READ! READ!! READ!!!

California Sends Greetings to Maine!

Connecticut in the East Speaks to North Carolina in the South!

NEW MEXICO, WYOMING AND COLORADO, Catch up the Grand chorus for the Union, and in every State where the People have spoken through the Ballot-box, they have vindicated the Great Party, that saved the Nation from destruction by traitors; gave Liberty to all Sections; defeated Repudiation; built the Pacific Railroad; established a National Currency; secured Pensions and Homesteads for Union Soldiers; reduced the National Debt over \$100,000,000 in one year; and is the Party of Freedom and Progress the world over.

The Republicans of Huntingdon County, may keep step to the music of the Union, there will be a MASS MEETING, held in HUNTINGDON, PA., on THURSDAY EVENING, OCTOBER 5TH, 1871, to be addressed by the eloquent GEN. L. K. PANGBORN, of N. J., HON. JOHN SCOTT, and other distinguished speakers from a distance.

Night trains on the Penn'a. R. R., will stop at all way stations going east and west.

To the Republicans of Huntingdon County.

The approaching election is one of very great importance, and its results will have a telling effect upon the still more vital contest of next year.

The tide is in our favor. The people of CALIFORNIA and MAINE have greeted each other across this mighty continent, and the Great Party which saved the Nation from the hordes of treason has been again vindicated at the ballot box. In view of these things, I appeal to the earnest Republicans, and especially to the members of the County Committee, in every township and borough throughout the County, to SEE TO IT AT ONCE that arrangements are made to have every Republican voter out on the day of the election. If necessary, have conveyances sent, early in the day, for those who are unable to walk to the polls.

NO BUSINESS, HOWEVER IMPORTANT, SHOULD BE ALLOWED TO KEEP A REPUBLICAN AT HOME on the day of the ELECTION.

A man who voluntarily stays at home on that day, and loses his vote, is not fit to enjoy the right of suffrage.

Let voters remember that THEY control the Government of this country; and if bad men get into office, it is their fault.

Last year a Democratic member of Congress was elected from this District because a large number of Republicans did not go to the election and vote. TWELVE REPUBLICAN VOTES WOULD HAVE CHANGED THE RESULT.

A Democratic State Senator was elected from this District, and the Senate of Pennsylvania was thereby made Democratic, because the Republicans of Huntingdon County did not go to the Election.

See to it then, that no township or borough suffers a single vote to remain away from the polls, and lose his vote, on the 10th day of October next.

Have men appointed to stand at the polls all day and see that no illegal voting is done—CHALLENGE FREELY, if necessary; timidity at the polls may lose the day.

WATCH FOR SPLIT TICKETS, that is a favorite game with the Democrats. THEY WILL TRY TO GET REPUBLICANS TO CUT THE TICKET ON THE PRESIDENT JUDGE AND LEGISLATURE. DON'T BE DECEIVED OR CHEATED BY THEM. VOTE THE WHOLE TICKET. LET NO COMPLIMENTARY VOTES BE GIVEN TO DEMOCRATS; they will LAUGH at you afterwards for being so easily deceived.

Examine your ballots before depositing them, and see that ALL the names are correct.

Get your tickets from good men—men who will not deceive you.

Republicans, remember that the very men who were the out-spoken enemies of the Government when Traitors threatened its life, are the same who now unshakingly ask your votes that they may be foisted upon power as law-makers and Rulers for you. If they and their armed friends in the south had succeeded in their efforts only a few years ago, our institutions and liberties would have been swept away by war; if they succeed now at the ballot box, the brave soldiers of the Union who fell with their faces to the foe, in that grand struggle against treason, have shed their life blood in vain.

Shall we dishonor their memory by basely surrendering the great issues for which they fell? No! Let us emulate their sublime devotion to principle, and a glorious triumph await us.

K. ALLEN LOVELL, Ch'n. Rep. Co. Committee. Huntingdon, Pa., Sep. 30th.

The Slanders of the Monitor.

It Admits that Gen. Lane does not Owe the County the State nor his Bail a Single Dollar.

A HARMLESS SCARE-CROW!

