"HOW TO GO WEST."—Forty years ago, Illinois was as far West as most people wished to go, and journeys were made in the legendary "Prairie Schooner," but in these days of Progress and Improvement, the word West has come to mean Iowa, Nebraska, Kansas, Colorado, California and the Territories, and the traveler reaches almost any point therein by a splendid Line of Railroad. This line of Railroad is the BRANSON ROUTE, which starts from Chicago over the Chicago, Burlington & Quincy R. R.; from Indianapolis over the Indianapolis, Bloomington & Western Short Line, and from Loganport, over the Toledo, Peoria & Evansville R. R., and running through BRANSON, reaches Omaha, Lincoln, Nebraska City, St. Joseph, Atcham, Leavenworth and Kansas City, connecting with the Great Northern Pacific, and other Railroads running through those cities.

Always go by route of Burlington, and you will sure to be right. The Burlington Route has admirably answered the question "How to go West?" by the publication of a truthful and interesting book, which starts from Chicago over the Chicago, Burlington & Quincy R.
