MATTERS AND THINGS ON BROAD TOE

der the contr. lof the Primary Governments, which are in name and in fact combinations and consolidations of Railroad Companies and like corporations. But we are going too much into generalities. This letter is not intended to teach Political Economy, but to furnish news from Broad Top; and its writer must attend more close y to business on hand.

The week ending Nov. 23, was a crushing week on Broad Top. Little smashes of parts of trains on the H. & B. T. R. were quite common. On Tuesday a "camel" ran off the track at Dudley. Such little things are too ommon to attract attention. How can a "camel" be expected always to walk in a straight and narrow path? It is better than any man could do; and we don't fault the "camel" for occasionally stepping off. On Saturday evening a tank jumped the track at Hopewell and the engine, which was backing, ran up on top off it, breaking the stank and injuring some cars of the train. On the same evening a part of a train broke loose below Cove Station and, runni. g down a grade into the train at ar increased velocity, broke up fire cars. On Friday three or four cars werwereded at Dudley by running off an unturn ad switch. It is said that a brakeman had goine ahead to turn the switch and was looking at it without turning it when the train can off. Pais is at least the third instance, inside of a few weeks or months, of accidents caused by failures to turn switches. N—long ago a fireman went a head of his engine to turn a switch, found it right, and turned it wrong. His engine tried running up to the station on the ties, but ignominiously failed. Some persons have been so thoughtless as to accuse trained of it. Provided too much is not domanded. The new piece of road at Saxton will soon be in use for weeks) and the road will be safe and pleasant to travel over. The managers of the "New York Company" (if anybody knows what company that is) were here a week ago; and it is ponised that at the "New York Bank" work will be resumed by the first of the year. This will give Coalmont a ch

sfliction. Revolved, That as a mark of respect our Wigwam be draped in mourning, and that the members thereof wear the usual badge of mourning for the period of thirty sums.

Resolved, That these resolutions be published in the county papers, and that a copy be presented to the family of the decembed brother. BENJAMIN R. MILLER,
A. LETTERMAN,

A. P. W. JOHNSTON, Surveyor and Divil Engineer, Huntingdon, Pa. E: No. 113 Third Street. aug21,1872. CONTINENTAL LIFE INSURANCE

ASSETTS, \$4,505,245 29.

This company is altogether Mutual, and one of the most liberal and successful companies in the country. The surplus is divided annually amongst the policy-holders. Its premiums are ns low, and its dividends as large, as those of any first-class company. It issued, in 1870, 12.537 policies, being more than that of any other company in the COUNTRY. Its great popularity and unbounded success are entirely due to the liberality of the Company towards its policy holders. For further information apply to