As an evidence of the desperate straits to which the rebel-loving Democracy of this county are driven, and the unscrupulous means to which they are willing to resort, in order to save a sinking cause, we have only to refer our readers to the last two issues of the Monitor. We showed most conclusively, in our last issue, that the attack made upon Gen. Lane was a malicious falsehood, manufactured for the occasion, by publishing a plain, unvarnished and truthful statement of the whole affair, which that paper has not dared to answer or deny, but simply contents itself by reiterating the stale falsehood.

We simply ask our readers, all who think worth while to go to that trouble, to take the statement of the Monitor itself, and see if it does not furnish one of the best evidences that Gen. Lane, in the case referred to, acted the part of an honest, upright and conscientious man. That a balance was found against him, in favor of the State, at the close of his term as Treasurer of the county, no one denies, and we have already shown how it came to be taken, as well as the necessary legal steps there by Mr. Lane to defend himself against a claim which was manifestly unjust. Instead of remaining at home to test its validity, however, he entered the Union army with thousands of his brave-hearted countrymen, and marched, at the roll-call of Freedom, to the rescue of an imperiled Government, there to seal his devotion to the glorious standard of our common country on many a hard-fought battle-field, while Mr. Africa, his opponent, was at home doing service for his rebel friends, on this side of the line, by denouncing the war as an "ABOLITION RAID," our gallant soldiers as "LINCOLN'S HIRE-LINGS," and the battle-fields of Freedom as "LINCOLN'S SLAUGHTER PENS."

That judgment was obtained against him, under the circumstances, and the amount paid by Gen. Wilson, one of his sureties, is not denied, but that Mr. Lane was a defaulter, or an embezzler, of public money, or that he allowed his bail to suffer, we think is manifestly susceptible of contradiction, even by the Monitor's own statement, and the author of that article is evidently very much at fault in citing a section of the penal code which was not in existence at the time. Gen. Lane was clearly in no danger of a criminal prosecution, and never has been since, and if any such threats were made by General Wilson, as the Monitor alleges, they proceeded from other motives.

But we would only say, in conclusion, to the legal and honorable gentlemen who do the dirty work, why is it that the money was paid? Gen. Lane, you say, was "utterly insolvent," and of course was not obliged to pay, and no lawyer will pretend to say that he was in any danger of a criminal prosecution. Can there then, be any other motive assigned for the refunding of that money to Gen. Wilson, inside of five days from the time it was paid, other than that which would actuate any high minded and honorable man in paying voluntarily an unjust debt rather than see his bail suffer! Until these questions are answered we will ask our readers to accept the statement made by the Monitor as satisfactory evidence of Mr. Lane's honesty, and so conclude.

It requires an ingenious falsifier to at once make both ends of a story correct, and like the man who ran the deer into the snow bank and caught it, in harvest, we fear that the Monitor scribblers have got their story mixed up so badly as to be able to explain it on no other hypothesis when subjected to the crucible of reason and common sense.

The entire amount, including interest and costs, was refunded to his bail inside of five days from the payment thereof, and his receipt taken for the same, and this too by a man who the Monitor declares was "utterly insolvent" and without any real estate, and who was in no danger of any criminal prosecution.

The amount of legal ability displayed by the author of that statement, strikes us as not being very creditable. Had he, good, honest soul that he is, examined the record at Harrisburg, a few pages from the statement he garbled to suit his own purpose, he might have found evidence of other defaulting public officers, with the claim still unliquidated.

John Mierley, Esq.

We notice an article under this head, in the last issue of the Monitor, which states that Mr. Mierley is not an office seeker in any sense of the term, and that "he scoffs the political trickster and would not allow in the mire in which his competitor lives and grows fat." Now this seems strange, indeed, when we take into consideration that scarcely a Republican can be found that he has not solicited to vote for him with all the imploring sympathy of a hound pup with his foot in a steel trap. It is truly a wonder that so pure a man would allow one of "Lincoln's hirelings" to vote for him! And as for him being "no mere reflector," we differ in that, for never was Jeff Davis' character more truthfully reflected during the war, than through John Mierley!—Think of his war record, Republicans, and take as an indignity all of his palvering and begging of your votes. Go to the polls and vote for Judge Clarkson, who is his equal in every respect, and a sound Republican, and instead of his holding office so long being an objection, he needs no better recommendation. And, further, remember, not a Republican in the county would the immaculate Mierley vote for were they before the people for a county office. Vote the whole ticket and nothing but the ticket!

