We will publish the official vote network week.

The RESULT IN HUNTINGOON COUNTY.

The reader will learn, in the extensive table elsewhere in this paper, the result in this county. In it he will find much food reflection. The first fact that will strike him will be the reduction of the Republicans and papirity of 751 of 1871 to 529 on 1872, an increase of this reduction?" We are reliably informed that the Democratic vote has been increased from 3150 in 1871 to 3290 in 1872, an increase of 109. This is own to the table. In the will find that the Democratic vote has been increased from 3160 in 1871 to 3290 in 1872, an increase of 109. This is own to the state of the East Broad Top, and Lewibung; ing to two principal causes: The large inflats of the East Broad Top, and Lewibung; ing to two principal causes: The large inflats of the East Broad Top, and Lewibung; ing to two principal causes: The large inflats of the East Broad Top, and Lewibung; in the East Broad Top, and Lewibung; publicans were not at the polls. Mr. Smith, of Ennisville, informs us that there were 30 or 35 in Jackson, and we learn that from 25 to 30 were not polled in

duction of our majority; but there were other causes. The most prominent of which was, that Mr. Speer, who has been heartily co-operating with one wing of the Rapphlican party, for the purpose of formprevailing or majority position, was a candidate and he insisted upon and forced those who were weak enough to place themselves within his meshes, to support him. He did it by persuasion, brow-beating and a lavish distribution of money -This demoralized many Republicans who Governor to Director of the Poor. This accounts for the "lower end," with scarcely an honorable exception, doing so wretchedly. Of course Mr. Speer is the only party who made anything by this arrange-ment, and the poor dupes who loaned selves for the purpose, can now bind up their wounds "in sorrow sore," and step to the rear, where they will have to ed them often enough, but they would not with the consequences of their folly.

ill be the small majorities by which a the explanation of this fact we refer to the table again. Here it will be seen that all that portion of the county lying north and the county lying north an number of our candidates are elected. For that portion of the county lying north and west of Huntingdon stood up squarely, or concerns so to the whole require ticket would be an unwise one, after his nominanearly so, to the whole regular ticket, while that portion lying south and east of Huntingdon uniformly cut it. This demonstrates clearly that the wing of the party controlled by Mr. Woods made a responsibility for his defeat rest where it concerted effort to defeat the regular ticket, and clearly demonstrates another fact. that they were accessories before the fact in "setting up" the Independent ticket, as was se frequently charged during the campaign. This ill-advised step they were, yery likely, induced to take by Mr. Speer and an over-confidence in their own find, outside of Massachusetts, that the strength. They ought to have learned fact deserves especial mention. We refer from their effort to defeat Gen. Lane and to the Gardner, Maine, Home Journal, Judge Clarkson last fall, that a co-alition with the Democrats would avail them noth. In other words: We believe that Mr. Woods was so allied to Mr. Speer that he and those whom he could immediately control were compelled to support that gentleman, and the table fully bears us out. Look at it! There is not a district in which Mr. Morrell was cut two years ago, and Gen. Lane and Judge to the speed of the could income the control was cut two years ago, and Gen. ## THE FIRE FIEND!

Rolling Mill Nearly Destroyed—Light Machinery Greatly Damaged—Seel Works, Furnaces and Other Departments. Uninjured—Loss Estimated at \$400.000—Employees Indicate their I-e votion in a Practical Way—The Rolling Mill to be Reconstructed Immediate ly—Brief Delay in Filling Orders.

JOHNSTOWN, PA., October 13 1872.
The volling mill building of the Caphria

The rolling mill building of the Cambria works, covering about five acres of ground, was discovered to be on fire at midnight, Saturday night, and although the firemen, Saturacy in the same and consider the remen, workmen and citizens made prompt and courageous efforts, only a part of the main building and the west wing were saved in a damaged condition. The heavy machinery of the mill is not thought to be-much nery of the mill is not thought to be mach injured, but the light machinery is greatly damaged and destroyed.

At a meeting of the foremen, at which Mr. Geo. Fritz, Chief Engineer, presided,

resolutions were passed expressing their sympathy with the company and showing their devotion to its interests, by proposing that the men connected with the works

that the men connected with the works should contribute a day's and the foremen a week's labor, and a large force will be at work on Monday morning clearing away the ruins to hasten the repairs.

The delay in filling orders will be but brief, as it is expected that a portion of the machinery will be running under temporary shelter in about two weeks, and the remainder soon after. The mill will be constructed of fire proof materials. The steel works, shops, furnaces and other works are safe and in operation as usual.

The amount of loss, which is heavy and partially covered by insurance, cannot be estimated now. The cause of the fire is not known, but is believed to be accidental. Several firemen were seriously injuried, but fortunately no lives lost.
