We have splendid growing weather at present-everything looks flourishing. From the ap-pearance now fruit will be plenty where there are bearing trees. Fruit, as a general thing, does very well in this part of the State. This is a seco.4 Egypt for coren ; in traveling along the road you can see thousands and thousands of bushels of corn cribeded in rail pens, which is only bringing, at present, twenty cents a bushel. Corn will be a better price once there is more competition in the transporta-tion of the produce. We are now expecting a line of road from St. Louis to Omaha, which will penetrate this State on the south and run north, in the eastern part of the State. This is a very good grazing country, and stock is always in demand, and prices gener-ally good for all kinds. them to march triumphantly into the publican party and of the confidence of Centention : SIR—Your letter informing me that I have been manimously nominated for Judge of the Supreme

is land in the State selling at governmen prices, some to homestead and some to pre prices, some to nomestead and some to pre-empt; soldiers that served a certain length of time in the union army now have a very good chance to get themselves houses, which op-portunity I think they should embrace. Some of our eastern friends think that favorable re-ports of this western country is all a romance, but such is not the case. This, in a few years, will no doubt equal any of its cited batter The following bill relating to boun bots of this work in codary is that a formatice, but such is not the case. This, in a few years, will no doubt equal any of its sister States in population, civilization, enterprise and art. The towns and cities are of the most rapid growth. Falls City, our county seat, two years ago, had only about three hundred in-habitants, while it now numbers about fifteen hundred. There are others that are of still more rapid growth. Most of the old river towns have gone down; some places where there were towns and villages ten years ago the Missoir irver now has its course. I must say I think the Missonri river is one of the most treacherous streams on the American continent. It is expected to be higher this summer than it has been for a number of years on account of the deep snows in the
