LOCAL AND PERSONAL.

MR. MORAN LODGE, No. 30, Y. M. C. A., meets second Monday evening of each month in Brown's building.

THE PATENT RIGHT SWINDLE.—How Farmers are Deceived by Signing False Notes of Hand.—Among the many swindling operations of the day the patent right dodge is largely practiced on farmers, and we have heard of several cases in this county within a year.

The following note is a copy of one now in use by these swindlers. It will appear at first sight to be perfectly simple, and no person wishing to take an agency for any of the many patents would hesitate to sign it:

Now, having read the above note carefully, and supposing it to be all right for \$10, just cut it in two between the words or, and bearer, in the first line, and you will find that the left hand piece is a perfect note for \$75.

Several drinks were served on Saturday night. The early fruits are damaged by the recent frosts.

Mr. John Frost visited this ballcock on Sunday morning. An organ grinder amused the little folks on Saturday evening.

A vein of anthracite coal has been discovered in Fulton county. State Treasurer Mackey entered upon his duties on Monday last.

Quite a number of teachers attended the examination on Thursday. Street lamps have been put up in different parts of West Huntingdon.

The youth and beauty of our town were in large numbers on Saturday evening. The weather for the past few days has been suggestive of straw tiles and linen dusters.

A large assortment of Boots, Shoes and Ladies' Gaiters on exhibition at Henry & Co's. Advertise in the largest circulated newspaper—the JOURNAL. It goes to every section.

Neal Dowd, the author of the Maine liquor law, is on a lecturing tour through this State. The Chester Valley railroad company's engine house at Downingtown, was burned, on Thursday night.

Hats and Caps, all styles and sizes, for the milliner, at Henry & Co's. They can't be beat. Go and see them.

The newest bonnet is called the "Congress." Fashionable milliners say a new style comes out every two hours.

Fishing parties were numerous during the fresh of last week, and large numbers of the funny tribe were caught.

A new counterfeited fifty cent postal currency is in circulation, which is said to be the best imitation yet produced.

The man who didn't believe in advertising has gone into partnership with the sheriff, and the latter is now doing it for him.

It is easier for a man to take hold of the seat of his pants and throw himself over the moon, than to get to heaven after cheating the printer.

A little son of Mr. Williams, of Johnstown, was burned to death, on Monday morning of last week, by his clothes taking fire from the cooking stove.

Our imp of darkness took a trip to the country, last week, for his health. Bodkin says a piece of calico has a great deal to do with his visits to the rural districts.

WHITE WASHING.—The season for white washing is now at hand. No farmer or householder should fail to make a free use of white wash in the beginning of every summer. No expenditure of the same amount of money will contribute more to the health, comfort and pleasure of a family. Besides the improved appearance a coat of white wash gives everything, it purifies the air, and also preserves woodwork. Every cellar and dark closet should be thoroughly coated with it; all the fences around the buildings, and all stables and out-houses should be washed with this preserver and purifier. Nearly every experienced housewife has her own mode of mixing the lime, but to beginners we venture to recommend the following:

Take the very best stone lime, and slack it in a close tub, covered with a cloth to preserve the steam. Salt—as much as can be dissolved in the water used for slacking and reducing the lime—should be applied, and the whole mass carefully strained and thickened with a small quantity of sand, the purer and finer the better. A few pounds of what flour mixed as paste may be added, and will give greater durability to the wash, especially when applied to the exterior surface of buildings. With pure lime, properly slacked and mixed with twice its weight of fine sand and sifted washes, in equal proportions, almost any color may be made by the addition of pigments. Granite, slate, freestone and other shades may be imitated, and without detriment to the durability of the wash. This covering is very often applied, and with good effect, to underpinning, stone fences, roofs and the walls of barns and other outbuildings. Probably the pure white wash is more healthy than the colored, as its alkaline properties are superior, and when used in cellars, kitchens and sleeping apartments, produces sanitary results.

From 20 to 50 cents a yard over than they have been—the Black Silks offered by Glazier & Bro. COUNTERFEIT BANK NOTES.—The Treasury Department publishes a long list of counterfeit plates for bank notes which have been captured and destroyed, and also the following list of all the counterfeiters known to the Treasury to be in circulation, the plates of which have not been captured: Tens on the Flour City National bank of Rochester, N. Y.; Saratoga County National bank of Waterford, N. Y.; Albany City N. Y. National bank; First National of Red Hook, N. Y.; Auburn City, N. Y. National bank; National National bank of Troy, N. Y.; American National bank of N. Y.; First National bank of Lockport, N. Y.; National bank of Commerce, N. Y.; and First National bank of Poughkeepsie, N. Y.; twos on Marine National bank of New York; Market National bank of New York; National bank of Linden, N. Y.; National bank of Rhode Island, Newport, R. I.

