Mr. Cremer and his *Republican.*

ALL Mr. Morrell's hounds in the district, controlling the columns of newspapers, are just now giving us particular attention because we think and say that their master is not the man that should be put forward again as the Republican candidate. We have been in politics too long to be disturbed by such a pack. They all hold offices under Mr. Morrell and Mr. Scott, and of course they feel that their offices must be paid for even should the nomination of Mr. Morrell defeat the party in the district for Congress, the Senate, Assembly, and county offices. Men who can be made mere tools of to advance the interests of individuals to the great injury of the party are not worthy the confidence of the people.

ROBERT is a funny fellow, or rather he has got the *Jour. & Amer.* in a funny "posish." In one issue of that paper he says it is "the organ of the entire party"—in another he says it will not support a ticket nominated by the party convention if any who have acted as guerrillas should be placed in nomination. We have always been of the opinion that a County Convention was the party speaking through its representatives, and to bolt the action of a Convention would be bolting the action of the party. The *Journal & American* has certainly read itself out—it has no party—no fractional part of a party—nothing but Robert, John and the Devil.

The Globe professes to be a Republican paper—but—the *politics* of the *Globe*—what *are* its politics? That's what *bothers* us!—*Cremer's Republican.*

Our *politics* wouldn't *bother* you in the least if you were not a *guerrilla*.—We have supported, and still support, Republicans for all the offices—you have supported Democrats within a year for the best offices in the county. Our politics is the support of Republican nominees—your politics is the support of *Democrats*. Your politics is considerably mixed—you claim to be a Republican, and yet you work to disorganize the party and help to elect Democrats to office. *Sich* politics we could find in a hog-pen.

ROBERT of the *Journal & American* seems to think (or *says* so at least,) that we could be bought with an X to support Mr. Morrell. Robert don't know as well as Mr. Morrell does or he would *not think so*. We never said of Morrell what Robert has said because he could not get the office he wanted, and then get down in the dirt and accept "a census taker." We supported Mr. Morrell for Governor until the district instructed us, as delegate to the State Convention, for Gov. Geary.—We may be for Mr. Morrell for Governor again, but just now we are in favor of him taking a back seat that the party may have a new man for Congress to lead it to victory.

THE Johnstown *Tribune* and other craft did not look very closely at the N. Y. *Tribune*, Pittsburgh *Commercial*, and a host of other Republican papers, when they allege that they saw nothing in them against the doings of Congress. For our part, we have not yet been impressed with the foreign idea that "the King can do no wrong;" nor do we believe that Congress is "infallible."

CREMER says we are a Hyena. No doubt he has discovered that he stirred up a kind of animal he was not in pursuit of. When he started out to play guerrilla he thought he would have everything his own way as it used to be with him many years ago when the sorrel horse and locust corner were the political institutions of the day.

CREMER says we were *black balled* by the White Man's party. He knew he was *lying* when he wrote the item. We never made application to be admitted into the organization, but we would sooner be a member of it than take Cremer's chance of getting to Heaven.

☞ Two or three papers in the interest of Mr. Morrell in this district question our Republicanism because we have said that the Republican press and Republicans generally are not satisfied with the work of a Republican Congress. In reply to our remarks the *interested* papers say that Congress has reduced taxation some millions of dollars. The New York *Tribune*, a good Republican journal, points out where the taxes were reduced. The *Tribune* says:

Here, for example, is a list of some important interests on which Congress has abolished the tax: The gross receipts for passenger traffic of Railroad Companies, Steamships, Canal Companies, Stage Companies, and Ferry Companies, Lotteries, Express Companies, Telegraph Companies, Theaters, Circuses, Operas, Museums, and other shows; premiums by Fire, Marine, and Life Insurance Companies; also, banker's capital and broker's sales. The revelation of the power of the lobby contained in Mr. Schenck's brief speech will astonish those who thought themselves familiar with Congressional corruption. Wall-street bankers and brokers, lottery dealers, and theatre men, have been the agents who influenced the votes of House and Senate. The bankers and brokers made war against the taxes on their sales, and were successful with the Senate in having them thrown out. "Hereafter," as Mr. Schenck explained, "all Wall street operations will be free from any burden whatever, and a source of revenue from which millions have been and might be obtained, without interfering with any of the fair, legitimate industry of the country, has been swept away." The lottery agents and theater men joined forces with the brokers, and with them succeeded in having the taxes on their gross receipts and special licenses abolished. Mr. Schenck did not, however, explain the influence which continued the oppressive Income Tax upon the industrious working classes, while these others upon wealthy and doubtful interests were relieved.

CREMER'S *Republican* is not working for Mr. Morrell for nothing. It *must* work or Mr. Cremer's son *might* lose the fat office he received from Mr. Morrell and Mr. Scott. If the office was taken from Mr. Cremer, he would be as ready to defeat Mr. Morrell as he was last year to defeat nominees of the party because the party would not give him the nomination for Prothonotary. It *pays* Cremer to work for the re-nomination of Mr. Morrell, and for the success of Democrats over Republicans who despise his guerrillaism.

THAT'S WHAT DID IT.—The *Journal & American* of *this* week comes out heavy for Mr. Morrell. We have before us a letter envelope dated Johnstown, July 25th, franked "D. J. Morrell, M. C," and directed to "John A. Nash, Esq., editor Journal, Huntingdon, Pa." The contents certainly were heavy enough to bring that paper out to the "stand point" this week.—That's what did it. Was it more than an X, or only a promise?

LATEST NEWS.—No fight yet in Europe. The French are preparing to evacuate Rome.——The steamboat Silver Spray, from New Orleans, exploded her boiler near Memphis, on the 1st. and 26 persons were burned or drowned, and many injured.

WHY is it that the Johnstown *Tribune* profers to have Mr Morrell towed into position by a Democrat this year? It wasn't so in former campaigns?