Every vote for the Radical ticket is a full vote for the man who quit selling rum only once he was nominated for office by the Republican party.—Monitor.

And every vote for the Democratic ticket is one for the man who quit drinking it only since he was nominated for office by the Democratic party.

Stay at the polls until dark!

Gen. Lane's Treasuryship!

He Saves Tax-Payers \$6,400!

The Matter in a Nut Shell!

Gen. Lane, the Monitor admits, PAID EVERY DOLLAR, and MORE THAN HE OUGHT TO HAVE PAID. Why, then, this hellaboo? Oh, but he didn't pay over immediately upon his retirement from office, and consequently, he is an EMBEZZLER and DEFAULTER! Indeed! Gen. Lane was charged with the percentage on a valuation of \$800,000 more than was collected in the county, and if he paid, he would have been obliged to PAY OUT OF HIS OWN POCKET. He refused to settle until the State corrected her account. Was not this right? THE PEOPLE EXPECTED HIM TO STAND BETWEEN THEM AND THE EXTRAORDINARY DEMANDS OF THE STATE, and by so doing he saved the county \$6,400! Because if Gen. Lane had not resisted the unreasonable demands of the State, but quietly acquiesced, paid over the money and said nothing about it, the mistake would never have been discovered, and the tax-payers of Huntingdon county would have been SWINDLED, CHEATED OUT OF SIX THOUSAND FOUR HUNDRED DOLLARS! This is the plain English of this transaction. Farmers, Tax-payers, are you going to vote against the man who, by doing persistence, saved you \$6,400!

"NO!" hear you thunder from one end of the line to the other! Then vote for Lane!

The President Judgeship.

A word to those of our Republican friends who are weighing the question of voting for Judge Taylor instead of Mr. Dean. We have not concealed the fact of our personal regard for Judge Taylor, and we therefore think it our duty to offer a word of advice to those who entertain the same feelings. From all we can learn, from our exchanges, and from well informed persons, of both parties, all over the district, we are convinced the regular nominees, Mr. Dean and Mr. Banks, will receive the support of the great mass of their respective parties, leaving Judge Taylor, the independent candidate, without any reasonable prospect of even coming near an election. This being the case why should Huntingdon county Republicans throw away their votes, and aid in electing Mr. Banks.

Admitting that Mr. Dean and Mr. Banks are both respectable lawyers of Blair county, why should any Republican, of this county, adopt a course which is calculated to elect a Democrat to office, while it does the man they wish to serve no earthly good? We trust our Republican friends will take a calm and dispassionate view of this matter, and find it a pleasure, as well as a duty, to cast a solid, undivided vote for the regular ticket.

Get out every vote!

Gen. Lane the Tax-payers' Friend!

Gen. Lane saved the tax-payers, by his efforts to have the State correct her account, SIX THOUSAND FOUR HUNDRED DOLLARS! This is no small item. To do this he was obliged to stand the State a suit, and when his bail was pushed he paid every dollar! Want't this manly? Did any person lose anything? But it is not alleged that any one did. Oh, no! But he used the State's money for several years! Suppose he did, he believed that he did not owe the State anything, and until the State showed that he did he had a perfect right to use the money; any respectable lawyer knows this to be the case. It was not until after he retired from office that a prosecution and a penalty was enacted for withholding funds of this kind. This being the case no honest lawyer will say that he violated any statute. And yet the Monitor has charged this man with Embezzlement and Perjury. Such conduct is infamous!

REPUBLICAN MEETINGS.