Ten of the eleven \$10 counterfeit plates and four of the five \$20 counterfeit plates printed from the same plate, with only the name of the bank changed.

Our people will do well to look out for notes of the above named banks. Black Herrings and Grenadiers, cheap, at Glazier & Bro's.

WOOD'S HOUSEHOLD MAGAZINE.—Most heartily do we welcome the May number of Wood's Household Magazine. We hardly recognize it as it entered our office in its new spring clothes; but while admiring the color and quality of its dress, we were delighted to discover that it adorned our old friend. The improvements which have followed thick and fast in this Magazine, show the enterprise and success of its publishers. The heavy paper is a great addition as well as the cover, and its typographical appearance is unsurpassed.

Its contents are unexceptionable, and among its list of contributors are some of the most noted writers of the day. We do not understand how Mr. Wood is able to do so much for so little money—nevertheless we are glad to acknowledge his achievements. The Magazine is furnished for the small sum of one dollar—Specimen copy free. Address S. S. Wood & Co., Newburgh, N. Y.

FIFTY SETS of Melton Jewelry at Henry & Co's. The latest thing out. Ladies, just go and see them. May 2-21.

A SIGNAL LIGHT FOR CARS.—A signal light, to be attached to the rear car of a train, invented by two officers of the Little Miami Railroad, has lately been tested on that road. It is thus described by the Railroad Gazette:—In the center of the roof of the rear car of the train, over the rear axle, is placed a signal lantern, with alternate pans of red and white glass. The lantern is connected by means of a shaft, with one of the axles in such a manner that eight revolutions of the axle produce one of the lantern. When the car stops, the lantern, of course, ceases to revolve. Upon each side of this main lantern are two others, also connected with the axle in such a way that when the train is moving forward a solid red light is displayed, and if backing, a solid green light. The engineer of a train coming up in the rear can thus tell, by observing these lights, whether the train before him is moving or at a standstill, and if moving, in which direction.

We are glad to inform our readers that our friend Capt. Johnston, of the firm of Henry & Co., has returned from the Eastern cities with a full line of new and desirable Spring Goods, and our readers will do well by calling at their mammoth establishment and examining their stock. They have for the prettiest Shawls and Dress Goods that ever came to Huntingdon county. Go and see them at 732 & 734 Hill Street.

PRINTING.—Remember Merchants, Mechanics and business men generally, if you want Posters, Circulars, a Letter-head, Bill-head, Monthly Statements, Cards, Envelopes, or any kind of printing done, that we are prepared to do it in the best style and at the lowest rates.

GRAND OPENING.—Mrs. L. A. Hamer has returned from the city and has opened this day one of the finest assortments of Millinery Goods and Notions ever brought to Huntingdon. You can get a set of Jewelry from 50 cents to \$5, and a hat from 60 cents upwards. Go and see.

Prof. Weaver will visit Huntingdon in a week or two to tune pianos. All persons desiring his services will please leave their orders at Green's Music Store.

A NEW COMMENTARY.—Critical, Explanatory and Practical on the Old and New Testaments.—By Rev. Robert Jamison, D. D., St. Paul's Glasgow; Rev. A. B. Faussat, A. M., Cortlandt, York, and Rev. David Brown, D. D., Professor of Theology, Aberdeen. A commentary on the whole Bible in one volume. A commentary far in advance of the older works. A commentary compendious and comprehensive in its character. A commentary containing a critical introduction to each book of Scripture. A commentary having over 200 handsome illustrations. A commentary by far the most practical, suggestive, scientific and popular, and in typography and general arrangement, the peer of the best in the English language. No book ever published in this, or any other country, has been commended by so long a list of the most eminent men and scholars as this.

Read a few of the many testimonials given by eminent scholars and ministers, whose learning and ability for judging such an important work is unquestioned. Rev. James M'Cook, D. D., President Princeton College, says: "I am well acquainted with the commentary by Jamison, Faussat & Brown; and have often made good and profitable use of it. It is highly esteemed in Great Britain and Ireland, and I am pleased it is republished in this country. It is the work of highly competent scholars who have succeeded in bringing out its mines of the spirit as revealed in the scriptures. It is clear, brief, judicious and eminently fitted to be useful alike to pastor and people." Rev. D. W. Clark, D. D., Bishop of M. E. Church.—"The commentary on the Old and New Testaments of Messrs. Jamison, Faussat & Brown is just what the people want. Without ostentation, and free from unnecessary verbiage, it lays under contribution its researches of scholars, critics and travelers, that have thrown so much light on Biblical topics in modern times. It will be found one of the most useful and instructive commentaries yet published—a help not merely to its better understanding of the word of God, but also to clearer experience in his Christian life."

