HINTINGON, Sept. 22, 1872.

Mr. Editor.—It is being represented by some of the designing, that I am opposing the "Independent Ticket" of this county, nothing in my letter warrants such a conclusion.

I am only opposing the Hon. R. Milton Speer. I am doing this because I believe in keeping inviolate the nominating system, because I believe in the majority of the people saying who shall be their nominees. This I think the people of this county desire, it is what I will always contend for regardless of consequences, and it is what we must have if we would perpetuate the true character of our institutions.

The people of this country are crying out from the depths of humiliation, from the depths of bitterness, God save us from "Rings" and combination of "Rings" or we perish!

Although smarting under the presence of wrong, through personal consideration for Mr. Speer in conjunction with party consideration.