Enthusiastic meetings have been held at Shado Gap, Oriskania, Scottsville, Cassville, Green's School House, Broad Top City, Marklesburg, Alexandria, Birmingham, Warriorsburg, Spruce Creek, Shireleysburg, McAlevy's Ford, and Green Tree, which have been addressed by Hon. W. S. Johnston, of Washington, D. C., Prof. A. L. Guss, Theo. H. Cremer, Esq., T. W. Myton, Esq., J. R. Simpson, Esq., G. B. Armitage, Esq., J. Sylvanus Blair, Esq., W. H. Woods, Esq., M. S. Lytle, Esq., J. W. Matters, Esq., H. C. Madden, Esq., J. Hall Musser, Esq., S. T. Brown, Esq., R. A. Oriskany, Esq., and John Stiles, Esq., of Washington, D. C. A number of these gentlemen have done most excellent service and the party should remember them for it. We are in favor of rewarding those who labor. Our space is so limited that we cannot individualize the meetings.

HOW NOT TO DO IT!

Before the Democratic Convention some friend of Mr. Dewees, who is one of the best men in the State, and true to the interests of Huntingdon county, wrote a communication to the Monitor recommending that gentleman for Assembly, but, no, Mr. Dewees, in the estimation of Mr. Africa and the Monitor clique, was not the man for the place—nobody was fit for it but the latter gentleman, and the Monitor refused to publish the communication.—Now Mr. Dewees is asked to support Mr. Africa! Cool, ain't it?

THE GEN. LANE SLANDERS!

The effort of the Monitor clique to injure Gen. Lane, by the publication of the most unblushing falsehoods, are likely to be productive of much good. There were unfortunately here then Republicans who felt like complimenting Mr. Africa, but the infamous assault upon our candidate has stopped that little diversion quite short, and Mr. Africa can put all the votes of that kind in his eye. So much for slanders!

Lookout for Last Cards!

The Monitor, which is most rascally given to lying, and after the election will set its own words, as it has done heretofore, will manufacture all the Roorbacks for the last issue that the clique that controls it can consent. Warn everybody against them—none but the very credulous can be deceived.

Col. Robert B. Beath, our candidate for Surveyor General, lost a leg in the service of the United States. Vote for Beath!

Don't cut the ticket—don't trade votes. Be fish, flesh, or red herring. Go the whole pig, or nothing.

STAND BY THE TICKET!

ELECT JOHN DEAN!

THE "GLOBE'S" VIEW OF IT!

The last Globe contains an article, under the head of "President Judge," which we fully endorse. We reproduce a portion of it: "Previous to the meeting of our County Convention it was generally understood in the Republican ranks throughout the county that both wings of the party would forget the past in the present campaign and vote the ticket, no matter who should be placed in nomination by the delegates in the Convention. The ticket is before the Republican party and there can be no striking down this year without endangering the success of party nominees in the future. It will not do for party men to say that a Judge should not be elected by a party. Both parties have made State and District nominations heretofore, and will again, and it is as much the duty of party men to stick to their nominations for Judge as for any other office. If Republicans, by cutting Dean, could elect any other Republican and better man, there might be some excuse for their treachery, but when it must be clear to every voter that a Republican vote given to Taylor would be only helping to elect the Democratic candidate, common sense will tell them that by voting for Taylor they would be voting to destroy their party organization and party power in the county. John Dean is the Republican nominee, and as such he has a claim upon every Republican voter in the county and district, and every vote cast for any other man for President Judge will be a vote against the party that placed Mr. Dean in nomination."

A GREAT IMPOSITION!

DEMOCRATIC LEGISLATION! Last Winter a Bill was pushed through the Legislature authorizing the construction of a road from a point in Shirley township across Shade Mountain into Tell township, for the accommodation of a few Democrats in the latter township. To make this road, which is of no earthly use to Shirley, a tax of nine mills has to be laid. This is the way Democrats do things.—Vote for Lane!

MANNER OF VOTING!

The ticket will be voted in three separate slips—one headed "STATE," with the names of Auditor General, Surveyor General and Constitutional Amendment, the second headed "JUDICIARY," with the names of the candidates for President and Associate Judge, and the last headed "COUNTY," which will contain the names of the candidates for Assembly, High Sheriff, Treasurer, Commissioner, Poor Director, County Surveyor, Auditor and Coroner.