Rev. G. W. Zahniser, Pastor Presbyterian Church of this place, says: "I have not had time to examine with much care the commentary on the Old and New Testaments published by the New Word Publishing Company, but have no doubt however, that it is a work of very great merit. It has received the commendations of such men as Dr. Hodge and M'Cook and other eminent divines. It well deserves, and I hope will have a wide circulation."

Rev. B. H. Hamlin, D. D., P. E. Juniate District, M. E. Church, says: "Having examined the commentary on the Old and New Testaments now in the hands of Mr. Wagoner for circulation, I hesitate not to say that it is all that its title imports—critical, explanatory and practical." It is remarkable for the simplicity of its arrangement—for the brevity and clearness of its style—for the brevity and comprehensiveness of its statements and expositions, and especially desirable as comprising a complete commentary on the whole Bible in a single volume.

Mr. Wagoner is certainly entitled to encouragement as furnishing, in a very cheap and portable form, a commentary on the Scriptures, which, whether in the ministers study, in the Sunday School, or in the family, cannot fail to render very great satisfaction."

TO NEBRASKA, CALIFORNIA, AND KANSAS, AND THE B. & M. R. R. LANDS.—The "Burlington Route," so called, lies right in the path of the Star of Empire. It runs almost immediately in the center of the great westward movement of emigration. Crossing Illinois and Iowa, it strikes the Missouri river at three points. These three points are the gateways into three great sections of the trans-Missouri region. The Northern gate is Omaha, where the great Pacific will take you to the land of gold and grapes, sunny mountains, and perpetual summer.

The middle gate is Plattsmouth, which opens upon the south half of Nebraska, south of the Platte river, a region unsurpassed on the continent for agriculture and grazing. Just here are the B. & M. Railroad lands, comprising 100,000 acres of the best of the Burlington, Iowa, can give you all our information, and in the heart of them is Lincoln, the State Capital and present terminus of the road.

The Southern gate leads to Kansas, by connections with the St. Joe Road at Hamburg, running direct to St. Joe and Kansas City. The train of the Burlington will smoothly and safely, and make all connections. It runs the best of coaches, Pullman Palace and Pullman dining cars, and should you take the journey for the journey's sake alone, you will be repaid; or take it to find a home or a farm, you cannot find any better either than among the B. & M. lands, where you can buy on ten years' credit, and at a low price. ft.

MISCELLANEOUS. THE NEW YORK TRIBUNE FOR 1871. Through struggle and enduring, at the cost of American blood in the preamble to our fathers' Declaration of Independence, we have secured our political rights. The noble, inspiring assertion that "all men are equal, and entitled by the rights of nature to the same rights to life, liberty, and the pursuit of happiness," is the basis of our political system. It is the basis of our political fabric. Pianos and Music. D. P. GWIN. SIXTY-FIVE FIRST PRIZE MEDALS AWARDED THE GREAT BALTIMORE PIANO MANUFACTORY. WILLIAM KNABE & CO., MANUFACTURERS OF GRAND, SQUARE AND UPRIGHT PIANO FORTES, BALTIMORE, MD. These Instruments have been before the public for nearly thirty years, and upon their excellence alone attained an unbroken preeminence, which pronounces them unequalled. Their combines great power, sweetness and fine singing quality, as well as great variety of intonation, and is sweeter than "out the entire scale." Their TOUCH is superior to any other. IN WORKMANSHIP they are unequalled, using none but the very best seasoned material, the large capital employed in our business enabling us to keep continually an immense stock of lumber, &c., on hand. All our Square Pianos have our New Improved Overstrung Scale and the Grand Trade. We would call special attention to our late improved instruments in Grand Pianos and Square Grand, Patented August 16, 1866, which bring the piano never performed than has yet been attained. EVERY PIANO FULLY WARRANTED FOR FIVE YEARS. We have made arrangements for the Sole Wholesale Agency for the most Celebrated PHILADELPHIA.

PARLOR ORGANS AND MELODEANS, which we offer Wholesale and Retail, at Lowest Factory Prices. WILLIAM KNABE & CO. JAMES BELLER, PHILADELPHIA. Wholesale Depot, 279 & 281 South 5th street. Sept. 21, 1870-6m.
