LITERARY NOTICES.—The Aldine for June is the most American of all our magazines. It contains three full page original II-lastrations of American Forest Scenery, by Moran, Neblig, and Nows. Moran has selected the primitive forest, and given us a glimpse of its wildness and grandeur. His subject is "Kwarind, The Strong Man," in the "Song of Hiawathan," and he has handled it magnificantly, with all the strength and none of the extravagance of Dore. Charles Deitrick assures us that we were mistaken, last week, when we attributed his run off to an excessive supply of the ardent. We have no desire to do an entire stranger to us injustice, and therefore, if we have placed him in a wrong position we regret it. We gave the statement as it was told to us. Persons who are acquainted with Mr. Deitrick of course did not believe the story.

Mrs. Laura De Force Gordon's lecture, in the Court House, on last Thursday evening was one of the most sensible and forcible presentations of the suffrage question it has even been our pleasure to listen to. It was a real treat. It was much superior to a monkey show, consequently the audience was small.

"Don't do it. Don't advertise your business; it's paying out money to accommodate other people; if they want to buy your goods let them hunt you up.

"Don't advertise, for it gets your name abroad, and you are too apt to be flooded with circulars from business houses, and to be bored with drummers from the wholesale establishments, all of which also results in so liciting your order for new goods, and money to pay for them, which is very provoking to one of a dyspeptic temperment.

IN THE RIGHT DIRECTION.—It was my privilege
to meet the Farmers' Club, of Henderson township, at the Union School House, a few eveninps ago, and I was much pleased with the
manner in which it was conducted and the interest manifested by those present. All other
