HOW TO CURE CONSUMPTION.

THE PHILOSOPHY OF DR. SCHENCK'S GREAT MEDICINES.—Will people never learn to know that a diseased liver and stomach necessarily disease the entire system? The plainest principles of common sense teach this and yet there are hundreds who ridicule the idea, and continue in the course which almost inevitably brings them prematurely to the grave. Living as the majority of the people do, in complete variance with the laws of nature, it must be apparent to all that, sooner or later, nature will revenge herself. Hence we find that persons who indulge to excess in the use of very rich or indigestible food or intoxicating drinks, invariably pay a heavy penalty in the end. The stomach becomes disordered and refuses to act: the liver fails to perform its functions, dyspepsia and its attendant evils follow, and still the suffering individuals persist in clinging to the thoroughly exploded idea of the past. Dr. SCHENK'S medicines are recommended to all such. They bring sure and certain relief wherever they are used as directed, and all that is necessary to establish their reputation with every ailing man or woman in the landis a fair and impartial trial of them. Let those who are skeptical on this point, and who have permitted interested persons to prejudice them against these now celebrated remedies for consumption, discard their prejudices, and be governed by the principles of reason and common sense. If the system is disordered depend upon it, in nine cases out of ten the seat of the disorder will be found in the stomach and liver. To cleanse and invigorate the stomach and to stimulate the liver to healthy action, use

SCHENCK'S MANDRAKE PILLS.—The daily increasing demand for these pills in the best evidence of their value. Thousands upon thousands of boxes are sold daily. Why? Simply because they act promptly and efficiently Invalids who may not find it convenient to call on Dr. SCHENCK in person are informed that full and complete directions for use accompany each package of the

MANDRAKE PILLS, PULMONIC SYRUP AND SEAWEED TONIC.—These medicines will cure consumption unless the lungs are so far gone that the patient is entirely beyond the reach of medical relief.

It may be asked by those who are not familiar with the virtues of these great remedies, "How do Dr. Schenck's medicines effect their wonderful cures of Consumption?"

The answer is a simple one. They begin their work of restoration by bringing the stomach, liver and bowels into an active healthy condition. It is food that cures this formidable disease. SCHENCK'S MANDRAKE PILLS act on the liver and stomach, promoting healthy secretion, and removing the bile and slime which have resulted from the inactive or torpid condition of those organs, and of the system generally. This sluggish state of the body, and the consequent accumulation of the unhealthy substances named prevent the proper digestion of food, and, as a natural consequence creates disease, which results in prostration and finally in death.

SCHENCK'S PULMONIC SYRUP and SEAWEED TONIC, when taken regularly, mingle with the food, and the digestive organs, make good and rich blood, and as a natural consequence, give flesh and strength to the patient. Let the faculty say what it may, this is the only true cure for consumption. Experience has proved beyond the shadow of a doubt, and thousands are to-day alive and well who a few years since were regarded as hopeless cases, but who were induced to try Dr. SCHENCK'S remedies, and were restored to permanent health by their use.

One of the first steps the physician should take with a consumptive patient is to invigorate the system. Now how is this to be done? Certainly not by giving medicines that exhaust and enervate—medicines that impart instead of improve the functions of the digestive organs Doctor SCHENCK'S medicines cleanse the stomach and bowels of all substances which are calculated to irritate or weaken them. They create an appetite, promote healthful digestion—make good blood, and, as a consequence, they invigorate and strengthen the entire system and more especially those parts which are diseased If this cannot be done, then the case must be regarded as a hopeless one.

If the physician finds it impossible to make a patient feel hungry, if the deased person cannot partake of good nourishing food and properly digest it, it is impossible that he can gain in flesh and strength; and it is equally impossible to bring a patient to this condition so long as the liver is burdened with diseased bile, and the stomach laden with unhealthy slime.

Almost the first request made to the physician by a consumptive patient is that he will prescribe medicines that will allay the cough, night sweats and chills, which are the same attendants on consumption' But this should not be done, as the cough is only an effort of nature to relieve itself, and the night sweats and chills are caused by the diseased lungs. The remedies ordinarily prescribed do more harm than good. They impair the functions of the stomach, impede healthy digestion, and aggravate rather than cure the disease.

There is, after all, nothing like facts which to substantiate a position, and it is upon facts that Dr. Schenck's relies. Nearly all who have take n his medicines in accordance with his directions have not only been cured of consumption, but, from the fact that these medicines act with wonderful power upon the digestive organs, patients thus cured speedily gain flesh. Cleansing the system of all impurities, they lay the foundation for a solid, substantial structure. Restoring these organs to health, they create an appetite. The food is properly assimilated; the quantity of blood is not only increased, but is made rich and strong and in the face of such a condition of the system all disease must be banished.

Full directions accompany each of the medicines, so that it is not absolutely necessary that patients should see Dr SCHENCK personally, unless they desire to have their lungs examined. For this purpose he is at his office, No. 15 North Sixth St., corner of Commerce, Philadelphia, every Saturday, from 9 A.M. until 1 P. M.

Advice is given without charge, but for a thorough examination with the Respirometer the charge is $3.

Price of the Pulmonic Syrup and Seaweed Tonic each, $1.50 per bottle, or $7 50 a half dozen. Mandrake Pills 25 cents a box. For sale by all druggists. Ap.12 ly.

[ESTABLISHED 1851.]

Highest Premium, Silver Medal, awarded over all competition, at Mechanics' Exhibition, Boston, October, 1869.