Principle Rather than Self!

Republicans, if there is a man in your town or vicinity who has been, or wants to be, prominent in our party, and who is lukewarm or doubtful in his support of the ticket this fall; who says to one person; "stick to the ticket," and to another whipsnapper, spot that man! Don't forget him in the future! Very likely he has no relatives on the ticket, or else he has Democratic money in his pocket! Vote and work for the whole ticket!

Catholics Asked to Vote for a Know Nothing!

Mr. Africa was initiated into the Know Nothings on the 25th of July, 1854, and he previously edited the Standing-Stone Banner, in which violent assaults were made upon Catholics and Foreigners, which facts demonstrate his settled convictions, and now, Catholics and Foreigners, you are asked to vote for him. Will you do it? Vote for Lane!

THE JIG'S UP!

The Democracy concede the election of our whole ticket, but in order to make the victory complete it is important that we pull a full vote, and it is the DUTY of every Republican in the county to go to the polls on Tuesday next. Devote the entire day in securing the complete discomfiture of this corrupt and rascally organization. Go for them!

Mr. Africa Wants Complimentary Votes!

We understand that Mr. Africa is sending his "stickers" all over the county, to Republicans, with the request that they give him complimentary votes. We hope that no Republican will be stupid enough to do it. Throw complimentary votes to the dogs! Vote the whole Republican ticket!

Mr. Africa as the Republican Candidate.

We learn that Mr. Africa, in his bland way, has passed himself off to some of our Republican friends as a Republican candidate. It is only with those who do not take the county papers that he has been able to do this. Republicans, carry the war into Africa. Gen. Lane is your candidate.

How Mr. Africa "Does" the Borough.

Mr. Africa is the Engineer of Huntingdon Borough, and he puts in two-thirds of his time "sighting round the corners," at five dollars, "a peep." Tax-payers, you like to "pay the piper." How do you like it? No wonder you groan! Vote for Lane!

RAIN OR SHINE,

Go to the polls on Tuesday next, take your neighbor with you, vote the whole Republican ticket, see that he does likewise, and we will achieve a glorious triumph over the coffee-pot Democracy. Do your duty, Republicans, on Tuesday next! The character of our candidate for Auditor General is above imputation. Vote for Stanton!

J. S. Africa a Know Nothing!

INITIATED JULY 25, 1854!

Foreigners and Catholics How Can You Vote for Him?

The Record, kept by the Know Nothing Organization of this place, can be seen at the JOURNAL office, wherein it is recorded that J. Simpson Africa was initiated, on the evening of the 25th of July, 1854. W. S. Hildebrand, Reuben Romig, Simon Coder, and others, were initiated the same evening. Mr. Africa, not having any belief in the Christian Religion, but availing that "he believed in an Overruling Power," was, with considerable difficulty, elected and SWORN IN.

Soldiers, vote as you shot!

The Right Man in the Right Place." John Dean is one of the most thorough-going, persevering, expeditious, enterprising men in Pennsylvania. There is no lag in him! We know him of old. Whatever he undertakes goes through. He will work up the business of the district in short metre. Vote for an energetic man for Judge! Vote for Dean!

Mr. Africa a Follower of Pythagoras!

Mr. Africa, we learn, is a follower of Pythagoras, and believes in the transmigration of souls. He refuses to eat flesh lest in eating a piece of an ox or a pig he might be eating a piece of the soul of some one of his ancestors. This is a heathen doctrine of Africa!

Vote for Alfred W. Kenyon, the Maimed Soldier!

Alfred W. Kenyon, a WOUNDED SOLDIER, is our candidate for Treasurer, and every friend of the soldier, in the county, should vote for him. Get everybody to vote for an honest man and a good Republican. Vote for Kenyon!

Houck Among his Neighbors!

Read the card of the citizens of Broad Top City in reply to the "rum" lie of the Monitor. Houck never sold as much "rum" in his life as would make the editor of the Monitor drunk. Read the card, and then vote for Houck, and ask everybody to do likewise!

Wallace Sends \$2000 to Beat Gen. Lane!

