**On the Wing.**  
Cotton is a bosom friend.  
Powder is a nice thing in a horn.  
Pale brandy often makes a red nose.  
A boy at school spelt Aaron "big A, little a, r-o-n." Another spelt gallery, "big gal, little gal, e-y."

Ebensburg has already enjoyed sleigh-riding.  
The Capitol building of this State is fifty years old.

Kan. Kane, of Bucktail fame, is named as a candidate for Republican Governor.

Farmers, advertise your sales, and get your sale bills printed at the Globe office.

Our friend J. Irvin Steel has enlarged and otherwise beautified the Ashland Advocate.

The Bedford Gazette is to enlarge to a nine column paper.

The double-busy story we published last week is true.

A valuable corner property opposite the Franklin House, will be sold on the 13th.

The valuable Dorsey property, adjoining us, seventy-five feet front, will be sold at public sale on Thursday next.

There are more heavy purkers killed and to be killed in town this winter than has been for many years.

Somebody has been eating more of our chickens than was called for in daylight—leaving us the heads.

Frank Griffith's new three-story brick in West Huntingdon is a splendid improvement.

James Egan, a newly elected councilman of Alpena, was killed while walking on the track in that place.

Another Blair county goosey was taken in and done for to the tune of \$31.50 for pin-sticks by a New York counterfeiter.

John Dean, Esq., of Hollidaysburg, had his foot amputated recently, on account of a severe affliction at the ankle joint.

Mr. Leigity of Blair county, shot a mammouth hawk on the Alleghenies, which weighed over 100 pounds.

Q, my! Some of the new winter waifs have looking-glasses in them. What an elegant thing! they will be at church?

A ton of apple-seeds is said to be worth \$200. Boys, save the cores, and when you get old, you'll have a ton.

The tons of Girard College, Philadelphia, weigh 970 tons. The cost of the college was \$1,833,371, as audited.

Going to law as a pane of glass cost two citizens of Sunbury one hundred and twenty dollars.

A rock weighing twelve hundred tons was thrown a short distance by a blast, near Columbia, a few days ago.

Henry Fylander, of McVeytown, a man of dissipated habits, fell into the canal, near that place recently, and was drowned.

Thomas Jefferson never made a speech, he having, as he termed it, "no faculty of thinking when on his legs."

Our former townsmen, Mr. H. C. Weaver, is now in Charleston, West Virginia, where we learn, he intends landing. Success to him.

The new town, West Huntingdon, is a curiosity to persons not visiting that locality often. It is going up—new buildings and new foundations in every direction. More work-shops is all that is necessary to make the town what it should be.

Of the 11,817 Chinese in San Francisco, there is not one who cannot read and write. The Irish population of the city, 6,885 can do neither, nine native Americans are equally deficient, but there is not a Frenchman or German who cannot do both.

The Pennsylvania Railroad, Pittsburgh & Connetquot Railroad, and the Baltimore & Ohio Railroad, three large corporations, are fighting to get the Bedford & Bridgeport Railroad won. We hope the Pennsylvania dog will beat.

D. S. Africa's is the place to buy your Holiday presents. He has the largest stock of toys and fancy goods in Huntingdon, and also Candles, Raisins, Figs, Oranges, Lemons and all kinds of good things on hand at all times. Whitman's fine mixed candies are among the good things.

Josh Billings will lecture in Yenter's hall, in this place, on Tuesday evening, December 6th. As this may be the only opportunity afforded our citizens to hear and see this distinguished American humorist, they should secure seats at once, as a large crowd is expected. Tickets can be had at the Post Office, where a diagram of the hall may be seen.

The postmaster general has instructed postmasters to deliver letters bearing the endorsement of the pension office, or its agents, only to the person addressed, or to a member of his or her own family, or to a legal guardian of the pensioner, and under no circumstances, deliver such letters to an attorney, claim agent, or broker.

Josh Billings abhors cats. He says they will harvest a dozen or young chickens for you, and then steal into the sitting room as softly as an underliner and lay themselves down on the rug at your feet. Fall of injured lameness and chicken and dream of their childhood days. This is the identical Josh who lectures here on the 20th inst.

A new paper styled *Our Quarterly*, made its appearance in our borough last week. It is the product of the brain of our good-natured young townsmen, G. B. Armitage and J. R. Simpson, Esqs., General Insurance Agents. It is designed as an advertising sheet, and it did indulge in "personal" at our expense. We hope they will profit by their enterprise.

**MURDER NEAR BROAD TOP CITY.**  
The rumor which we published last week in reference to a murder near Broad Top city, this county, has been corroborated by some particulars. On the night of the 25th of November, the night after Thanksgiving-day, (the Peights murder, it will be remembered, was committed last year the day before Thanksgiving,) the body of Mrs. Mary Ann Morrison was found mutilated in a frightful manner, with life extinct, and lying with her right side on the floor and her feet on the bed. Her face and head were badly mangled, as if a club had been used, and her left elbow was out of place. A Coroner's inquest was held and the verdict was that she had come to her death by violence.

Suspicious rested upon William Griffith, who lived in the house, and had engaged the woman as housekeeper, and last week he was lodged in jail at this place to await a trial. Suspicion implicating him are based on the ground that on the above night he went home drunk, having threatened that he would kill her. Griffith's story is that also was killed before he got home, as he stumbled over what he supposed afterwards to be her body, but he did not give the alarm until next morning.

The murder has caused great excitement in that region, and many of the citizens think Griffith is innocent.

**Letter from Cumminsville.**  
Ems. Globe:—As you have asked for correspondence from every township, I thought a few words from Jackson would not come amiss.

The stage line between Petersburg and Greenwood Furnace has changed hands. The obliging and accommodating Mr. Jacob Little of McAlary's Fort, is successor to J. A. Norris, and will take the stage as before.

The Methodist church at Cumminsville are having a revival at this time and are doing a vast amount of good in the way of converting souls to God. The Baptists also at Cornprophet's Mills are holding a big meeting, with success.

Mr. J. N. Norris, having retired from driving stage, is now going to engage in the flour and feed business, and will run his mill day and night. He has secured the services of S. D. Heffer as miller, and everybody in this community says that he can't be beat as a miller.

Deer and turkey seem to be plenty in this neck of woods this fall, as we hear almost every day of one or the other being killed by the sportsman.

**ACCIDENT.**—Mrs. Lydia Orbinson, wife of Wm. P. Orbinson, Esq., of this place, met with an accident on Tuesday evening last. She was crossing Smith street and when near Jackson's corner, she was suddenly precipitated to the ground, and for a short time was unconscious. In attempting to get up she found she was unable, when a gentleman standing near assisted her to her residence. On examination it was found that one of her ankles was badly bruised. The accident was caused by a horse which was frightened by the noise of the cars, running off from the railroad station, and in going past her it is supposed the wheels of the carriage caught her dress, throwing her down head first over her ankle. She is rapidly recovering.

**BAZAAR OF FASHION.**—Particular attention paid to Dress and Cloak making and all kinds of sewing. Also a full line of Millinery goods, and Paper Patterns, constantly on hand. Guttering, Plating and Pinking done in all their various branches. Skirts, caps, and children's clothing trimmed in all styles, and at low prices. At Mrs. L. A. Hamer's, corner of Millin and Bath streets. Oct. 18-19.

Our friends in and out of town and all others who may desire to purchase the mortal linings of those they love, and who does not feel this desire?—will do well to call at Donnell's new Photograph Gallery in Cunningham's building near Broad Top corner.

Can't be understood.  
Supt. Ryons (Grocery) receives new supplies almost every day, sells the most and freshest, and can't be understood.
