PRE-PAYMENT FOR THE JOURNAL.

We promised to publish a list of pre-payments up to this issue, but we are afraid that the Monitor has the dead wood on us, and, consequently, we will wait for a week or two longer.

COMPLETION OF THE PITTSBURGH AND CONNELLSVILLE RAILROAD.

The last spike was driven on the Pittsburgh and Connelville Railroad, on Monday, the 10th inst., at 3:20 o'clock, p. m., in the presence of W. O. Hughtar, the President of the road, and a number of other parties interested in the project.

The musical gentleman, who controls the Monitor, in his last issue, endeavors to tickle the ears of his Democratic adherents with a story of an "organ."

The mail trains on the Pennsylvania Central have been running very irregularly for the last week or two. Some wicked person attributes it to the fact that the postal cars are so terribly loaded down with public documents sent to this district by our zealous member of Congress.

The mail carriers, who have heretofore carried the mails, on their respective routes, on horse back, have, within the last few weeks, been obliged to employ the farmers along the way, with their farm horse wagons, to carry our Congressman's extra documents.

The editor of the Monitor gets furious when he makes any allusion to his spectacles. Last week we were unfortunate enough to commit this grave offense, and, consequently, the last Monitor exhibits the terrible spectacle of a zoological garden, furiously excited.

There is no necessity for anticipating trouble. The world is had enough without fretting yourself to death about imaginary evils. When the \$9,000,000 swindle makes its appearance it will be time enough to cry, "stop thief!"

It is said that the dead lock, at Harrisburg, will be broken this week, and an appointment bill passed which will be satisfactory to both parties.

Philadelphia's proud Caucasian, who refused to sit on a jury with a citizen of color, and who was fined, and imprisoned for non-payment of the fine, by Judge Ludlow, a life-long Democrat, for his obstreperousness, has come down with the dust.

An old farmer, who has just received less than a dozen volumes of "Pub. Docs." from Mr. Speer, assures us that they make indifferent kindling, owing to the fact they invariably end in the way that Mr. Speer's efforts to fill the farmers into voting for him, will end—in smoke.

The United States Railroad and Mining Register, published in Philadelphia, announces the completion of the Pittsburgh and Connelville Railroad in three lines. It is a very small matter—it cost only \$9,000,000! and connects Pittsburgh with Baltimore!

Broad Top is shipping more coal now than it has ever done, with the exception of a year or so during the war. The operators are making money and the miners are getting the prices they want.

A hackman, in the upper end of the county, was so much enraged at seeing nine bags of "Pub. Docs." thrown out for his hack, that he swore until it smelt of brimstone for twenty-four hours afterwards. It is said that he had voted for Speer, too.

News Summary.

There are 17 ex-rebel officers in the present House of Representatives. This is a terribly "tyrannical government."

It has been suggested that the Governor call an extra session of the Legislature, about the first of June, to take up the various bills prepared, and to be prepared, looking to the building of an Alms-House in Bedford county. In such an event it would be unnecessary to call an extra session to act upon the Revised Statutes, as by the middle of September at the farthest, the Bedford county Poor House business could be disposed of, and the Legislature would be ready for lighter work. Give us the extra session by all means.

The Philadelphia Press, some weeks ago, exposed an institution, claiming to be a Medical College, located, if we remember correctly, on Race street, Philadelphia, for trafficking in diplomas in this country and in Europe. Since the expose we have not heard of any action in the premises. Such infamous conduct must certainly be in violation of its charter, and, if this be the case, the Governor should see that it be taken away, and the Legislature should enact a law imposing a heavy penalty for such dishonorable and disreputable practices.

The President Judgeship.

ALTOONA, Pa., February, 1871. Hon. GEORGE TAYLOR, Sir: As the time is rapidly approaching for another election of President Judge of this district, and as near as I can ascertain it is already manifested on the subject, the undersigned, without respect to party, not regarding the office as a political office, and feeling satisfied that the citizens of this district are already in a state of confidence in your capacity, integrity and strict impartiality as a Judge, respectfully ask you to allow yourself to be an independent candidate, and accept of the office.

Wm. M. Lloyd, A. Roush, John Lloyd, T. McAnley, John M. Bowman, H. C. Dorn, Chas. C. Shannon, E. B. McCrum, Lewis P. K., J. Hutchison, James Chabough, John Shoemaker, B. F. Patton, M. Rauben, Wm. O'Neil, Jacob Snyder, Edward Hodnett, Chas. K. A. Stahl, John B. Bowman, Clement Agard, J. A. O'Kern.

Gov. Geary's prompt action in serving out writs of quo warranto against the railroads, commanding them to show cause why their charters should not be forfeited for having violated them in raising the freight on coal, from two to six dollars per ton, has won the approbation of all who love honesty and fair dealing.

After a long session the conference committee of the two houses at Harrisburg, called to an agreement on the appropriation bill, and finally adjourned without fixing a day for a further meeting. The Governor had better prorogue the Legislature.

Despatches from Havana, Cuba, giving an account of a battle fought in San Domingo, near a place called Augua. Baz and Cabral commanded the respective forces. Cabral was defeated. Smaller fights of later date are reported, all resulting in the same end.

Robert Chambers, the celebrated publisher, who has just died in Edinburgh, worth, it is said, some £600,000 began life as a poor boy, entirely dependent on his own exertions, laying the foundation of his fortune by opening a small circulating library with a little borrowed money.

The Pennsylvania Reserve Corps hold their next anniversary on the 16th of May. General William H. Ent has been selected to deliver an oration. With the high soldierly qualities which have been tested on a many a field, General Ent unites the graces of an orator.

A thorough organization of the consolidated lines under the control of the Pennsylvania Railroad has been made, Mr. Thomas A. Scott being elected President, Wm. Shaw Vice President and J. M. McCullough, General Manager. A circular will be issued in a few days giving notice of the change to the employees of the roads.

The New York Post is deeply disgusted with the Democratic allies in the "Reform" business. The selection of Randall, of Pennsylvania, who it says is a weakling, and a protectionist, to be President of the Democratic National Committee has convinced the Post that there is no use in looking to the Democracy for support, as Randall, on whose committee are several other members of the same stripe, will send out as many protection as free-trade documents, and as the revenue reformers, poor fellows, are getting sick.

The Hempfield Railroad including track, stock, rights, privileges and franchises, was sold on Friday last at public sale for \$121,090. Hon. J. W. Garrett, President of the Baltimore and Ohio Railroad, being the purchaser. The charter gives the company the right to construct a railroad from Westmoreland county, this State, the road was completed from Wheeling to Washington, Pa., and has been in operation for several years, and considerable grading has been done on the eastern end of it.