The Monitor clique, we are credibly informed, have received TWO THOUSAND DOLLARS to use to secure the defeat of Gen. Lane. Republicans, see that none of our friends are demoralized. Stand firm!

Watch the polls!

Beware of Spurious Tickets! Examine every ticket before voting, and if you find any Republican giving out spurious tickets, let us know, and we WILL SETTLE HIS POLITICAL ASPIRATIONS HEREAFTER.

The Boot on the Other Leg!

It is said that the gentleman who went to Harrisburg to write up Gen. Lane a Defaulter and Embezzler "has been here himself." We publish the above against the earnest protest of Gen. Lane, who is a gentleman.

Vote for Jonathan Evans!

He is a true representative of the people who pay our taxes; honest, capable, and efficient. Vote for him, if you desire the county affairs properly conducted for the next three years!

Link to the Alms-House!

Harris Richardson will see that the affairs of this institution will be conducted to the satisfaction of the people. He is a clever fellow, and will make a most efficient officer. Vote for Richardson!

Dean Sure to be Elected!

THE GAME UP!

BANKS REFUSES TO WITHDRAW!

TAYLOR REFUSES TO WITHDRAW! "AIN'T I THE STRONGEST MAN?" "Can't I Get More Republican Votes?" Yes, so it goes! Banks says he is sure of more votes than Taylor, and Taylor is sure he can get more Republican votes than Banks, and the unhappy Democratic party is in the dilemma of the young fellow who was confronted by two sweethearts, and who, in the sincerity of his soul groaned: "Oh, how happy I could be with either, were the other dear clearer away!"

GENERAL M'CANDESS

Is called "General" because while the fighting was going on in the Wilderness, and almost in the light of burning Chambersburg, he wrote to the Secretary of War, declaring that no man could honorably serve in the Union army, and declining to be a General in it. Therefore, soldiers, vote for General Bill M' Candless!

After this effort of self-sacrificing devotion to rebellion, General M' Candless rushed bravely into the whiskey business in Philadelphia. His legitimate profits were not sufficient for his wants, and his distillery was accordingly seized by the Government for illicit distillation. It was here that he acquired that knowledge of Government accounts which peculiarly qualifies him to be Auditor General of Pennsylvania, in the judgment of the temperance party. Therefore, temperance men, vote for Spangler, and elect that staunch, temperance man, William M' Candless.

A bill was introduced in the Legislature during the term of Wm. M' Candless as Senator, which provided for the establishment of a cattle yard at Philadelphia, in the absolute possession of a clove corporation of half dozen individuals, through which every pound of beef consumed in Philadelphia should pass and be inspected. Its effect was to pass an enormous tax upon drovers, and to raise the price of beef upon consumers. It is known as the "Infamous" Cattle Bill. In the Senate its champion orator was William M' Candless. Whereupon all drovers and all consumers should vote for Cattle Bill M' Candless.

When the Free Railroad bill was making its last struggle in the Pennsylvania Legislature, General M' Candless was in the Senate and voted constantly and consistently with its opponents. Whenever an issue was raised between the public and their creature corporations, his voice and vote were for the corporations. Wherefore the western advocates of a Free Railroad law are expected to vote for Railroad Bill M' Candless.

When the Conellsville railroad was being strangled by its great competitor, Gen. M' Candless was in the Senate, and was its champion orator, and was its active and its energetic support. None so willing as he to drive the very last nail into its coffin. Therefore, the merchants of Pittsburgh and the people of the west are expected to vote solidly and enthusiastically for Conellsville Bill M' Candless.

Vote for GENERAL BILL M' Candless. DEFAULTER BILL M' Candless. CATTLE BILL M' Candless. RAILROAD BILL M' Candless. CONNELLVILLE BILL M' Candless. Or, if you can't do this, for God's sake give a vote to Spangler. Then the Soldiers, and the Temperance men, and the Working man and the consumers of Philadelphia beef, and the friends of a Free Railroad, and of the Conellsville enterprise, will have an Auditor General upon whom they can rely, and the country will be safe.—Beaver Radical.

JESS SO.

Not many years ago Judge Taylor severely reprimanded a gentleman of Tyrone, then a resident of Huntingdon, for proposing to vote for a Democratic candidate. Said the Judge: "Mr. \_\_\_\_\_, you never should split your ticket, especially on important occasions. No party is safe unless it can depend upon its members. You slaughter your regular nominees, and I wouldn't give a pig-eyne for a party. No sir, STICK TO YOUR TICKET ALWAYS. Therein lies the safety of the Republican party."

Should we attempt it, we should fail in giving Republicans better advice than that given by Judge Taylor. "Therein lies the safety of the Republican party." As true as the needle to the pole. "No party is safe," etc. Every honest party man feels that to be true. "Stick to your ticket." Yes, STICK! Remember the Judge's charge, delivered when he was personally disinterested, and teach political malcontents, vipers, guerrillas, bolters, gamblers and barnacles that with you Republicanism means the TICKET.—Tyrone Herald.

Vote Early!

And then see that your neighbors go out and vote all right. Examine every ticket before voting! Vote early! Once will be sufficient!

Vote for Judge Clarkson!

He is a man of integrity and experience, and the regular nominee of the party. See that he receives every Republican vote. Vote for Clarkson!

A HIGH OLD DRUNK.

One of the BANKS of the Democracy Refuses to Cave!

A DEMOCRATIC CONCLAVE!

BANKS WON'T WITHDRAW! "Nothing but a Miracle can Save Him!" On last Tuesday afternoon a report was rapidly spread amongst the people of the town, that the leading Democratic politicians of this Judicial District were to assemble at the Exchange Hotel, in this place, that evening, for the purpose of inducing Mr. Banks to withdraw. Considerable interest was felt in regard to the matter in Republican circles, however nothing definite was ascertained until Wednesday morning, when our reporter, who had hung upon the skirts of the affair, informed us that after a muddled exchange of opinions, in which one of the party said that "nothing but a miracle could save him" (Banks) and our "oil gammon" Congressman, in the blandest manner, assured the assembly that "the Democratic party could not be controlled in his favor here," it was no go. Banks had determined to "stick." After this the whole party, with a few exceptions, imbibed freely, and the drunker they got the better Banks men they became. What a confession of weakness. Republicans, work and vote for Dean!

President Judge.

From all quarters of the District we have the most cheering news. Persons who have heretofore been for Taylor, many of them his warm personal friends, seeing that there is no chance for his election, and that every vote for Taylor counts half a vote for Banks, are dropping him, and express themselves as heartily in favor of Mr. Dean, and the whole regular Republican ticket. Particularly is this the case in Huntingdon county. Our friends there now claim that Mr. Dean will carry that county by a majority of not less than from six to eight hundred. The feeling has been so good in that county for the past three years—all differences are healed—and both parties are fighting manfully for the whole ticket, and both Republican papers are warmly and effectively supporting Mr. Dean.

In Cambria the out-look is excellent for our popular and talented candidate, Mr. Dean, and our friends there are confidently expecting to bring down the majority in that county considerably, and many actually expect to give him a majority.

In Blair, Mr. Dean is gaining strength every day—the Taylor men are growing fewer and fewer—until we can confidently predict he will not get two hundred votes in the county, of all parties; and very many Democrats who desire to see a talented and energetic lawyer on the bench in this district, will vote for him. His majority in Blair will be large—this we assure our friends in the other counties—all we desire is for them to do their duty, which we have every assurance they will—we will do ours.

John Dean, Esq., has always been a leading, active Republican, is one of the best lawyers in the State, and will make a fair, impartial, and expeditious Judge, and Blair county voters, of every shade of party, should consider it their duty to help to elevate him to a position which he will adorn and upon which he will reflect honor. Free and untrammelled citizens, do your part in the contest, and all will be well.—Hol. Register.

AMON HOUCK,

Our candidate for High Sheriff, was a brave soldier, and lost his RIGHT ARM in the service of his country, and besides all this, he is a POOR MAN! His opponent cured the Abolitionists, OPPOSED THE SOLDIERS, and he is well provided with this world's goods! Vote for the ONE-ARMED soldier, Amon Houck!
